County of Bonner, } ss.

L. E. Pietsch being first duly sworn on

oath deposes and says that he is Printer

of The Sandpoint News-Bulletin, a weekly newspaper printed and published at Sandpoint, Bonner County, Idaho; that the said Sandpoint News-Bulletin succeeds The Northern Idaho News and the Sandpoint Bulletin, both of which have been continuously and uninterruptedly published in said Bonner County during a period of 18 months or 78 weeks prior to the first publication of the hereto attached notice for publication in the case of

Notice of Proof Application of Water
to Beneficial Use; Patrick H. Graves,
Laclede, Idaho.

as it was published in the regular and entire issue of the said paper for a period of Four

~~consecutive weeks commencing on the~~ 27th
day of February, 19 47, and ending on the 20th day of March, 19 47, and that said notice was published in said newspaper, and not in supplemental form.

L. E. Pietsch

Subscribed and sworn to before me this

20 day of March, 19 47.

Carl R. Tipton

Notary Public for Idaho,
Residing at Sandpoint, Idaho.

Notice for Publication NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 22nd day of March, 1947, at Sandpoint, County of Bonner, State of Idaho, before ALBERT RUSSELL, Notary Public, proof will be submitted of the application for beneficial use of 0.5 cubic foot per second of the Water of Manley Creek in accordance with the terms and conditions of Permit No. 15018 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address

of the person or corporation holding said permit are Patrick H. Graves, Box 48, Laclede, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 0.5 of a cubic foot per second.

The place where said water is used SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 24, Township 56 North, Range 4 West, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 15018.

The source of supply from which water is diverted is Manley Creek, a tributary of Riley Creek.

The date of priority which said user is prepared to establish is March 5, 1935.

MARK R. KULP,

State Reclamation Engineer

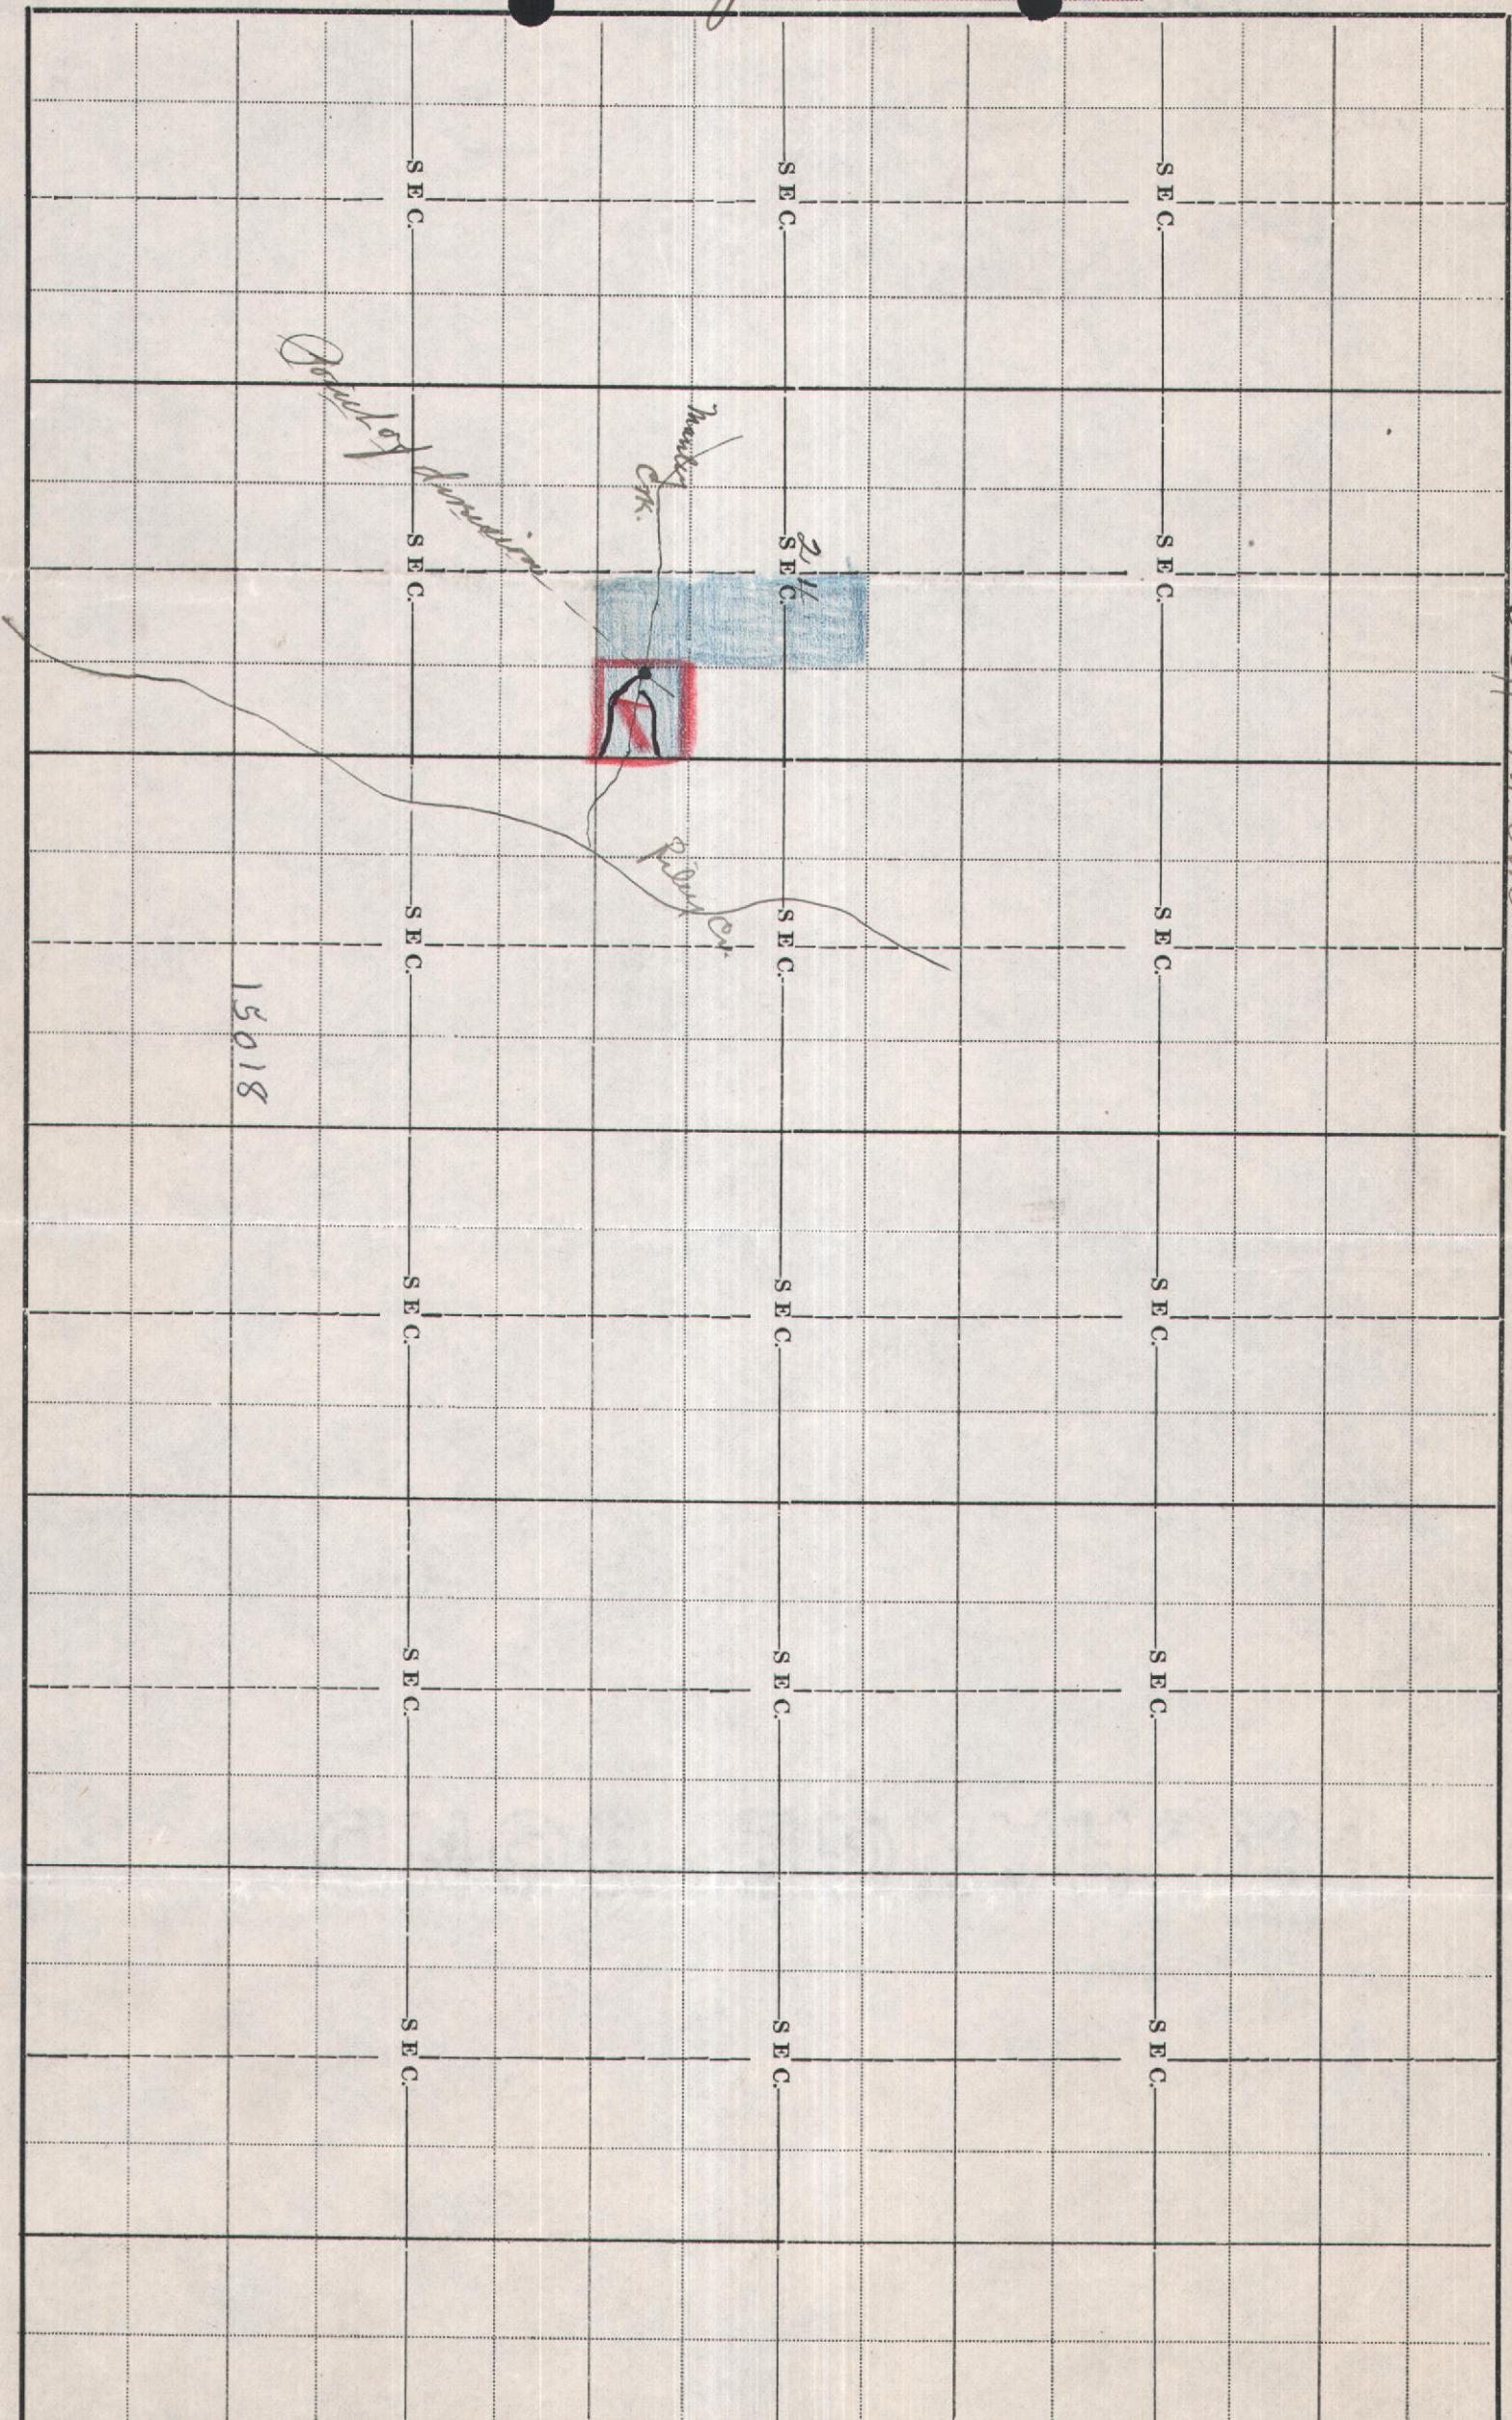

F27-M6-13-20.

1. Name of Applicant: **L. D. Titman, A. J. Titman**

Postoffice address: **Leplade**

County: **Bonner**

State: **Idaho**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: **One Half** cubic feet per second.

3. Source of water supply: **Manley Creek** which is a tributary of **Riley Creek**

4. Location of point of diversion: _____ feet distant from the

corner of Section _____, T. _____, R. _____, B. M., and is in the **SE 1/4 SE 1/4**

of Section **24**, T. **56 N.R.** **4 W.**, B. M., County of **Bonner**

5. Water is to be used for: **Irrigation and Domestic Purposes**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: _____ feet distant from _____ corner of Section _____
 T. _____, R. _____, B. M., in the _____ of Section _____, T. _____, R. _____, B. M.

(b) Amount of power generated: _____ H. P., under _____ feet head.

(c) Water is to be returned to _____ at a point _____ feet

distant from the _____ corner of Section _____, T. _____, R. _____, B. M., in the _____
 of Section _____, T. _____, R. _____, B. M.

7. Estimated cost of works: **\$80.00**

8. Kind of works: **Dam & Ditch**

9. Height of dam **One** feet; length of dam at top **8** feet; length of dam at bottom **7'**
 feet; material used in dam **Rock & earth**

10. Size of headgate: Width **One** feet; height **One** feet.

11. Ditch: Width at bottom **1/2** feet; width at water line **One** feet; depth of water **One**
 feet; dimensions of flume

Diameter of pipe _____ inches; length of conduit **1/8** miles.

Average grade per mile **150** feet.

12. The time required for the completion of such work is **One** years.

13. The time required for the complete application of the water to the proposed use is **One** additional years.

14. The land to be irrigated is described in the following tabulation: See Remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
 (b) Name of reservoir and number of **Storage Permit**:
 (c) Date of filing of Application for **Storage Permit** and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

L. D. ~~Stinson~~, A. J. ~~Witman~~ Applicant.

By L. D. Titman Agent.

Date of first receipt at office of State Engineer **9 A. M. November 16, 1920.**

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is **15018**
Recorded in Book **53** Page **15018** Approved **December 7, 1920**
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho,
and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ _____ to be filed on or before _____
Work to begin on or before **February 5, 1921** and to continue diligently and uninterruptedly to completion,
unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before **May 7, 1921**
The whole of said work to be completed on or before **December 7, 1921**
Beneficial use of water appropriated in accordance herewith, to be made on or before **December 7, 1922**

Witness my hand this 7 day of **December** 1920

Witness my hand this 19th day of December, A. D. 1921. W. G. SWENDSEN, Commissioner of Reclamation By Geo. B. Archibald, Assistant.																

ARTICLES OF AGREEMENT

made this 17th day of February, A. D. 1942, between Arthur J. Titman and Cora Titman, his wife; and Lemuel D. Titman, single man, of Laclede, County of Bonner, State of Idaho, parties of the first part, and Patrick H. Graves, of Laclede, County of Bonner, State of Idaho, party of the second part,

WITNESSETH: That if the party of the second part shall make the payments and perform the covenants hereinafter mentioned, on his part to be made and performed, the said parties of the first part do hereby covenant and agree to convey and assure to the said party of the second part, in fee simple, clear of all encumbrances whatever, by a good and sufficient Warranty Deed, the lot, piece or parcel of land situate in the County of Bonner and State of Idaho, known and described as follows, to-wit:

The Southwest Quarter of the Northeast Quarter (SW $\frac{1}{4}$ NE $\frac{1}{4}$), West Half of the Southeast Quarter (W $\frac{1}{2}$ SE $\frac{1}{4}$), and the Southeast Quarter of the Southeast Quarter (SE $\frac{1}{4}$ SE $\frac{1}{4}$), in Section Twenty-four (24), Township Fifty-six (56) North, Range Four (4) West, B. M.

Any and all rights to Permit No. 15018 authorizing the diversion of 0.5 second foot of the waters of Manley Creek are hereby waived in favor of parties of second part.

And the said party of the second part, in consideration of the foregoing premises, hereby covenants and agrees to pay to said parties of the first part the sum of Nine hundred fifty and no/100 Dollars, in the manner following:

X X X X X X X X X X X X

IN WITNESS WHEREOF, The parties to these presents have hereunto set their hands and seals the day and year first above written.

Re: Water Right Nos. 96-2096 and 96-2158.

Dear Ms. Varga:

As of this date, Mr. McDonald has not filed for water rights with this Department. However, he apparently acquired a portion of Irrigation License No. 96-2096 when he purchased the SESESESE Sec. 24, T56N, R4W, consisting of 2.5 acres more or less. The portion of the license he may have acquired would entitle him to divert 0.05 cfs (22.4 gpm) from Manley Creek to irrigate the said 2.5 acres so long as the annual volume of water used does not exceed 7.5 Acre Feet (2,443,716 gallons).

Mr. McDonald may also have acquired a portion of Irrigation License No 96-2158 through his purchase of approximately 2.5 acres within the NENENE Sec. 25, T56N, R4W. If this property is a portion of the 15 acres irrigated under that license, he also acquired a diversion rate of an additional 0.05 cfs and an annual volume of an additional 7.5 acre feet.

This Department has no record of Mr. McDonald's irrigation system. However, I am currently attempting to get this information from him. When I receive this information, I will forward copies to you.

If I can be of any further assistance, please contact me at this office.

Sincerely,

151

Dear Mr. King;

I would like to know if a Mr. Robert McDonald of Laclede, Idaho has filed for water rights to divert water from upper Manley Creek? This diversion would be in the South Half of Sec 24, T56N, R4W.B.M., Bonner County Idaho. Possibly going to the Northwest Quarter of Sec 30, T56N, R3W.B.M.. If Mr. McDonald has filed, I would appreciate a copy of a map showing approximately where water pipes are taking this water, also when Mr. McDonald filed, and how long the diversion has taken place. I appreciate your time in responding to this matter.

For your convenience I have enclosed a self addressed stamped envelope.

Sincerely,

Shirley Varga

P. O. Box 641
LaClede, Id. 83841

Re: 96-2036 and 96-2158

Dear Mr. McDonald:

It has come to the attention of this office that you may have acquired a portion of two separate irrigation water rights, through your purchase of property within Sections 24 and 25, T56N, R4W.

Since you apparently did not purchase the property described as the point of diversion on either of these licensed water rights, it will be necessary for you to file transfers to change the points of diversion to maintain the validity of these rights. These transfers can only be filed with this office.

I will furnish you with the necessary transfer forms, if you wish. However, I would advise you to contact this Department to insure that your water rights fulfill your water needs, since it is unlawful in the State of Idaho to divert water without a valid water right.

Sincerely,

TOM D. KING

REPORT OF ENGINEER

Permit No. 15018

This proof is for Beneficial use

In Water District No.

1. Name of applicant Patrick H. Graves, Laclede, Idaho

2. Source of water supply: Manley Creek, a tributary of Riley Creek

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 24

T. 56 N. R. 4 W. County of Bonner

4. Describe works as they exist, giving dimensions and capacities of same:

Diversion is directly into board flume 12" X 12" X 50 ft. long, and thence by

ditch 2 feet wide and 1 foot deep to point of use

5. Water is used for: irrigation and domestic purposes

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 24, Township 56 North, Range 4 West, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Pend O'Reille River

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Mr. Patrick H. Graves
Laclede, Idaho

Dear Mr. Graves:

We acknowledge receipt of the corrected depositions in proof of beneficial use under your permit No. 15018, also the affidavit of publication in the Sandpoint News-Bulletin.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the state.

However, Mr. Tolmen, Field Engineer, for this department will try and contact you at the time when he makes the examination so that you may arrange to show him all over the ground.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Box 48, Laclede, Idaho.

The use to which said water has
been applied is irrigation and domes-
tic purposes.

The amount applied to beneficial
use is 0.5 of a cubic foot per second.

The place where said water is
used SE1/4 Sec 24, Township
56 North, Range 4 West, B. M.

The name of the canal or ditch or
other works by which said water
is conducted to such place of use is
private ditch.

The right to take water from such
works is based upon Permit No. 15018.

The source of supply from which
water is diverted is Manley Creek,
a tributary of Riley Creek.

The date of priority, which said
user is prepared to establish, is March
5, 1945.

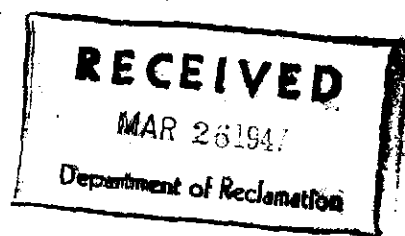

MARK R. KULP,

State Reclamation Engineer

Permit No. 15018

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Patrick H. Graves; Laclede, Idaho, Farmer, Laclede, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for myself, as a farmer

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 15018; 25 JAN 1947 - 8 Nov 1940

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Manley Creek; 100 feet in a South-Westerly direction from the

NE corner-post of the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$; Main Ditch. Section 24, Township 56N, Range 4W, B.M.)

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. 0.5 of a cubic foot per second; ~~Same None~~ from Ditch

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, SE:SE: Section 24, Township 56 North, Range 4 W.B.M.

6 Acres Cultivated, 34 Acres Natural Meadow Land. Dwelling House.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For Domestic Purposes, for a House now on the property, and additions to be constructed.

15018

E. H. M.

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. 0.5 of a cubic foot per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans. I bought the property from Mr. J. D. Titman, the former owner.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.
Ans. Started full use in June 1946. On a Temporary basis, to see if we could benefit.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.
Ans. None other

Re: Permit No. 15018

Mr. Patrick H. Graves
Laclede, Idaho

Dear Mr. Graves:

We acknowledge receipt, from Mr. Alex T. Russell, of the depositions of yourself and two witnesses, in proof of beneficial use under Permit No. 15018.

However, these depositions are incomplete in a few details, and we are returning them for correction, as follows:

1. Under question 4 in all the depositions, the point of diversion is described as being 100 feet Southwest from the NE corner post of the SW $\frac{1}{4}$ SE $\frac{1}{4}$ (no section named, but evidently intende to be Section 24, Twp. 56 N., Range 4 W., B.M.) However, the permit and application give the point of diversion as in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of this section. Which is correct?

2. Under Question 5 of your own deposition, please describe your works of diversion, for diverting and conducting the water from point of diversion to place of use- as to ditch, pipe, or whatever the works consist of.

The affidavit of publication, which the Sandpoint News-Bulletin was instructed to send you, is also necessary to be transmitted to this part, as a part of the proof. If you have not received this, we suggest that you contact the newspaper in regard to it.

Please make the above corrections to the proofs, and return promptly to this department.

Very truly yours,

MARK R. KULP

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, March 13, 1947

Re: Permit No. 15018
Patrick H. Graves

Mr. Alex T. Russell
Notary Public
Sandpoint, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 15018

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On March 22, 1947, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Sandpoint, Idaho before Alex T. Russell, Notary Public

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

MARK R. KULP
Commissioner of Reclamation
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 22nd day of March, 19 47,
at Sandpoint, County of Bonner, State of Idaho, before
Alex. T. Russell, Notary Public, proof will be submitted of the
application to beneficial use of 0.5 cubic feet per second of the waters of Manley Creek
in accordance with the terms and conditions of Permit No. 15018
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Patrick H. Graves, Box 48, Laclade, Idaho

The use to which said water has been applied is Irrigation and domestic purposes

The amount applied to beneficial use is 0.5 of a cubic foot per second

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) SE 1/4 SE 1/4 Section 24, Township 56 North, Range 4 West, B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is private ditch

The right to take water from such works is based upon Permit No. 15018

The source of supply from which such water is diverted is Manley Creek, a tributary of
Riley Creek

The date of priority which said user is prepared to establish is March 5, 1935

February 18, 1947

RePermit No. 15018

Mr. Patrick H. Graves
Box # 48
Laclede, Idaho

Dear Mr. Graves:

We are in receipt of your letter of February 15th, and have corrected your notice of beneficial use proof under Permit No. 15018 accordingly.

Since the earliest publication now cannot be until next week's issue of the Sandpoint News-Bulletin, we have set the date for proof at 11:00 A. M. on March 22nd.

A copy of the notice has been sent to the newspaper, with instructions to publish it once a week for four consecutive weeks prior to that date, and to send you the affidavit of publication, together with statement of costs.

About ten days prior to the date set we shall send to Mr. Alex T. Russell, Notary Public, the necessary forms of deposition, consisting of one for yourself as permit holder, and one for each of two witnesses, so that he may have them in ample time for the proof.

At the time set you should appear before Mr. Russell, with two disinterested witnesses, who are familiar with the terms of your permit, and the work done thereunder, for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Mar R. Kulp.
State Reclamation Eng.

Dear Sir:

Enclosed is the paper which I filled out wrong.

I had it first filled out by the County Recorder, & he ~~put~~ took the location from my contract, so he made it of the 160 acres, & it was my mistake of the amount of water.

I hope this is correct now, so you can follow thru & finish this up.

Very truly yours,
Patrick H. Scarce,

15018

February 12, 1947

Re: Permit No. 15018

Mr. Patrick H. Graves
Box 48
Leclede, Idaho

Dear Mr. Graves:

We acknowledge receipt of duplicate notice of beneficial use proof to be made under Permit No. 15018 and your authorization to have the notice published in the "Sandpoint News Bulletin".

However, there are several discrepancies in this notice, as you will see by referring to office letter addressed to Mr. and Mrs. James Champion which you sent us for reference on July 25th and which was returned to you on July 31st, 1946. From this letter you will note that the amount of water claimed under Permit No. 15018 is only .5 of a second foot to be used on 15 acres of land in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 24, Township 56 North, Range 4 West, B.M.

You will also note that the date of priority which can now be established under this permit is not the original date of November 18, 1920, but will be as much later as this proof is past due, which will be sometime in 1940 or 1941 depending on the date this proof is actually made.

We thought it best to advise you of these conditions and shall await your reply before making a corrected notice and sending same to the newspaper for publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 15018

Mr. Patrick H. Graves
Laclede, Idaho

Dear Mr. Graves:

We acknowledge receipt of your letter of January 21st, enclosing contract of sale including the above numbered permit, together with your check for the 50 cents recording fee.

This has been duly recorded and Permit No. 15018 now appears on the records of this department in your own name. Departmental Receipt No. 19775 is enclosed herewith for the 50 cent fee.

In order to make the final or beneficial use proof the notice must be advertised for four weeks, that is once a week for four consecutive weeks in a county newspaper. This notice should be made out in duplicate on Form 10 enclosed, naming time and place, and also the Notary Public before whom the proofs will be made. The date, of course, should be set sufficiently far ahead to allow for the four weeks' publication.

Both copies of the notice are to be returned to this department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and about ten days before the date set for proof we shall send to the Notary Public the necessary forms of deposition, consisting of one for yourself as holder, and one for each of two witnesses.

At the time set you should appear before the Notary with two witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

Dept of Reclamation

Dear Sir:

Reference to your letter of July 31, 1946, I'm enclosing my contract to the place which I'm buying also a check for 50 cents.

Please send me the necessary paper so I can have it published in the County Newspaper.

I would like to get this in my name so I can start an irrigation system as soon as possible.

Very Truly yours,
Patrick H. Graves.

15018

July 31, 1948

Re: Permit No. 15018

Mr. Earl P. Graves
Box # 48
Laclede, Idaho

Dear Mr. Graves:

Reference is made to your letter of July 25th, enclosing copy of office letter addressed to Mr. and Mrs. James Champion on November 8, 1940- which we return herewith.

We note that your son, Patrick H. Graves has purchased or is purchasing this property and would like to complete the permit in his name.

In order for your son to make the proofs necessary to complete the water right and obtain a license in his own name, it will be necessary to have the instrument conveying such right recorded in this department. This may be done by sending in the deed, or a certified copy thereof (which will be returned to you)- and the fee for recording amounts to 50 cents.

This proof can then be made by first advertising for four weeks in the county newspaper that the proof will be made on a certain set date, and on that date depositions are to be executed by your son (or yourself as his agent), and two disinterested witnesses, before the Notary Public named in the notice.

Very truly yours,

July 25th 1946

To The Commissioner of Reclamation.

Baise Idaho

Dear Sir:

Here is a letter that Mr & Mrs James Champion recieved from the Comm. of Reclamation at that time in regards to a Water permit #15018. Mr & Mrs. Champain was buying this land covered by this permit from A. J. & A. L. Titman some after they wrote to the Commissioner they turned the land back to the Titman Bros. and my son Patrick H. Graves (who is in the Army & has given me his power of Attonery) is purchasing this ~~poole~~ property from the Titmans. This ditch has now been completed & we fine that this ditch which we have finished worke very well. & would now like to get our Permit for the water. A. L. Titman is now died, the A. J. Titmans have moved out of the state so would like to know how to go about getting this permit the easist way & the quickest youe Truly. Patrick H. Graves By
Carl P. Graves by Power of Att.

15018

November 8, 1940

Re: Permit No. 15018

Mr. and Mrs. James Champion
Greenacres, Washington.

Dear Mr. and Mrs. Champion:

We are in receipt of your letter of November 5th, in regard to the above numbered permit.

Our records show that this permit is for 0.5 second feet of the waters of Manley Creek, for irrigation and domestic use on 15 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 24, Township 56 N., Range 4 W. Proof of completion of works was duly made and Certificate of Completion of Works issued. But the final proof, or proof of beneficial use, which was due on December 7, 1922, has not been made.

However, this proof can be made at this time, but the date of priority will be set forward the length of time such proof is past due, which is approximately eighteen years.

In order to make this beneficial use proof it is necessary to publish notice of intention to make such proof once a week for four consecutive weeks prior to the date set; and on the designated date depositions must be executed by the permit holder and two disinterested witnesses, before the Notary Public named in the notice.

We are enclosing herewith the proper forms to be used in making this notice- both of which should be filled in- with date, Notary Public, and other information- leaving the date of priority blank, to be filled in here- The date should be set sufficiently far ahead to allow for the four weeks publication. The authorization to publish should also be filled out- and all returned to this office- and upon receipt we shall send the notice to the newspaper with instructions in regard to publishing same.

We are also enclosing a form of assignment to be executed by the present permit holders to you.

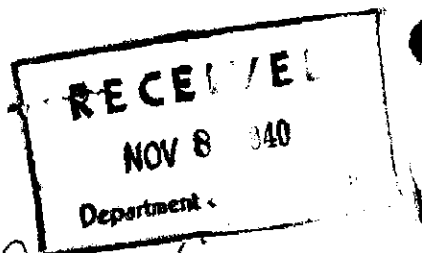

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

By
Chief Clerk

Greenacres, Washington
Nov. 5, 1940

Dear Sir:

We are writing in regards to renewal of permit no. 15018, issued upon application no. 21342 bearing date of priority of Nov. 18, 1930, authorizing the diversion of 0.5 second feet of the waters of Manley Creek at Lockde, Bonner County, Idaho, for irrigation and domestic purposes.

The land is in the S.E. $\frac{1}{4}$ S.E. $\frac{1}{4}$ Sec. 24, T. 56 N., R. 4 W., B. 77.

We are buying this land from S. L. Titman and A. J. Titman. The certificate of completion of works on this water was issued to them on December 19, 1921.

Yours Truly
Mr. & Mrs. James Champion
Greenacres, Wash. 15018

State of Idaho
DEPARTMENT OF RECLAMATION
BOISE

Mr. L. D. Titman,
Laclede, Idaho.

Sept. 13, 1922.

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. 15018, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and date it is submitted.

Yours truly,

W. G. SWENSEN.

Commissioner of Reclamation.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. L. D. Titman,

Boise, Idaho,

Laclede, Idaho.

Sept. 2, 1921.

Dear Sir:—

Under the terms of your permit No. ~~15019~~.....you are required to complete your diversion works on or before ~~Dec. 7, 1921~~... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

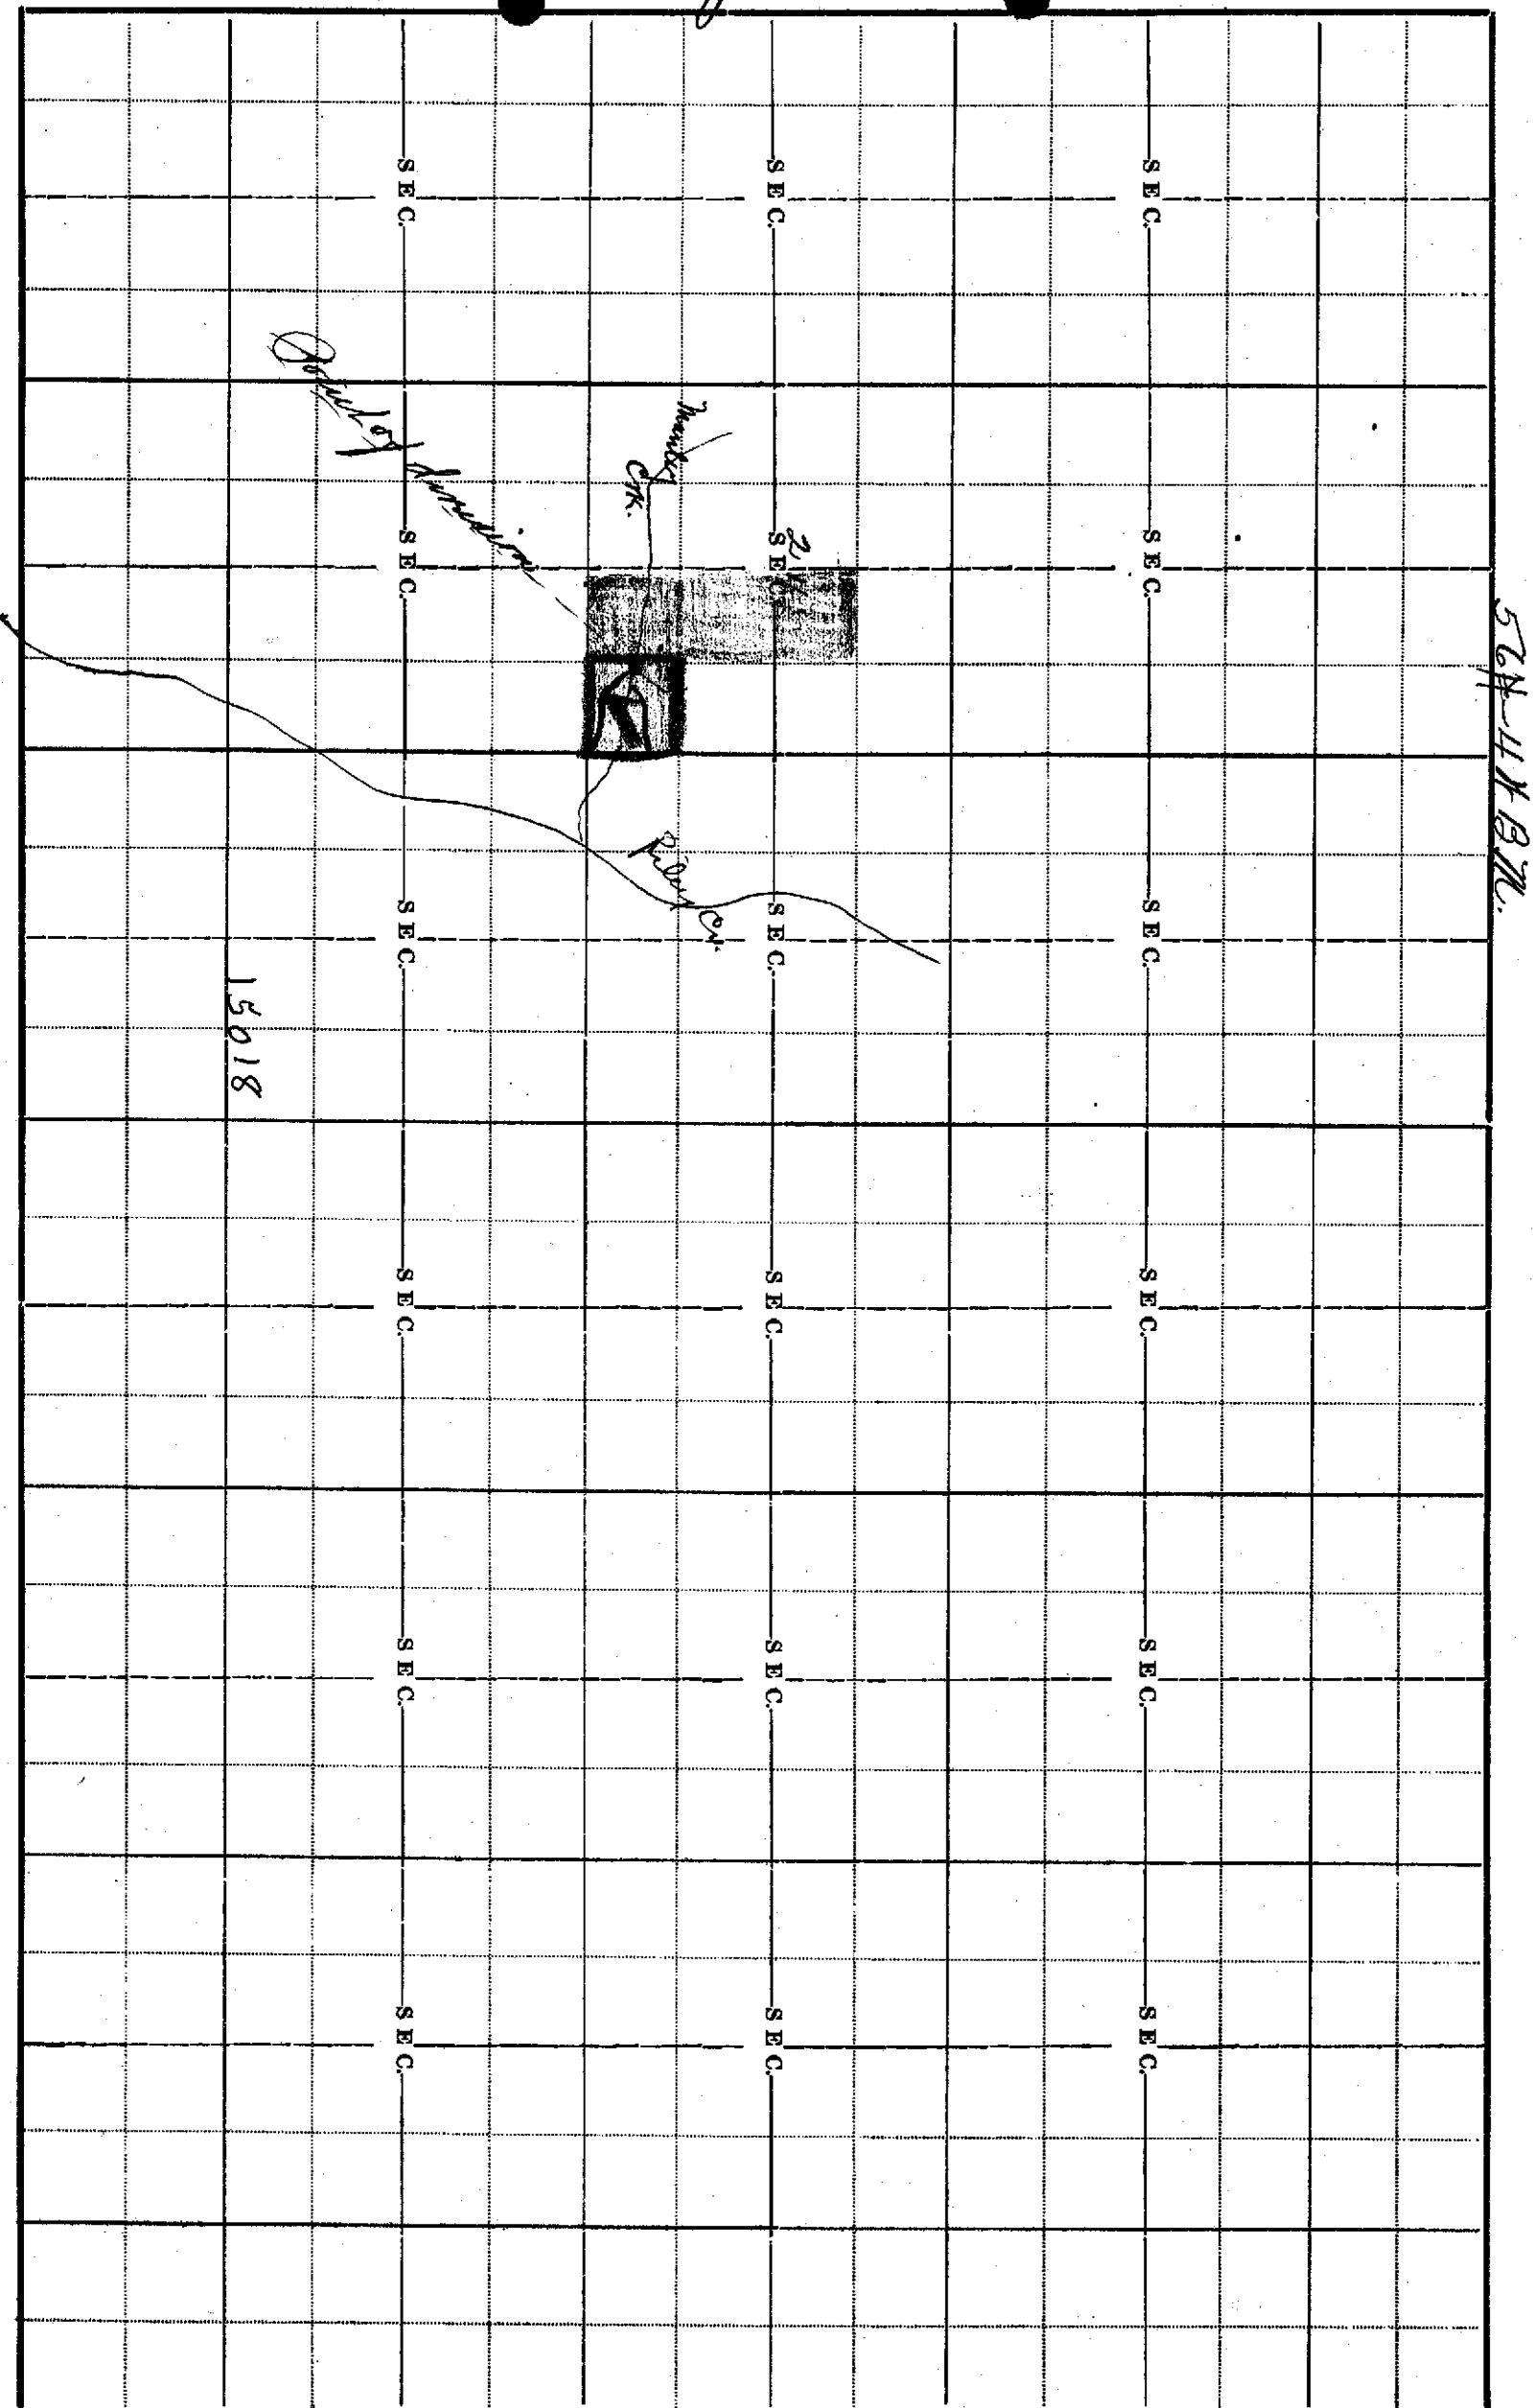

Yours truly,

W. G. SWENDSEN

Commissioner of Reclamation.

Re: Application Unacceptable.

Mr. A. J. Titman,
Laclede, Idaho.

Dear Sir:

The application filed by L. D. Titman and yourself for one-half of a second foot of the waters of Manley Creek in Bonner County is returned as unacceptable as you failed to accompany it with the required statutory fee, which on the amount applied for is \$1.00. Show the ditch on the maps.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation.
