Re: Permit No. 14980-

Mr. Sam Gangidino,
Lakeview, Idaho.

Dear Sir:-

Replying to your letter of the 18th inst. would say that no fees are due this office under the above numbered permit. The proof of beneficial use of water showed parts of only two forties under cultivation and irrigation hence the fees amounted to only \$4.00, which amount was received before issuing the certificate and license. Had all four forty acre tracts been under irrigation, the fees would have been \$8.00 but nothing had been said about such fees in any of the correspondence. Another proof of use of water may be made whenever the water has been used on the balance of the land and a second license will be issued for the balance of the water.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Dear Sir:-

We are in receipt of your letter of the 11th inst., enclosing notices for beneficial use of water, together with check for fees in the sum of \$8.00. The check is herewith returned to you inasmuch as the fees are not required until the depositions have been filed and the report made by our engineer. The county surveyor, Mr. Chas. Figgelbeck, of Sandpoint, has been authorized to make the examination and will be paid by this office for his services.

In checking the notices for proof I find that the name of the party before whom you will make proof has been omitted. If you will send the name of some notary public, or other officer authorized to administer oaths, we will insert such name in the notice before mailing to the Spirit Lake Herald for publication.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Mr. Joseph Gangidino,
Lake View, Idaho.
Dear Sir:—

July 5, 1921.

Under the terms of your permit No. 14980.....you are required to complete your diversion works on or before Oct. 27, 1921 I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
