ATT: Mr. Raymond T. Greene, Jr.

Dear Mr. Greene:

Reference is made to your letter of November 27, 1951, in regard to transfer of License No. 11658.

Since this is a licensed or completed water right, it is not necessary to have such a record in this department, as the warranty deed recorded in the county is sufficient.

However, if Mr. Moon wishes to have it recorded here, you may send us the warranty deed or a certified copy thereof, together with the recording fee of 50 cents, in which case after recording the deed will be promptly returned.

Very truly yours,

Gentlemen:

Your licence and certificate of water right No. 11658 in the name of Catherine H. Moon was transferred by warranty deed to L. G. Moon on September 19, 1939, together with certain properties. Mr. Moon has requested that this water right be transferred on your records to his name. Catherine Moon is now deceased and obviously cannot comply with portions of Idaho Code 42-207.

Rather than go through a number of lost motions, may I ask your office what is necessary at this time to change this license on your records to the name of L. G. or Lawrence G. Moon.

Yours very truly,

Dear Sir:-

Referring to your letter of the 26th inst., relative to proof under the above permit, would say the examination has been made by our engineer but his report has not yet been made up. As soon as he returns from the field work in which he is now engaged, we will have the report filed.

The fee due before license can issue will be \$2.00, as only one legal subdivision is included in the proof.

Dear Sirs:- Water Permit No. 11658. Catherine H. Moon

Will you kindly advise me if the engineer's report has yet been made on this permit or what the status is? I have a letter from you dated Nov. 30, 1923, saying you expected to have a man in this field this spring to make the examination and I understand this examination has been made.

I would like to get this matter disposed of if possibly and to do anything there remains for me to do if that is holding it up.

Re Water Permit 11658

July 28, 1923.

Department of Reclamation,
State of Idaho,
Boise, Idaho.

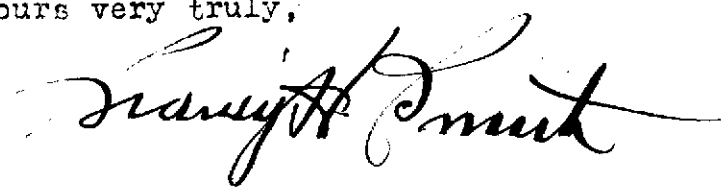

Gentlemen:-

In answer to your letter of June 29th with reference to the various water permits of Catherine M. Moon I am herewith enclosing the notice of proof of application of water to beneficial use properly filled out in duplicate in connection with Permit No. 11658.

I also enclose letter of authority to have the same published signed by the permit holder; this letter I have written out in your form for the reason that the form which you sent was destroyed by mistake.

Having set September 8th as the date I assume this will give ample time for the publication etc.

Yours very truly,

Encs. 3.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Catherine W. Moon,
Sand Point, Idaho.

Boise, Idaho, Aug. 3 1917

Dear Sir:—

Under the terms of your Permit No. 11658, you are required to complete your diversion works on or before Oct. 16 1917. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,

State Engineer.
