Permit No. 9896.

Helena F. Thibadeau,
Clark Fork, Idaho.

Madam:--

We are in receipt of your letter of the 8th inst., enclosing notices for final proof under above permit. In reply would say that, where the amount of water claimed does not exceed 6.4 second feet, the notice for proof of completion of works is not required to be advertised but notice for proof of beneficial use of water is always required to be published, no matter how small the appropriation. The Affidavit for Holder form, which was mailed to you in September, should be filled out and returned to this office, with fee of \$5.00, in order to complete the proof of completion of works.

The notice for proof of beneficial use will be mailed to the Northern Idaho News, at Sandpoint, in time for the required four weeks publication prior to December 20th and deposition blanks will be mailed to John B. Whitcomb, at Clark Fork.

It will also be necessary for us to have the report of some competent person and, if you can send the name of some one near you who can do this for you, the necessary blanks will be sent to him.

The affidavit for proof of completion may be made on December 20th, the date set for final proof.

Very truly yours,

J. H. SMITH,

State Engineer.

Dear Sir;

In response to your letter to me of Oct.22" 1915, I
enclose my application to make final proof of completion of
works, under my permit No. 9896.

If necessary, i will advertise in the *Sanpprint* ~~Clark Fork~~ paper,
as instructed by you. Is there not a clause in the
instructions whereby, for such a small amount of water as I
claim, advertisement is not required?

Mr. J.H. Smith,

Idaho State Engineer.

Boise. Idaho.

Dear Sir;

Referring to your circular letter dated Sept. 21" 1915 relating to my application for use of water, under permit # 9896, recorded in book 33, page 9896 of your records, you seem to require that I make a proof of completion of works now, and later make another proof of completion of works.

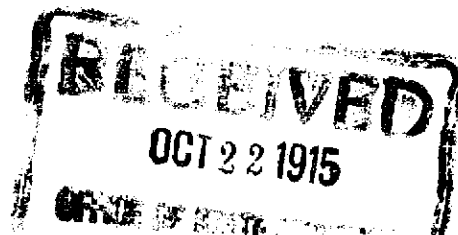

As the works are now completed will you kindly inform me if I cannot make the entire and final proof, all at the same time. This permit is for use of the water from a small spring creek, piped about a thousand feet through a one inch pipe to a small residence for family use. All of the requirements of said permit have been complied with. I desire if possible to make the final and last proof. If I can make this last proof will you please send me the necessary blanks and instructions for the purpose.

Respectfully,

H. F. Thibadeau, per E.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Helena Thibadeau,
Sandpoint, Idaho.

Boise, Idaho,

Dear Sir:

Sept. 21, 1915.

Under the terms of your Permit No. ~~9896~~, you are required to complete your diversion works on or before ~~Dec. 22, 1915.~~ I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith.
