

State of Idaho

License and Certificate of Water Right

Water License No. 6208

Amount 10 sec. ft.

Water District No. 94

Priority 7-28-10

THIS IS TO CERTIFY that BAYVIEW TOWNSITE & WATER COMPANY,
of Bayview, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated May 28, 1910; that Permit No. 6208
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
10 second feet, was issued thereunder on July 7, 19 15, showing that said works
were completed on the 15th day of June, 19 15; and that on the 25th
day of June, 19 21,

BAYVIEW TOWNSITE & WATER COMPANY,

of Bayview, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of Salée Creek,
a tributary of Land Pend d'Oreille for the purpose of irrig., dom., &
municipal use under Use Permit No. 6208 of the State Engineer
and that said right to the use of said waters has been perfected in accordance with the laws of
Idaho, and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in
Volume 6 of Licenses, at page 2971, on the 21st day of September, 19 22;

The right hereby confirmed dates from July 28, 19 10;

The Point of Diversion is located
in the NW 1/4 NW 1/4, Sec. 34, Tp. 54 N., R. 2 W., B. M.
County of Kootenai.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
exceed 10 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Municipal purposes in the town of Bayview, Idaho.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of
use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this 21st day of September, 19 22.

W. G. SWENDSEN.

Commissioner of Reclamation.

No. 8961

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Prairie Development Company, Limited

Postoffice address: Spokane

 $\frac{1}{2}$ County: Spokane State: Washington

I. If applicant is a corporation, give:

(a) Date and place of incorporation: February 21st, 1906, Spokane, Wash.

(b) The amount of capital stock: One Hundred Thousand Dollars

(c) The amount paid in: Total amount paid in.

(d) The names and addresses of directors: J.J. Browne, J. Grier Long, D.K. McDonald

W.S. McCrea and Walter G. Merryweather all of Spokane, Spokane County, Washington

II. The financial resources of the applicant are:

(a) Cash on hand: \$217.43

(b) Treasury stock: None

(c) Bonds to be issued: None

(d) Other resources: Bills receivable, secured \$5,985.00 Real Estate, clear of all incumbrances, \$94,093.14

2. The quantity of water claimed is ten (10) cubic feet per second.

3. Source of water supply: The creek locally known as Salee Creek and shown on the accompanying map and flowing over or through sections 27, 33 and 34, Township 54 North Range 2 W.B.M. in Kootenai County, Idaho

4. Location of point of diversion: In the northwest quarter of northwest quarter of section 34, Township 54 North, Range 2 W.B.M.

5. To be used for:

I. Irrigation and domestic and municipal use.

(a) Amount of land to be irrigated: six hundred forty (640) acres.

(b) In the following legal subdivisions: Portions of sections 33 and 34, Township 54 North, Range 2 W.B.M., Kootenai County, Idaho, as appears in the within list under the head "Remarks."

6. Estimated cost of works: Seven thousand dollars (\$7,000.00)

7. Description of works for diversion:

I. Kind of works: Reservoir, dam, ditches, flume and pipes

II. Dimensions of works:

(a) Height of dam eight (8) feet, length of dam at top thirty (30) feet, length of dam at bottom ten (10) feet. Material used in construction: Wood, earth and stone, timber crib backed by earth and stone.

- (b) Capacity of reservoir: 100,000 gallons (for municipal use) acre feet
- (c) Size of headgate: Width three (3) feet, height two (2) feet.
- (d) Conduit ditch, width at bottom two (2) feet, width at water line six (6) feet, depth of water two (2) feet. Diameter of pipe eight (8) inches. Average grade per mile is fifty feet. Length of conduit is ^{Pipe 3/4 mile,} Ditch, about 2 miles, and it crosses the following quarter sections: Northwest quarter and southwest quarter of section 34, and northeast quarter, Northwest quarter, southeast quarter and southwest quarter of section 33, all in Township 54 North, Range 2 W.B.M., to land described in 5 I (b) above which is the point of intended use.

8. The time required for the completion of the construction of such work is five (5) years.
9. Time required for the complete application of the water to the proposed use is four (4) additional years.

BE IT KNOWN, That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Prairie Development Company, Limited,

Applicant

By Mark F. Mendenhall .. Agent

Remarks: The intended use of said water is to supply the same to the inhabitants at and around Bayview, Kootenai County, Idaho, residing or to reside upon Sections 33 and 34, Township 54 North, Range 2 W.B.M., and to irrigate the lands indicated by the line shading on the map enclosed herewith, in said sections 33 and 34, Township 54 North, Range 2 W.B.M. as follows, to-wit: SE $\frac{1}{4}$ of NE $\frac{1}{4}$ and SW $\frac{1}{4}$ of NE $\frac{1}{4}$, and SE $\frac{1}{4}$ of NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of NW $\frac{1}{4}$ and NE $\frac{1}{4}$ of SE $\frac{1}{4}$ and NW $\frac{1}{4}$ of SE $\frac{1}{4}$ and SE $\frac{1}{4}$ of SE $\frac{1}{4}$ and SW $\frac{1}{4}$ of SE $\frac{1}{4}$ and NE $\frac{1}{4}$ of SW $\frac{1}{4}$ and NW $\frac{1}{4}$ of SW $\frac{1}{4}$ and SE $\frac{1}{4}$ of SW $\frac{1}{4}$ and SW $\frac{1}{4}$ of SW $\frac{1}{4}$ all in Section 33, township 52 North, Range 2 W.B.M., and NW $\frac{1}{4}$ of NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of NW $\frac{1}{4}$ and NW $\frac{1}{4}$ of SW $\frac{1}{4}$ and SW $\frac{1}{4}$ of SW $\frac{1}{4}$ and NE $\frac{1}{4}$ of SW $\frac{1}{4}$ and SE $\frac{1}{4}$ of NW $\frac{1}{4}$ and Lots 2, 3 and 4 all in Section 34, Township 54 North, Range 2 W.B.M. and portions of the NW $\frac{1}{4}$ of NW $\frac{1}{4}$ and NE $\frac{1}{4}$ of NW $\frac{1}{4}$ and NW $\frac{1}{4}$ of NE $\frac{1}{4}$ in Section 3, Township 53 North, Range 2 W.B.M.

Applicant does not hereby waive its rights to the waters of Salee Creek (the stream herein described and appropriated) heretofore appropriated, diverted or used by any of its grantors or their predecessors upon all or part of Lots 3 and 4 and the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of section 34, Township 54 North, Range 2 W.B.M., and assigned or agreed to be assigned to this applicant, and this application is not to be construed to supercede or waive said appropriations or users, or any of them but this applicant claims the same are and will continue in full force and effect for its benefit.

Applicant does not waive any rights under its own appropriation diversion and user of said waters but claims all rights thereunder are still in force.

Spokane, Washington

Prairie Development Company, Limited

June, 3rd, 1910

By Mark F. Mendenhall... Its Agent

Said applicant is duly registered and qualified to do business in the State of Idaho.

APPROVAL OF STATE ENGINEER

The number of this permit is 6208

Date of first receipt of application: 9.00 A.M. May 28, 1910

Returned to applicant for correction: May 28, 1910

Corrected application received: June 6, 1910

Recorded in Book 18. Page 6208. Approved June 18, 1910

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Work to begin on or before August 17, 1910, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before December 18, 1912.

The whole of said work to be completed on or before June 18, 1915.

The time for proof of beneficial use of water appropriated in accordance herewith, extended to June 18, 1919.

Witness my hand this eighteenth day of June, 1910.

D.G. Martin

State Engineer

RE: Your letter of January 27, 1966

Mr. Frank Schroyer
Bayview, Idaho

Dear Mr. Schroyer:

In reply to your letter of January 27, 1966 our records do not indicate a recorded water right for springs or streams within the legal description you forwarded to our office nor under the names of Frank Schroyer, Merryweather, Lindberg or Mr. Raymond Puckett.

Sorry we could not be of more assistance in this matter.

Very truly yours,

M. RUSSELL BOSCH
Office Manager

RECEIVED

JAN 31 1966

Department of Reclamation

Dear Sir:

Thank you for your letter of January 19th in which you state you have nothing in your records showing an established water rights in the name of Raymond Puckett. This water system was suspended as a public utility September 1st, 1964, and it had been serving the City of Bayview, Idaho, description of the land, E $\frac{1}{2}$ of Tax No. 1294 and all of Tax No. 1729 in Sec. 33 Township 54N, Range 2 W. Boise Meridian, Kootenai County, Idaho.

If you do not have a listing of a Mr. Puckett as to this water rights please let me know if you have a listing under the name of Merryweather or Lindberg, which could have been transferred to Mr. Raymond Puckett.

Very truly yours,

Frank Schröyer
Bayview, Idaho

6208

Charles C. Gossett

February 26, 1945

Mr. O. J. Bandelin
Attorney at Law
Sandpoint, Idaho

Dear Mr. Bandelin:

We are in receipt of your letter of February 24th, in which you request a copy of the water right filed by the Prairie Development Company, on Sallee Creek, in Section 27, Township 54 North, Range 2 West, B. M.

We assume you refer to Permit No. 6208, originally in the name of the Prairie Development Company but later assigned to the Bayview Townsite and Water Company, Limited. However, the point of diversion is in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 34, Township 54 North, Range 2 West, B.M.

A license has been issued under this permit for ten (10) cubic feet per second, with priority of July 28, 1910, for municipal purposes in the town of Bayview.

The original permit went into more detail and described certain lands in Sections 33 and 34, Township 54 North, Range 2 West, B.M., and Section 3, Township 53 North, Range 2 West.

We are not sure whether you want a copy of the license or the original permit, and whether or not you want a certified copy. The cost of the copy of the license will be \$1.00, or \$1.50 if certified; the copy of the permit will be \$2.00, or \$2.50 if certified.

Please advise as to your wishes in the matter.

Very truly yours,

MARK E. KULP
State Reclamation Engineer

Gentlemen:-

We would like a copy of the water right filed by, I believe it is termed the Prairie Development Company on the Saltee Creek in Section 27, Township 54, N. R. 2 W.B.M. in Bonner County, Idaho, being practically along the Kootenai County line.

Upon receipt of same together with your bill we will remit.

Very respectfully,

O. J. Bandelin

Re: Permit No. 6208

WALTER G. MERRYWEATHER CO.
Spokane, Washington

Gentlemen:

Reference is had to your inquiry of August 24, regarding the recordation of water license No. 6208 of the Bay-view Townsite and Water Company in Bonner county.

I can not discern how this license being of record in Bonner county will in any way strengthen your right and claim to the use of the water of Sales creek. The matter of priority of right regulates diversions automatically, regardless of location of point of diversion and place of use of a water right.

If, however, you still desire to have some document of record in Bonner county relating to this water right, I believe it can be accomplished in the following manner. Certified copy of the permit can be prepared in this office, which I believe the recorder of Bonner county could find a place to record. The permit itself is the only document in connection with the permit record which describes Section 27, Township 54 North, Range 2 West and it is only by reason of a now obsolete form that Section 27 is mentioned in the permit. The Bonner county recorder might record the license as a part of the permit record, provided he was furnished a certified copy of the permit. The permit carries a complete record of all procedure in connection with the water right, including certificate of completion of works, assignments, etc., and bears notation that license is issued for 10 cubic feet per second.

A certified copy of the permit can be furnished for \$2.50.

Yours very truly,

Commissioner of Reclamation.

RE

SPOKANE, WASH.

August 2, 1929

Department of Reclamation
Boise, Idaho

Gentlemen:

RE: Permit No. 6208

We forwarded our permit to the County Recorder of Bonner County with a request that it be recorded, and today we received a letter from him informing us that as there was no property in Bonner County mentioned in the permit, it could not be recorded.

Salee Creek heads two or three miles north of the south boundary line of Bonner County and flows thru Lots 3 and 4 and the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 27, Township 54 North, Range 2, W. B. M., where the water is being diverted. Our dam is just south of the Bonner County line.

We would like to have some mention made in the Permit as to Section 27 so that we may record papers in Bonner County and that will give notice to any occupants, owners or prospective purchasers on Salee Creek, relative to our permit.

Yours very truly,

BAYVIEW TOWNSITE & WATER CO.

Re: Permit 6208.

Mr. Harry E. Rich, Secretary
Bayview Townsite & Water Co.
Spokane, Washington

Dear Sir:

This is to acknowledge receipt of your letter of July 26 relative to the above mentioned permit to the use of the waters of Salee Creek.

Our records disclose that there is one other filing on the waters of this creek, but that the date of priority is considerably later than yours. In addition to this, it may be possible that there are some prescriptive rights to the use of the water, that is, rights which have accrued as a result of diversion and beneficial use without having made any record, which rights are recognized as evidence of water rights in this state.

It is my suggestion that if you desire to settle this controversy permanently you bring an action against all of the claimants of water of this stream to quiet title to your rights. A decree will then be entered, and if you then have difficulty a water-master can be appointed to administer it.

Yours truly,

Assistant Commissioner
of Reclamation

Mr. W. G. Swendson
Commissioner of Reclamation
Boise, Idaho

Dear Sir:

Re: Permit No. 6208, Bayview,
Idaho.

The water in Salee Creek, mentioned
in the above permit, is very low. There is a party
on the creek above our dam using the water for irrigation
purposes.

We have requested that he stop using
said water during the period there is not the water claimed
under the permit.

We understand he is refusing to stop
irrigating.

Will you kindly inform us who is the
proper party to see ^{that} he will stop using said water?

Yours very truly,

BAYVIEW TOWNSITE & WATER COMPANY

Permit 6208

Instructions to Examiners

- 1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
- 2. Always carefully note the location of the point of diversion, and accurately plat same.
- 3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
- 4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
- 5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
- 6. If any unusual conditions are discovered, make a plain statement of them under remarks.
- 7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

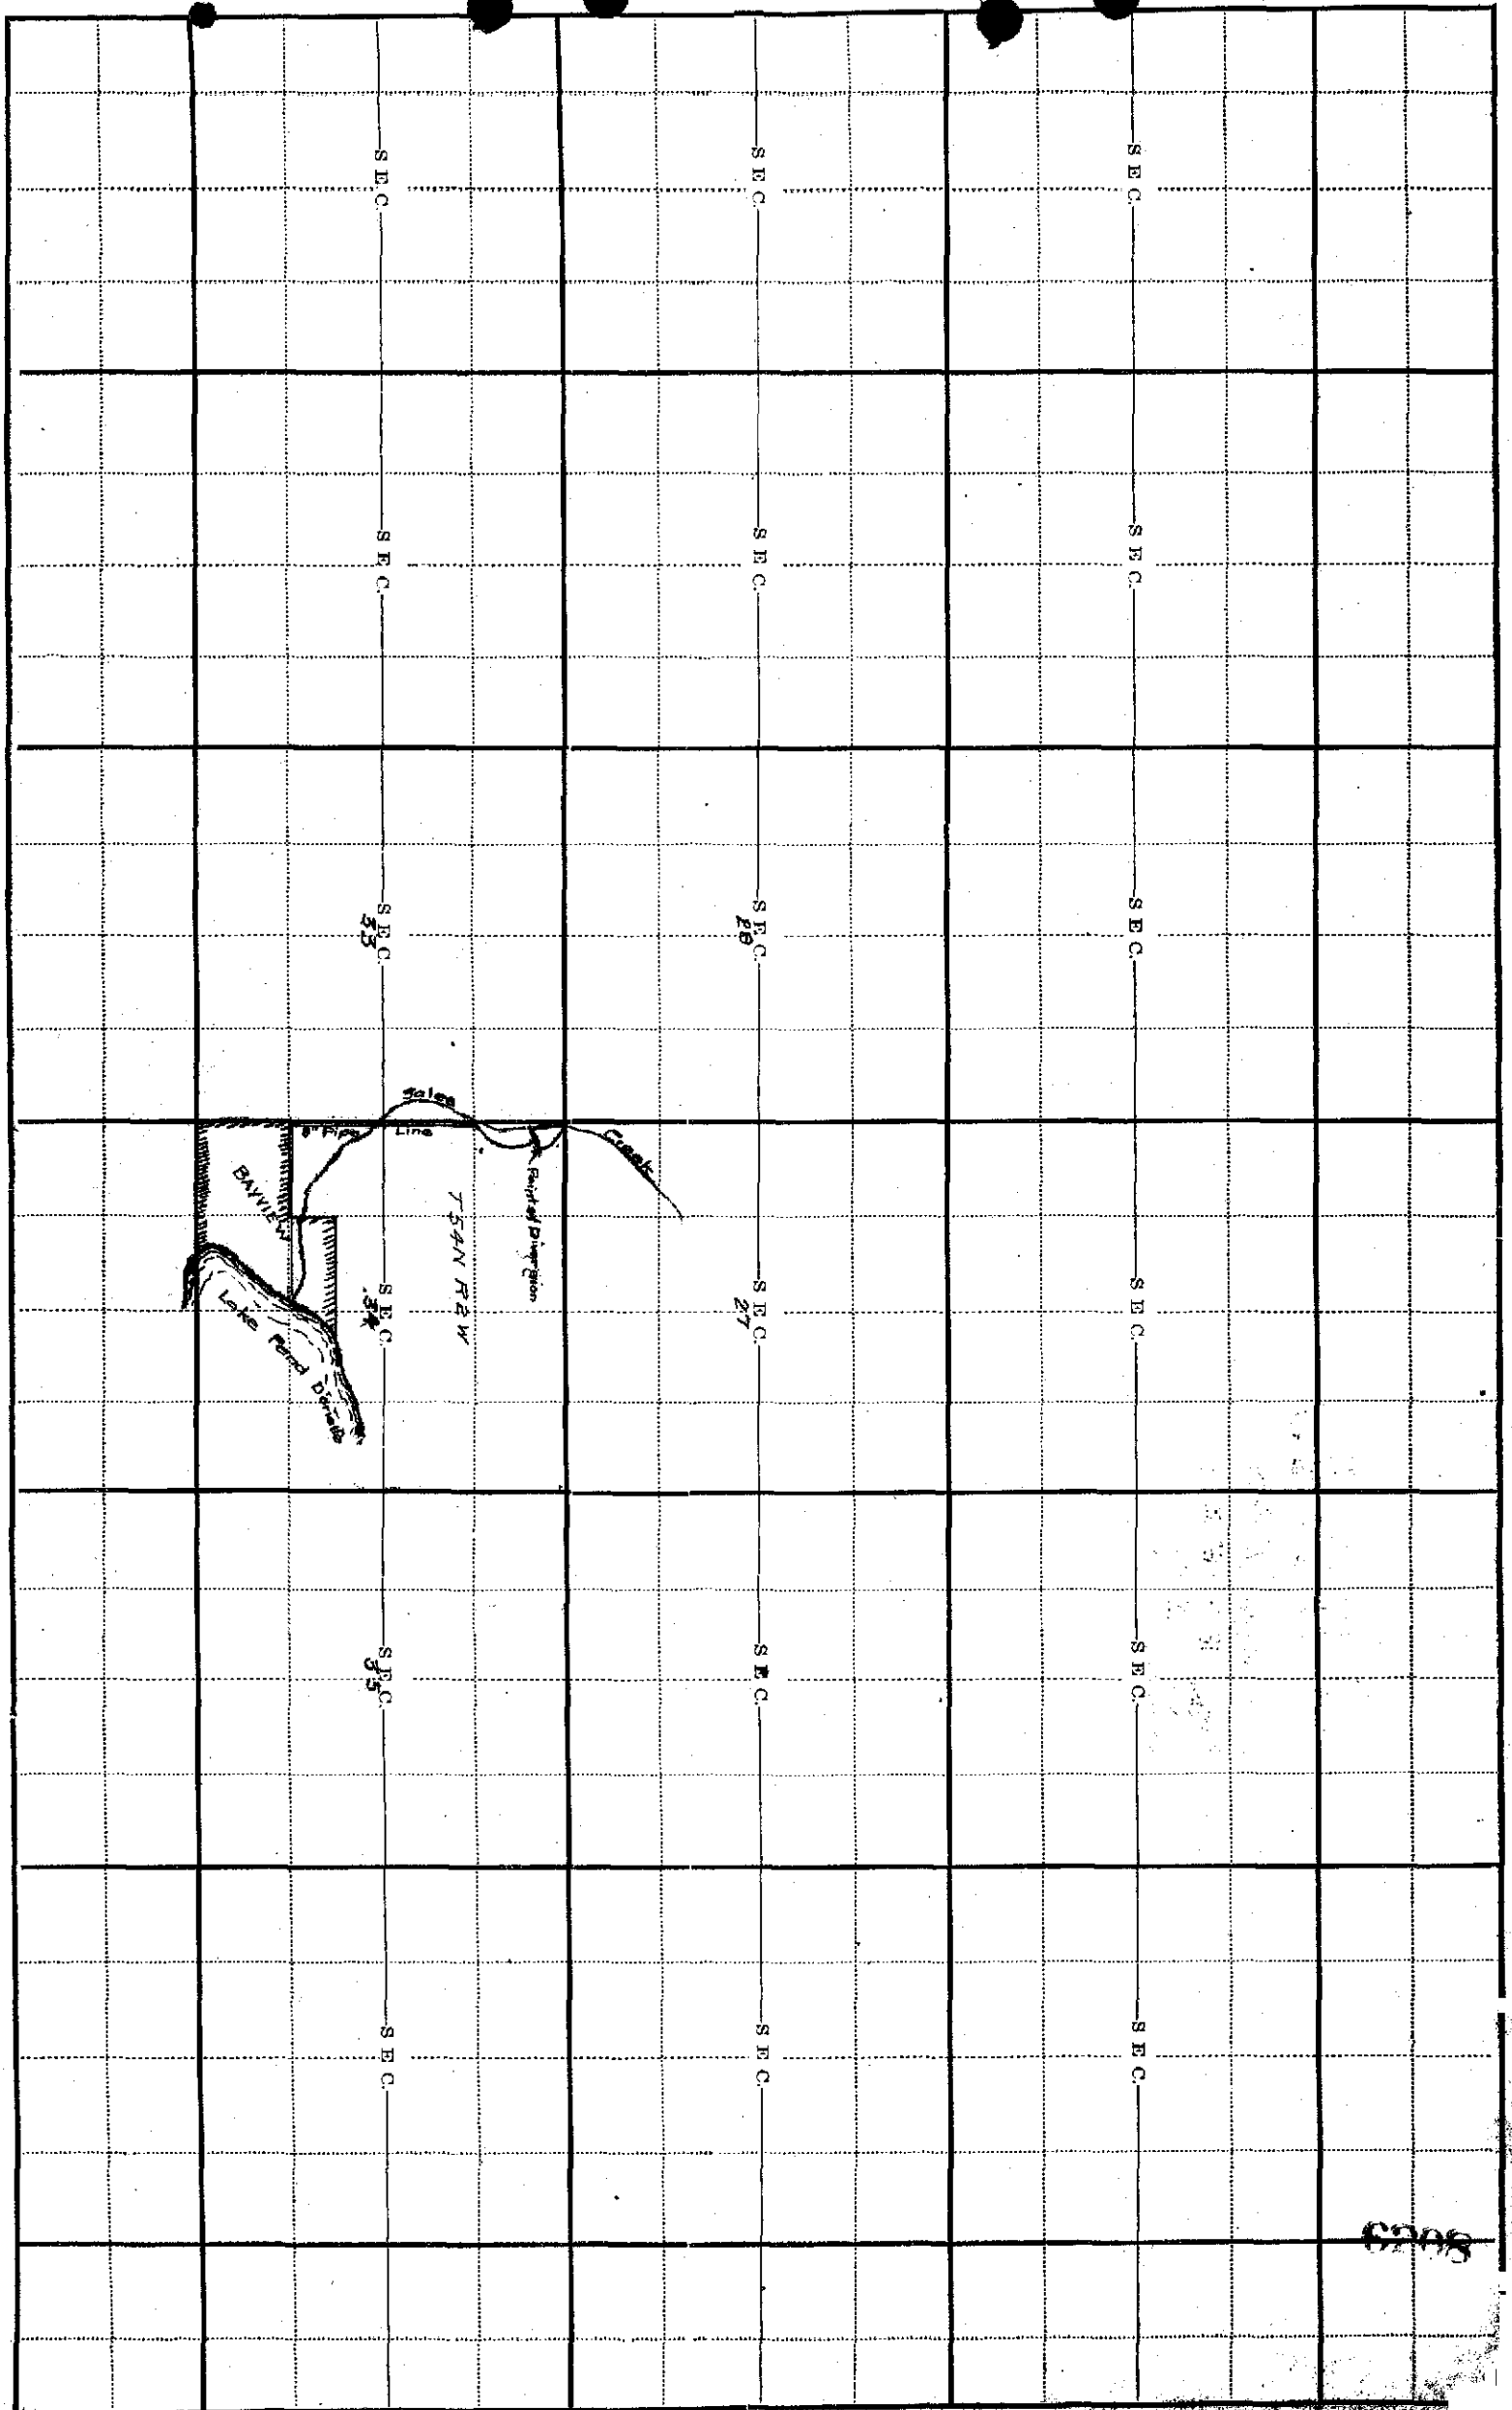

(This report must be sworn to when not made by an attache of the office.)

STATE OF IDAHO,
County of Blaine,
ss. *Charles H. Sigelbeck*
being first duly sworn, deposes and says that the statements contained in the within report are correct to the best of his knowledge and belief.

AFFIDAVIT OF PUBLICATION

Notice for Publication

Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that at 10:30 a. m. on the 25th day of June, 1921, at Coeur d'Alene, County of Kootenai, State of Idaho, before J. Ward Arney, notary public, proof will be submitted of the application to beneficial use of 4.4 cubic feet per second of the waters of Sales Creek, in accordance with the terms and conditions of Permit No. 6208 heretofore issued by the state engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Bayview Townsite & Water Company, Ltd., Spokane, Washington.

The use to which said water has been applied is municipal water supply for the inhabitants of Bayview, Kootenai County, Idaho, for domestic use, irrigation, fire protection and municipal purposes.

The amount applied to beneficial use is 4.4 cubic feet per second of time.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) Town of Bayview, Kootenai county, Idaho.

The date of the priority which said user is prepared to establish is May 28th, 1910.

W. G. SWENDSEN,
Commissioner of Reclamation.
State Engineer.
May 24-31 June 7-14-21.

(SEAL)

PERMIT NO. 6208

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans.

Bayview Townsite & Water Company Ltd.
Spokane, Washington, authorized to do business in state of
Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Bayview Townsite & Water Company, Ltd., Spokane
Washington, statutory agent A. V. Chamberlain, Care of Eliza
Idaho, Deposition is Principal of said corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans.

#6208, May, 28, 1910

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans.

Slee Creek, in Diversion in North west corner
of NW 1/4 of NW 1/4 Sec 34, Twp. 5 N R 2 W B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans.

Wood, earth and stone dam, timber crib backed by earth.
Ditch and pipe line conveying 4.4 second ft
of water to and through water system in town of
Bayview, Idaho.

Ques. 6. State for what purport water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans.

Municipal domestic, & irrigation purposes
in and around town of Bayview, Idaho.

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans.

Use is for general purposes by water
users in town. Mostly domestic uses.

Ques. 8. What is the minimum amount of water required for the specified above?

Ans.

4.4 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Prairie Development Co. has conveyed to Bayview
Land & Townsite Co., Ltd., all its right title
and interest.

6208

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During summer season all water diverted is used. In winter season only a portion of available water is used at present time but growth of town will require this in future.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. No other water is used than that diverted but applicant claims ~~it~~ also under appropriation by its self and Elmer Haddon now owned by itself.

(Sign) *Nathan G. Merryweather*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in *Coeur d'Alene* County of *Kootenai* State of Idaho, on this *25th* day of *June* A. D. 19*21*

Dear Sir:

Re: PERMIT NO. 6208.

We enclose herewith, for filing in your office, application of Bayview Townsite and Water Company, Ltd., for extension of time for making proof of beneficial use under the above permit. We accompany this application with a map showing the water system as now constructed and in use.

The application is not presented upon the form furnished by your office as that form does not fit the case where the applicant is a corporation. We assume however that there will be no objection to the form.

We believe that Mr. John P. Gray of Coeur d'Alene, Idaho, has written you in regard to this matter as he represents Mr. F. A. Blackwell, of the Pend Oreille Land Company, which has a contract for water mentioned in our affidavit.

We trust you will find these papers in order and that you will notify us immediately of anything further which may be required.

Respectfully yours,

DANSON, WILLIAMS & DANSON.

By

R. E. Lowe

REL:L

RECEIVED
JUL 15 1919
U. S. DEPT. OF AGRICULTURE
BUREAU OF RECLAMATION
BOISE, IDAHO

6208

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
Permit No. 6208.

APPLICATION FOR EXTENSION OF TIME FOR BENEFICIAL USE PROOF.

STATE OF WASHINGTON)
 ;SS.
County of Spokane.)

W. S. McCREA, of Spokane, Washington, being first duly sworn upon his oath, deposes and says: That he is the Secretary of Bayview Townsite and Water Company, Ltd., a corporation organized under the laws of the State of Washington and authorized to do business in the State of Idaho.

THAT the said Bayview Townsite and Water Company, Ltd., is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 6208.

THAT, under the terms and conditions of said permit, proof of beneficial use thereunder was required to be made by June 18, 1918.

THAT, the said corporation has heretofore put to beneficial use 4.4 second feet of water by installing a water system of that capacity to furnish water for domestic use, municipal purposes and fire protection in the town of Bayview, Kootenai County, Idaho, all of which water is not actually consumed but will be upon the future growth of the town, and has also put to use a portion of said amount for the purpose of irrigating a portion of Section 34, Township 54, Range 2, W. B. M.

THAT, for the following reasons, it is unable to put to beneficial use within the required time, the remainder of the water appropriated under its permit, to-wit: The said corporation has a contract with Pend Oreille Land Co. Ltd., a corporation,

whereby it is agreed that the Bayview Townsite and Water Company, Ltd., will furnish water for the purpose of irrigating certain land named in the original permit No. 6208, and the said land company is not as yet ready to use said water, although affiant is informed that the said Pend Oreille Land Company, Ltd., intends and expects to use said water in the year 1920.

WHEREFORE, it asks that the Commissioner of Reclamation extend the time for the making of proof of beneficial use under said permit to April 1, 1921.

W. S. McGee

Subscribed and sworn to before me this 12th day of July, 1919.

Archie E. Smith

Notary Public for the State of Washington, residing at Spokane.

Date of receipt at office of Department of Reclamation 12 day of July, 1919.

APPROVAL OF COMMISSIONER OF RECLAMATION.

I, W. G. Swendsen, Commissioner of Reclamation of the State of Idaho, hereby extend the time for the making of proof of beneficial use under Permit to appropriate the Public Waters of the State of Idaho, No. 6208, to April 1st, 1921, 19 .

Witness my hand this 12th day of July, 1919.

W. G. Swendsen

Commissioner of Reclamation.

JOHN P. GRAY
W. F. McNAUGHTON

JOHN P. GRAY
ATTORNEY AND COUNSELLOR AT LAW
COEUR D'ALENE, IDAHO

July 10, 1919.

Hon. S. W. Swendsen,
State Engineer,
Boise, Idaho.

Dear Sir:

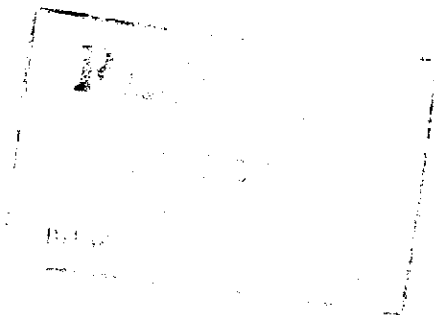

The Prairie Development Company, Ltd., is making application for an extension of time for the beneficial use proof with respect to Permit No. 5961.

They are already supplying municipal water to Bayview and the land which is to be irrigated belongs to Mr. F. A. Blackwell or a company which he controls. The country about Bayview has not moved as rapidly as they expected it would, but Mr. Blackwell expects to have the water all devoted to beneficial uses next year. Application will be made to sometime within 1921 and within the six year period.

I trust that you will find it within your discretion to grant the extension.

Very respectfully,

John P. Gray

In re: Permit #6208

John P. Gray,
Attorney at Law,
Coeur d'Alene, Idaho

Dear Sir:

Replying to your letter of July 10th, you are advised that Messrs. Danson, Williams & Danson, Attorneys at Law of Spokane, submitted to this Department an application for extension of time for beneficial use proof under the above numbered permit, which is the permit I take it you refer to in your letter, although you give a permit number of 5961.

You are advised that the above numbered permit, standing in the name of the Bayview Townsite and Water Company, Ltd., has been extended to April 1, 1921 and the above named gentlemen have this day been so advised.

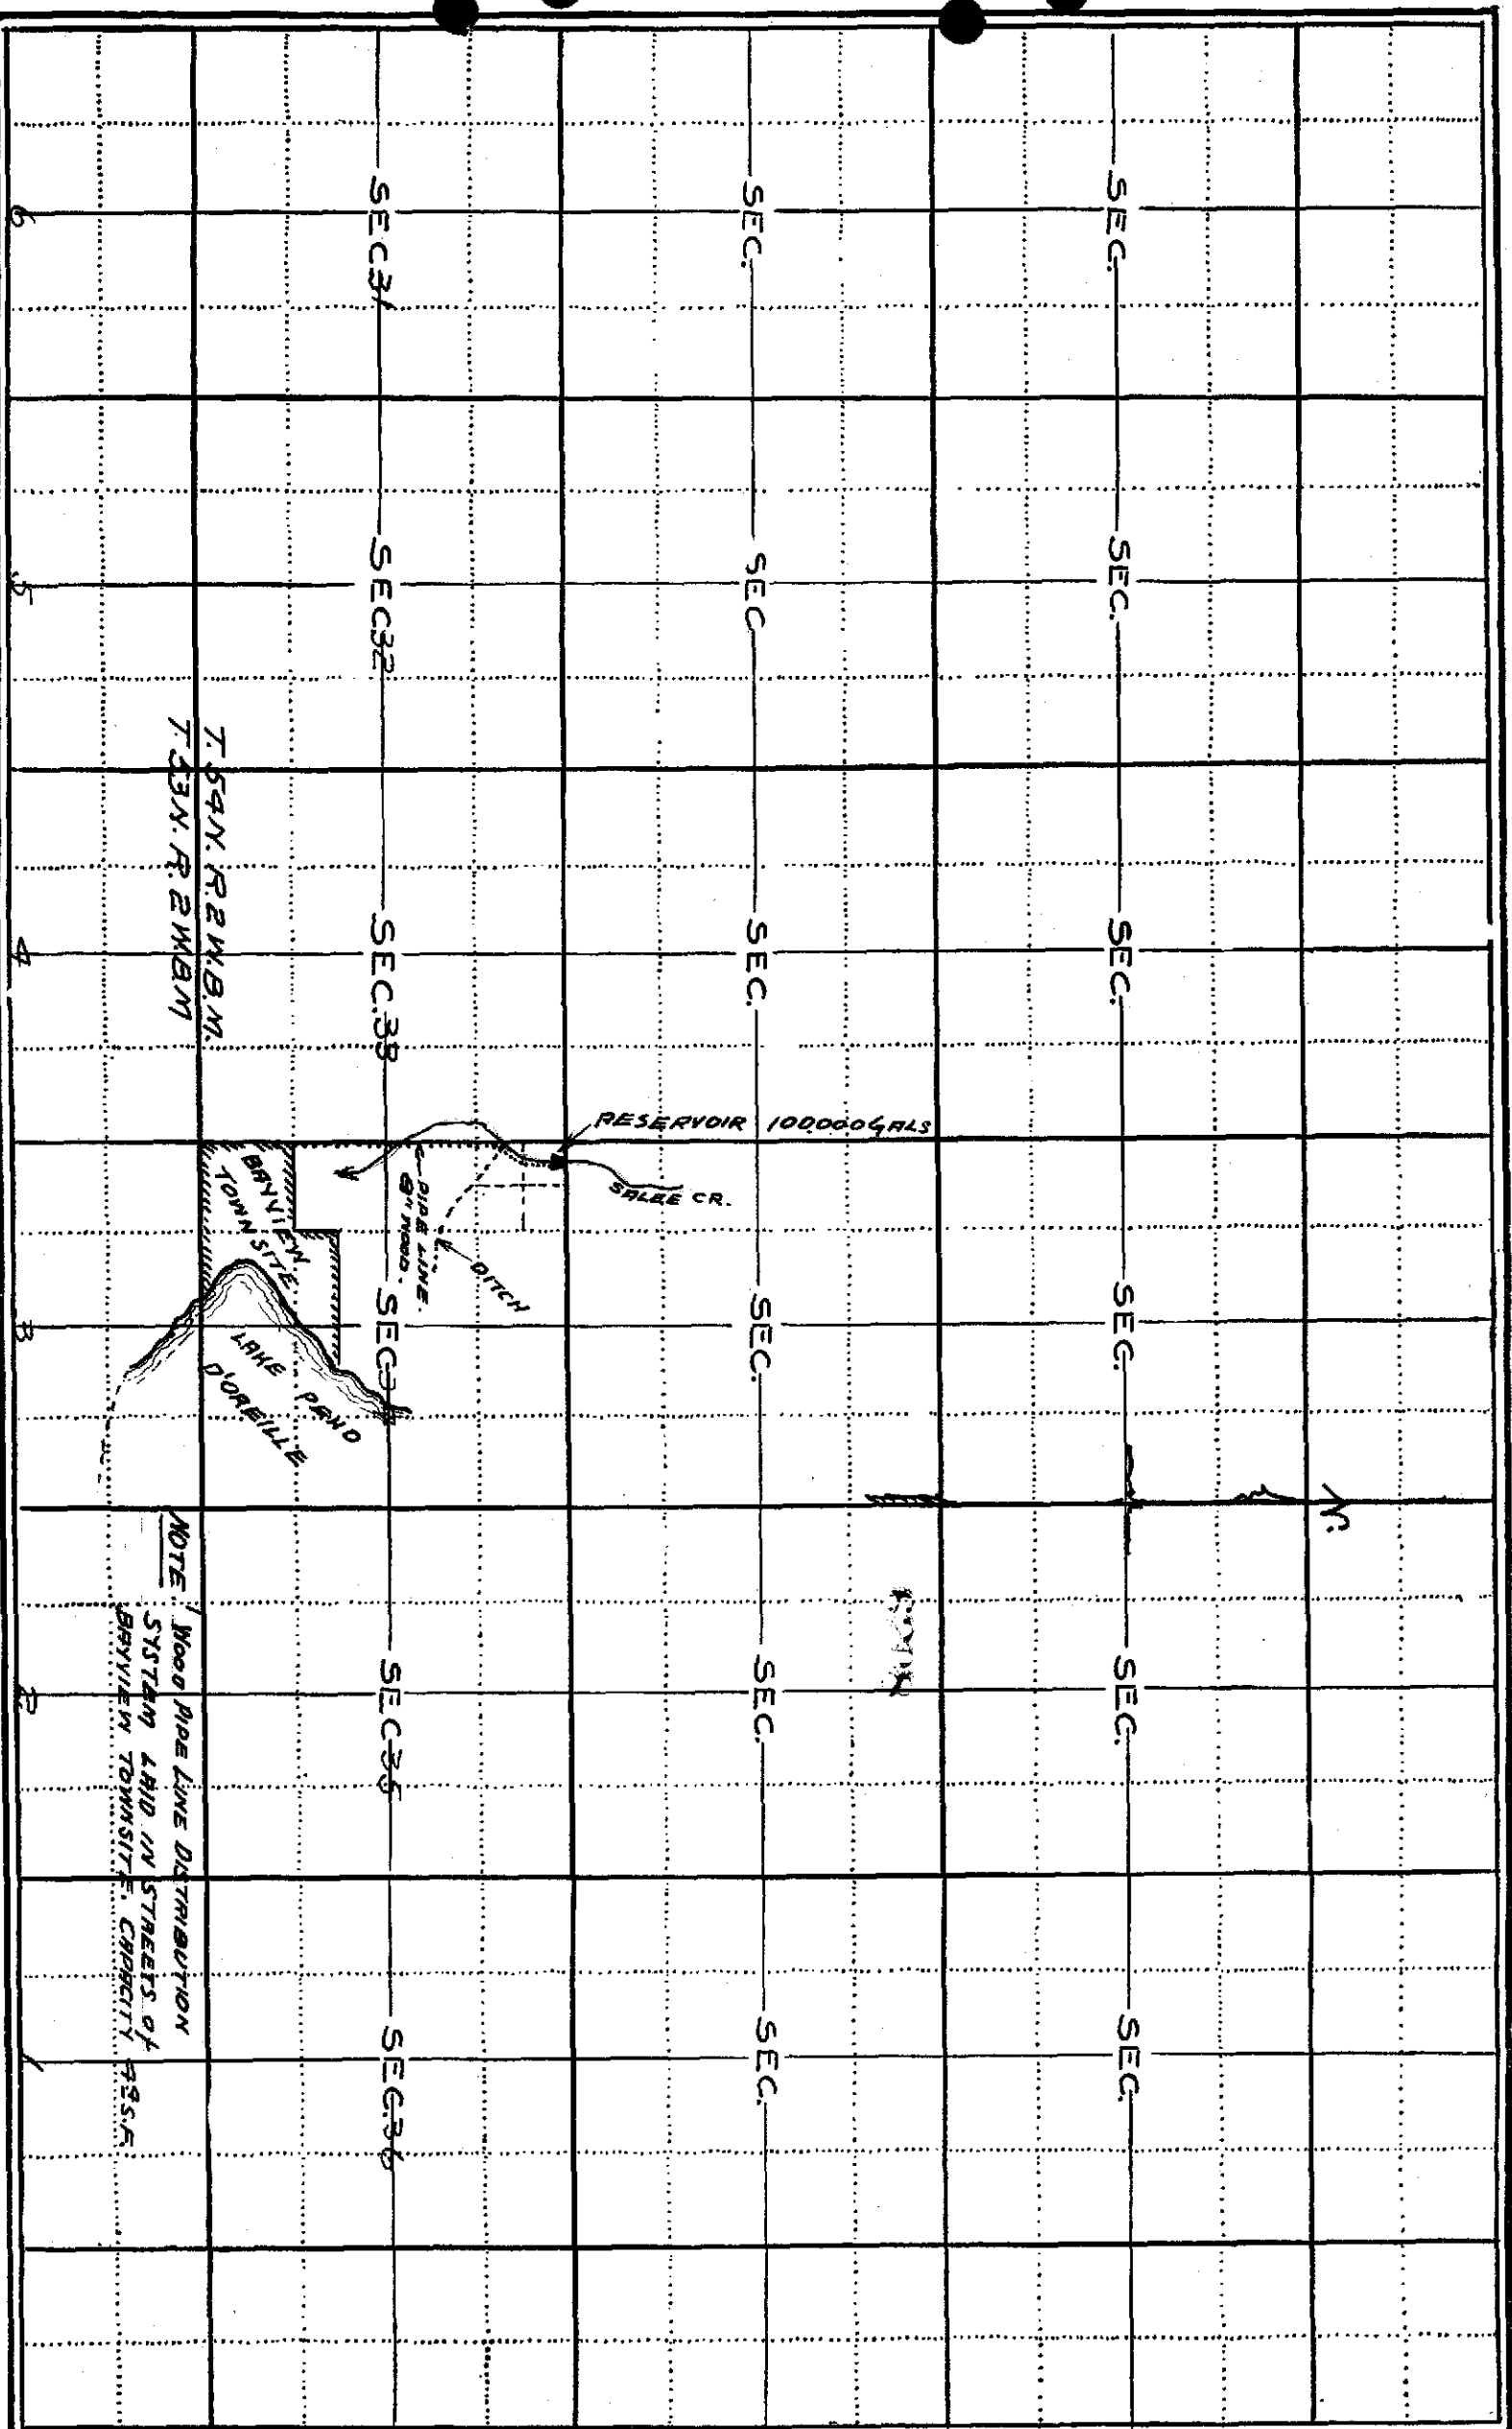

Yours very truly,

W. G. Swendsen
Commissioner of
Reclamation

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter G. Merryweather, age 44, McCrea & Merryweather,
Spokane, Spokane County, Washington, real estate and insurance.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. I am treasurer of the Bayview Townsite & Water Company, Limited,
and by direction of its Board of Trustees, have charge for the
corporation of the management of the water works of the company.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit #6208, approved June 18, 1910, ten (10) cubic feet per second,
Salas Creek in the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Sec. 34, Township 54, N. Range 2,
W. B. M.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim. About 220 acres.

Ans. Domestic purposes, fire protection, and irrigation. The land to
be served is the Townsite of Bayview, Kootenai County, Idaho and
W $\frac{1}{2}$ of NW $\frac{1}{4}$; SE $\frac{1}{4}$ of NW $\frac{1}{4}$; NW $\frac{1}{4}$ of SW $\frac{1}{4}$, Sec. 34, Township 54, North Range 2,
W. B. M., excepting about 15 acres.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Yes, about August 1911. Full capacity of plant which is about
five (5) cubic feet per second.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. The works comply with the permit except the capacity of plant is
about 5 cubic feet per second.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. Capacity of plant is about five (5) cubic feet per second.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Consists of two dams, a concrete well, 6765 feet of eight-inch
wooden pipe, 2600 feet of six-inch wooden pipe, 7675 feet of four-inch
wooden pipe, and 150 feet of six-inch iron pipe. Works cost \$13,533.

The Depositions of two Witnesses, in this form, taken separately, required in each case.

PERMIT NO. 6208.

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. C. Wolf, 44 years. Altedena Apts.
Spokane Wash.

Ques. 2. Are you acquainted with Bayview Townsite & Water Company, Limited, the holder of Permit No. 6208., authorizing the diversion of ten cubic second-feet of the waters of Saloe Creek, at Bayview, Idaho, for domestic and irrigation purposes? How long have you known him and where does he reside?

Ans. Office of corporation is at Bayview, Idaho. About four years.

Ques. 3. Have you read or heard read said Permit No. 6208, and are you familiar with its terms and conditions?

Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. The land has a clay, gravelly soil; Bayview Townsite requires at least three (3) cubic feet per second for domestic purposes, fire protection, and irrigation of lawns and gardens; the balance of the land will require two (2) cubic feet per second.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Works are fully completed and have capacity of five (5) cubic feet per second.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. This question is answered fully by separate affidavit hereto attached and map herewith submitted.

RECEIVED

JUN 17 1915

OFFICE OF STATE ENGINEER

C. Wolf, being first duly sworn on oath, deposes and says that he is a civil engineer by profession and was the chief engineer in charge of the construction of the works of the Bayview Townsite & Water Company, Limited, located at Bayview, on Pend d'Oreille Lake, Kootenai County, State of Idaho. Affiant further says that the map hereto attached showing the details of said works, to affiant's knowledge is a correct and true map; that there has been constructed under said permit #6208, beginning at a diversion point which is located in the Northwest Quarter (NW $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Thirty-four (34), Township Fifty-four (54), Range Two (2), W. B. M., a dam consisting of earth, rock, and timbers, one-hundred sixty-four (164) ft. long on top, twenty (20) feet on the bottom, sixteen feet (16) high, and twenty-two feet (22) wide, from which dam or storage there has been laid at a depth below the frost line, an eight-inch wooden pipe which extends in a general southerly direction, as shown on the accompanying map, approximately nine hundred twenty-five (925) feet to a concrete well which well is approximately five (5) feet square and six (6) feet deep, which is built to receive water from the upper dam and also from a lower dam of earth, wood, and stone which is erected at this point to collect the waters arising below the first dam at the first diversion point. A six-inch wooden pipe connects this dam with the concrete well. An eight-inch wooden pipe is then carried under-ground below the frost line approximately eight hundred (800) feet in a southerly direction to an eight-inch outlet and service pipe which is built for the purpose of furnishing

domestic water and irrigation to the following described land:
Township platted as "Bayview", Kootenai County, Idaho, and West One-Half ($W\frac{1}{2}$) of ($NW\frac{1}{4}$) Northwest Quarter; Southeast Quarter ($SE\frac{1}{4}$) of Northwest Quarter ($NW\frac{1}{4}$); ($NW\frac{1}{4}$) Northwest Quarter of Southwest Quarter ($SW\frac{1}{4}$), Section Thirty-four (34), Township Fifty-four (54), Range Two (2) W. B. M., excepting about fifteen (15) acres described as follows: Beginning at a point in East of West Center Line of Thirty-four (34), One Thousand Eight Hundred Twenty (1820) Feet East of Quarter Corner, between Sections Thirty-three (33) and Thirty-four (34), North Eight Hundred Sixty (860) Feet, East Eight Hundred Twenty (820) Feet more or less to North and South Center Line, Section Thirty-four (34), South along said Line Eight Hundred Sixty (860) Feet, thence West Eight Hundred Twenty (820) Feet more or less to place of beginning.

The eight-inch wooden pipe is then continued under-ground below the frost line approximately Two Thousand One Hundred Sixty (2160) Feet to the Northeast (NE) corner of the Bayview Townsite which is the beginning of the distributing system of said Townsite, as shown on the accompanying map. This system of works is completed; is capable of diverting Five (5) cubic Feet per second of water. The Company has acquired, as shown on the accompanying map, approximately Ten (10) acres and fenced the same in to preserve the water shed. The water is to be used in connection with Bayview Townsite for domestic purposes, irrigation, fire protection, etc. The details of said Bayview Townsite & Water Company, Limited, as to number of lots, area, etc., are shown on the accompanying map. The number of feet of pipe and the dimensions thereof, used in this

construction, are as follows:

Six Thousand Seven Hundred Sixty-Five (6765) feet of eight-inch wooden pipe;
Two Thousand Six Hundred (2600) feet of six-inch wooden pipe;
Seven Thousand Six Hundred Seventy-Five (7675) feet of four-inch wooden pipe;
One Hundred Fifty (150) feet of six-inch iron pipe.

AFFIDAVIT OF PUBLICATION

NOTICE OF PUBLICATION.

Notice is hereby given, that at 2 P. M., on the 15th day of June, 1915, at the Stoll Block, Coeur d'Alene City, County of Kootenai, State of Idaho, before W. F. McNaughton, Notary Public, proof will be submitted of the completion of works for the diversion of 10 cubic feet per second of the waters of Salee Creek in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is Bayview Townsite & Water Company, Limited, Assignee of Prairie Development Company, Limited.

2. The postoffice address of such person or principal place of business of such corporation is Bayview, County of Kootenai, State of Idaho, and care of McCrea & Merryweather, Spokane, Spokane County, Washington.

3. The number of such Permit is 6208, and the date set for the completion of such work is June 18, 1915.

4. Said water to be used for domestic and irrigation purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place intended for use, in accordance with the plans accompanying the application for such permit is 10 cubic feet per second.

6. The amount of lands for which said water is available is 640 acres, particularly described as follows: Township platted as "Bayview," Kootenai Co., Ida., and W 1-2 of NW 1-4; SE 1-4 of NW 1-4; NW 1-4 of SW 1-4, Sec. 34, Township 54, Range 2, W. B. M., excepting about 15 acres described as follows: Beginning at a point in East of West Center Line of 34, 1820 Ft. East of Quarter Corner, between Sections 33 and 34, North 860 Ft., East 820 Ft. more or less to North and South Center Line, Sec. 34, South along said Line 860 Ft., thence West 820 Ft. more or less to place of beginning.

Mr. J. H. Smith,
State Engineer,
Boise, Idaho.

Dear Sir:

Hearing in the case of the Bayview Townsite
& Water Co., to show completion of works, comes up
at Coeur d'Alene, June 15. I am not very familiar
with what is especially required to be shown, and
would consider it a personal favor if you would
outline to me something of the nature of what the
proof should show.

Yours very truly,

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Bayview Townsite & Water Co., Ltd.
c/o W. F. McHoughton,
Stoll Block, Coeur d'Alene,
Idaho.

Boise, Idaho, June 3, 1915.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works under your permit No. 6208.

Deposition of Permit Holder,

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On June 15th the date set for proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Coeur d'Alene, Idaho, before W. F. McHoughton, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$5.00, where amount claimed does not exceed 10 second feet. Where more than 10 second feet is claimed, the fee required is 30 cents per second foot. When these have been received, together with report of the examining engineer, if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

J.H.SMITH, ~~A. E. ROBINSON~~

State Engineer.

April 19, 1915.

Permit 6208.

Harry A. Rhodes, Attorney,
925 Paulsen Building,
Spokane, Washington.

Sir:

Your letter of the 9th, enclosing notices for proof of completion of works under above permit was duly received. The notices for proof have been checked and are correct and the publication notice will be sent to the Coeur d'Alene Press in time for the required four weeks publication prior to June 15th. Deposition blanks will be mailed to Mr. W. F. McNaughton, notary public at Coeur d'Alene, Idaho.

As it will be necessary for us to have the report of an engineer on the completion of the works, we are today authorizing Mr. C. J. Chaffin, of Sandpoint, to arrange with you for same.

Very truly yours,

C. J. SMITH,

State Engineer.

(P. O.) 925 Paulsen Bldg., Spokane, Wash.

To the State Engineer,
Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Coeur d'Alene Press, of Coeur d'Alene City, Ida., published in the
county in which the works are situated.

BAYVIEW TOWNSITE & WATER COMPANY, LIMITED.

By Harry R. Rhodes
Atty.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of
water per second, the following certificate must be signed by a well known and com-
petent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

C. Wolf
Engineer.

RECEIVED

APR 10 1915

6208

Notice of Publication

6208

Notice is hereby given that at 2 P. M., on the 15th day of June,
1915, at Stoll Block/ Coeur d'Alene City, County of Kootenai, State of Idaho,
 before W. F. McNoughton, Notary Pub. proof will be submitted of the completion of works
 for the diversion of 10 cubic feet per second of the waters of Salee Creek
 in accordance with the terms and conditions of a
 certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is BAYVIEW TOWNSITE &
WATER COMPANY, LIMITED, Assignee of PRAIRIE DEVELOPMENT COMPANY, LIMITED.

2. The postoffice address of such person or principal place of business of such corporation is.....
Bayview, County of Kootenai, State of Idaho.
and C/o McCrea & Merryweather, Spokane, Spokane County, Washington.

3. The number of such Permit is 6208, and the date set for the completion of such work is
June 18, 1915.

4. Said water to be used for domestic and irrigation purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount
 of water which said works are capable of conducting to the place intended for use, in accordance with the
 plans accompanying the application for such permit is 10 cubic feet per second.

6. The amount of lands for which said water is available is 640 acres, particularly de-
 scribed as follows: Township platted as Bayview, Kootenai Co., Idaho and
W $\frac{1}{2}$ of NW $\frac{1}{4}$; SE $\frac{1}{4}$ of NW $\frac{1}{4}$; NW $\frac{1}{4}$ of SW $\frac{1}{4}$, Section 34, Township 54, Range 2,
W. B. M., excepting about 15 acres described as follows: Beginning at
a point in East of West Center Line of 34, 1820 Ft. East of Quarter
Corner between Sections 33 and 34, North 860 Ft. ~~State Engineer~~ State Engineer.
along said line 860 ft., thence West 820 ft. more or less to place, South
of beginning.

STATE ENGINEER

BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mark F. Mendenhall, Agent,
Prairie Development Co.,
Spokane, Washington.
Dear Sir:

Boise Idaho, March 30, 1915.

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 6208

This form should be filled out and mailed to the State Engineer at least 60 days before the date upon which it is to be submitted, which proof MUST be made on or before **June 18, 1915.**

Upon receipt of this blank properly filled out, notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a Notary Public or other officer authorized to administer oaths.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith ~~F. P. KING~~

State Engineer

Re: W.R. #96-2042

Dear Ms. Russell:

Thank you for sending us the papers regarding the Bayview Water Works history. I notice on your billing that you wrote a note that a map of the works does not copy very well. That map is very important for our review of this matter, and I would appreciate your sending a copy of it regardless of what condition it is in. If there is any other manner in which we can reproduce a copy of that map, please let me know. We would very much like to know where the water mains run, and that apparently is the only map which will show that.

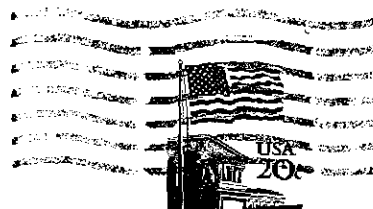

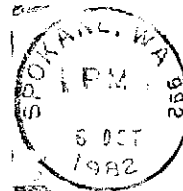

Your assistance in this matter would be very much appreciated. If the cost of reproduction of this map is very great, please let us know in advance.

Sincerely,

Peter C. Wagstaff
