FROM: Cindy Zimmerman
SUBJECT: Review of Beneficial Use Field Report

=====

The following adjustments were made on the field report:

1. Rate of diversion.
 - a. Capacity, per theoretical HP equation = 0.06 cfs.
 - b. Irrigation = 3 acres x 0.02 cfs/acre = 0.06 cfs.
 - c. Stockwater, 25 range cattle = 0.02 cfs.
 - d. Maximum diversion rate, limited by capacity = **0.06** cfs.
2. Annual Volume.
 - a. Irrigation = 3 acres x 3.0 AF/acre = 9.0 AFA.
 - b. Stockwater = $(hd \times gpd/hd \times d) \div 325,850$
= $(25 \times 12 \times 365) \div 325,850$
= $109500 \div 325,850$
= $0.34 \approx \mathbf{0.3}$ AFA
 - c. Maximum annual volume = a + b
= $9.0 + 0.3$
= **9.3** AFA.

Re: Water Appropriation Application No. 96-8806.

Dear Mr. Jenkins:

The Idaho Department of Water Resources hereby acknowledges receipt of the above referenced Application for Permit to appropriate the Public Waters of the State of Idaho. To assist us in providing you with prompt, accurate service, please refer to the above referenced number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests. Normal processing time is approximately 3 to 4 months, if the application is not protested.

If the application is not protested, it will be forwarded to Boise to be considered for approval by the Director. However, if the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. However all protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If your application is for groundwater and unless you are using a well that was constructed prior to July 1, 1987, it will be necessary for you to apply for a well drilling permit upon approval of the appropriation application. Well drilling permits can be issued by this office only to holders of approved appropriation permits.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

ALLEN BEARDSLEE
Senior Water Resources Agent
