BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 96-08588)
IN THE NAME OF STEVEN & ROXZENE BOCKSTRUCK) ORDER OF
REINSTATEMENT

This matter having come before the Idaho Department of Water Resources (Department), the Department finds as follows:

FINDINGS OF FACT

1. On May 9, 1990, the Director of the Department of Water Resources issued Permit No. 96-08588 with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before June 1, 1993.

2. On March 31, 1993, the Department sent a proof due notice to the permit holder.

3. On June 8, 1993, the Department sent a lapse notice to the permit holder.

4. Section 42-218a.2., Idaho Code, authorizes the Department to reinstate a lapsed permit, with the priority date advanced to the date that proof of beneficial use was received, upon submittal of evidence clearly establishing the extent of beneficial use prior to the proof due date and a showing of reasonable cause why the proof was submitted late.

5. The permit holder has submitted evidence to confirm that water has been put to beneficial use during the authorized development period. Evidence includes two affidavits from neighbors who attest to the fact that the water has been diverted for both domestic and stockwater use.

6. The permit holder states, in correspondence to the Department, that he has been working out of state and therefore unable to file timely.

MICROFILMED

OCT 28 1993

CONCLUSIONS OF LAW

1. The permit holder has submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used as identified on the permit.

2. The permit holder has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The permit can be reinstated with the date of priority advanced to the date proof of beneficial use was received by the Department.

ORDER

IT IS HEREBY ORDERED that Permit No. 96-08588 is REINSTATED.

IT IS FURTHER ORDERED that the date of priority of this permit is advanced to September 24, 1993.

Dated this 4th day of October, 1993.

PROOF DUE NOTICE

RE: PERMIT NO. 96-08588

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1993. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
