Dear Ms. Naffziger:

Re: Permit No. 96-8400

Returned is the proof of beneficial use form submitted to this office on July 18, 1989. Before the proof is acceptable, more information is needed.

1. Please complete the source of water line. The permit proposed the diversion of water from Strong Creek. Are you diverting water from that source? If not, it maybe that you no longer have a need for this water right filing.
2. Under the extent of use, indicate the number of acres being irrigated. The permit originally indicated five, however, you should indicate the number actually being irrigated. Also, the permit indicates a domestic use proposed, if one was developed indicate so on the proof form.
3. Indicate the amount of water being diverted. If you know how much you are diverting, then you should indicate that number. Otherwise, the permit was issued for 0.04 cfs (18 gpm) for domestic and 0.10 for irrigation of the five acres for a total of 0.14 cfs.
4. Show the date the water was first diverted and put to a beneficial use.
5. In association with the rate of diversion, a licensing examination fee is required for a diversion rate greater than 0.04 cfs or a single family domestic use.

Complete and return the proof of beneficial use form before September 10 to have the permit reinstated.

If you have any questions concerning this matter, please feel free to contact this office.

RE: PERMIT NO. 96-08400

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper form in our proof due notice to you dated April 30, 1989.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this department within sixty days of the date of mailing of this lapse notice or the permit will no longer be of any force or effect.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before July 1, 1989.
