Re: Permit No. 96-8186

Enclosed is a copy of the approved request for extension of time. The time within which to submit the statement of beneficial use postcard is extended to July 1, 1985.

The 1982 Idaho Legislature added a requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date a permit is issued. In the case of this extension, you must commence works within a year from the day the extension was signed and proceed diligently until the project is completed. The enclosed blue card must be completed and returned to this office as soon as you commence construction. If you are still prevented from commencing works eleven months from now, note the reason on the blue card and return it then.

Dear Mr. Schissler:

Re: Permit No. 96-8185

Enclosed is the Request for Extension of Time along with a blank Statement of Beneficial Use postcard.

Timing is the deciding factor as to which document you should submit. The permit gave a construction period up to July 1, 1984 in which to submit a response to my notice letter and you responded by submitting an extension request on June 27. The extension request, however, is not acceptable since no filing fee was sent with it. I will now give you the option of submitting the filing fee to extend the proof due date or submitting the statement of beneficial use on the project completed by August 1. If neither is received, the Department will lapse the permit.

If you wish to discuss this matter further, please feel free to contact me at 554-4290.

Sincerely,

RITA I. FLECK
Secretary/Records Manager
