Dear Mr. Holzhauser:

RE: PERMIT 96-8180 (ROBERT OR BEVERLY DAVIS)

Returned is the proof of beneficial use (proof) which you submitted to the department on June 9, 1988. The proof is not acceptable for the following reasons:

1. The permit is in the name of Robert or Beverly Davis. To change the ownership of the permit, the enclosed assignment form needs to be completed and filed with the department.

2. The proof is not complete, since it does not show the amount of development made under terms of the permit. The permit authorized the irrigation of up to 10 acres from an unnamed stream.

3. A license examination fee was not submitted as a part of the proof. If all of the 10 acres are under irrigation, the license examination fee is \$50. This is a one-time fee, not an annual fee.

As of July 1, 1988 the permit lapsed. Reasonable cause for reinstatement of the permit is submittal to the department within the next 60 days of the completed assignment form referred to above, a completed proof form and a license examination fee.

Please feel free to contact this office if you have questions.

Sincerely,

RITA I. FLECK

RE: Permit No. 96-8180

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before July 1, 1988. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code.
