Could you check on what the holdup might be? I would like to have this document and I have done everything asked of me.

Dear Mr. Bent:

We are in receipt of your letter dated February 13, 1985, regarding the above referenced permit. In answer to your question regarding the perfection of this permit, we find that the card you sent in to us was not a proof of completion of works card, but was a notice that stated you had commenced construction of your project.

In order for you to file proof of beneficial use for this right, we are enclosing a proof of beneficial use form. This form is used once the project has been completed and indicates to our regional office that you are prepared to have a field examination of your system conducted. Following the inspection of your system, the examiner will forward his findings to this office and a water right license will be issued.

If you have any further questions regarding this matter, please feel free to contact us.

Sincerely,

Dear Ms. Walker,

I am writing to ascertain the status of the water rights permit I requested over two years ago. Almost a year ago I received the application for permit with a card to return when the project was completed. I returned the card almost one year ago. The project is completed and we have been using water from in for quite some time.

My question is: when will I receive the certification of water rights? I have done the work and am now using the water. I do not know what else there is for me to do. I returned the card.

Please let me know what must be done to accomplish the task.

Sincerely,

Wayne C. Bent

Dear Mr. Bent:

We have received copies of your correspondence with our Northern Regional Office regarding your water right permit. Enclosed is a copy of the permit for your records. Please note that I have corrected your name and mailing address on the permit. I have also corrected our computer records.

We attempted to mail your permit to you on February 9, 1983, but it was returned to us for an address correction. I contacted the Bonner County Assessor for your current address but they had none for Wayne Curtis Bent. I am enclosing the letter and notice that were first sent with your permit.

We hope this error has not caused you any inconvenience. Please feel free to contact our office if you have any further questions.

File No. 96-8120

SUBJECT Applicant's Inquiry on Status of Water Right No. 96-8120

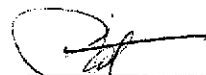

On 2/22/84, we received a letter from Mr. Wayne C. Bent inquiring about the status of his water right, copy enclosed. He filed the application and paid the fee on 11/15/82, but had heard nothing since.

It was discovered that Mr. Bent filed Application for Permit No. 96-8120; however, the application indicated his name as Bant, not Bent. (The signature was not legible.) Also, the address on the application is listed as Rt. 1 Box 47, Samuels, Id. 83862; whereas, it is now street address - 2400 Upper Gold Creek Road, Sandpoint, Id. 83864.

A check of the original file in Boise showed that his permit and Commencement of Works postcard were returned to the State Office saying that it was not deliverable as addressed, unable to forward. Kay Walker wrote a note to the file that said she called the Assessor's Office and found out there there was no property in Bonner County belonging to a Wayne C. Bant.

That is why Mr. Bent has not received his permit.

P.S. I assume that the State Office will make the changes on the computer since they have the original file.

Re: Permit No. 96-8120

Dear Mr. Bent:

Thank you for your letter of February 20, 1984, inquiring about the status of your above-referenced permit.

A check of our records indicates that your Application for Permit was filed in the name of William C. Bant, instead of Bent. This error is being corrected.

The Department did attempt to send you a copy of the permit to the address shown on the application, however, it was returned marked "Not Deliverable as Addressed, Unable to Forward". Our State Office is taking the necessary steps to see that you receive the permit in the near future.

If you have any further questions, please do not hesitate to contact me at this office.

Dear Mr. King,

This letter is a letter of inquiry regarding a water rights request. On September 22, 1982 you wrote a letter in answer to a request of mine for water rights. In this letter you stated I needed to fill out an application and pay the fee. On November 15, 1982 I came to your office and filled out the papers with your supervision. At that time I wrote you a check for \$30.00 which was cashed November 16, 1982 by the IDWR. I have filled out the forms and I have paid my money but alas I still do not have any communication from your office whether or not it was approved or not. I have heard nothing in over a year.

I would appreciate it if you could follow that through or at least return my money if nothing can be done with it. I know government offices can get quite busy and long delays are not rare but I do think a year is sufficient for processing the request. It only took one day to cash the check.

I still wait patiently and will be happy to hear from you as soon as possible.

Sincerely,
