Dear Property Owner(s):

Re: Permit No. 96-7893

This office has sent out a copy of the enclosed letter and some forms to Suzanne Lynn Devine, the permit holder(s) of record. The letter was returned to the department. I contacted the County Assessor's office and found that you are either now acquiring or have acquired a portion or all of the property covered under this permit.

If you are using the water for the uses described on the permit and you wish to continue with the process of developing a water right under this permit, you may want to have the permit in your possession or have both your names on the permit. If so, I suggest you complete the enclosed assignment form, sign it before a notary public and return it to this office. At that time, the department will acknowledge the assignment, conveying the permit to you.

If this office can be of further assistance, please feel free to contact me at 327-7900.

Sincerely,

RITA I. FLECK

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before October 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.
