CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Domestic use is for 13 homes.

Dear Mrs. Krell:

In response to your letter of May 15, 1990, the license issued on the above referenced right is a permanent license and does not need to be renewed. The license is valid as long as you continue to use the water as set forth in the license. The right can be forfeited by not using the water for a period of five years.

Also, your new address has been entered into our water right database.

If you have further questions, let me know.

Sincerely,

Dear Mr. Johnson:

We received the Water Right License for Kay-Co Community Well. I have one question. Is this Water Right License automatically renewed or do we apply for a renewal? If it has to be renewed how long before we need to make the application.

I sent in a change of address and received mail from your office at my new address from Rozanne McCarthy, Technical Reviewer. Evidently, the "change of address" didn't reach you as the new license was sent to my old address and forwarded to me.

Please note my new address:

Dear Ms. Krell:

Thank you for your timely response to our pre-license correspondence. I hope to answer your questions.

At the time of the field examination, our agent found water supplying a total of thirteen homesites. It is the policy of the Department to license domestic use to potential, as well as existing, homes. It is appropriate to license the two vacant sites at this time.

Your license protects your use of the water from its stated source (in this case groundwater). The license does not dictate from which well within the legal boundaries of the point of diversion you choose to take the water. In other words, minor changes in well sites do not matter at this time.

I hope this has served to answer your concerns; please feel free to contact me again if further questions arise.

Sincerely,

Re: Permit # 96-07843

Dear Mr. Johnson:

Department of Water Resources

I received your letter regarding a license for our water rights. The enclosed preliminary copy is being reviewed by an administrative office. I have a comment to add. There are only 11 homes serviced at this time and I don't believe we will add anyone in the new future. Does this make a difference? Also we had to have a new well dug at the same site. I am sending a copy of what I have from the Well Diggers as to capacity etc.

I have recently moved. Please send any correspondence to Kay-Co Community Well, c/o Thelma Krell, Secretary at 2743 E. 46th, Spokane, Washington 99223.

Thank you.

Dear Mrs. Krell:

Re: Permit No. 96-7843 -- Kay-Co. Community Well

This office has received and reviewed your letter of February 21, 1984 relative to "renewing" permit No. 96-7843. The permit is in good standing, however, I note that proof of beneficial use is due on or before January 1, 1985. Enclosed is a postcard on which to submit the proof if the project is complete. There is no charge for submittal of a proof card.

Your letter also made reference to lapsed permit No. 96-7248 to David Anthony. The reason that permit lapsed and became of no force or effect was that Mr. Anthony did not submit the proof of beneficial use to the Department. Hence, the process of developing of water right had to be started over and was the reason Application for Permit No. 96-7843 in the name of Kay-Co. Community Well was submitted to the Department.

If you have additional questions, please feel free to contact me at 334-4290.

Sincerely,
