Re: 96-7584 and 96-8076

Dear Mr. Walker:

I have attempted to conduct the required examination of your irrigation system as described in Permit No. 96-7584 and 96-8076, but I have been unable to find the system.

It is, therefore, necessary that you contact this office to schedule a time when you or your appointee can demonstrate the system to either myself or another agent of this Department.

If you do not contact this office prior to July 26, 1985, I will assume you are not taking water from the Pend Oreille River and commence cancellation procedures of these permits.

Sincerely,

TON D. KING

Dear Mr. Walker:

We acknowledge receipt of your statement of completion of water development and use for the above-referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We do not know at this time when he will be able to conduct the examination, however, the examiner will try to contact you at the time he makes the examination so that you may show him the system. If you will not be available to show the system, please provide this office with the name and address of someone who will be able to do so. Your permit will remain valid until the examination is made.

If you have any questions concerning the field examination, please contact this office. Please be sure to use the above-referenced permit number in all future correspondence concerning this examination.

Very truly yours,
