Dear Mr. Naylor:

We are in receipt of the licensing amendment of the above referenced permit and the \$20.00 amendment fee. Enclosed is Receipt No. 45352 in the amount of \$20.00.

Please be advised that prior to issuance of the license on this water right we must have some documentation that you have the authority to sign the licensing amendment. In Idaho, a water right permit is considered personal property and only the permit holder can make changes to the permit.

In this case, only Mr. DeJay G. Naylor is entitled to sign the amendment form. In order for our Department to accept your signature, we must have a power of attorney, a document declaring you as administrator of Mr. Naylor's estate, or an assignment of the permit from Mr. DeJay Naylor to you. We have enclosed an assignment of permit form for your convenience.

Please submit the requested documentation on or before December 1, 1987. If we have not heard from you by that date, we will have to review the file for possible cancellation.

If you have any questions, please feel free to contact me at 334-4123.

Dear Permit Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the findings of the Department's field examiner.

The enclosed application for amendment contains information that will be included on the license when it is issued. Please review carefully and if you concur, sign the amendment and return with the \$20.00 filing fee within 30 days.

If you do not concur with these findings or if you have any questions, please contact us within the 30-day period.

RE: 96-7562

Dear Mr. Naylor:

Enclosed is a copy of your approved application for the above-referenced permit.

We direct your attention to the conditions of approval as listed on the fourth page, more specifically to the condition requiring you to make provision to obtain a 60-day supply of water without diverting it directly from the creek. This condition is necessary because there is not sufficient unappropriated water in Lewellen Creek to supply you with domestic water during the summer months.

Several possible alternatives are available to you. Among those alternatives are:

1. You may wish to have a well drilled.
2. You may haul water from another source.
3. You may install a storage tank which could hold enough water diverted from the creek at times when water was plentiful to carry you through the dry period.

If you elect to install a storage tank, we suggest that it be of approximately a 10,000-gallon capacity for each household that you intend to serve with your system.

If you have any questions or if we may be of any service, please do not hesitate to contact us.

Sincerely,

Robert G. Haynes

Gentlemen:

Enclosed is a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to our office along with the publication bill. Your cooperation in this matter is appreciated.

Very truly yours,

ROBERT G. HAYNES, P.E.
District Supervisor
