Dear Mr. Haynes:

RE: DESHON, Our File No. 4574

I have received your letter of August 8, 1977.

Deshons are willing to amend their application to an amount of water reasonably necessary for irrigation of their lawn and garden, which is an area of about one (1) acre. Would your agency be willing to advise or assist in determining the amount needed?

Deshons are willing to amend their application. Let me know your desired procedure for an amendment. I would like to hasten this application if possible, as it has been over two (2) months since the application was filed.

Sincerely,

Gary A. Finney

Dear Mr Finney,

Our Boise office has returned the application you submitted in the name of Dan &/or Teresa L Dishon for further information. You have applied for .1338 cubic feet per second of water for domestic purposes for a single household. The recognized sufficient amount for a single household is 0.04 cubic feet per second. They are questioning the Dishon's need for an amount so far in excess of this figure and are asking for satisfactory justification for it. They are unable to proceed with the approval of the application until such satisfactory justification is forthcoming.

If we can be of any further assistance, please do not hesitate to contact us.

Sincerely,

ROBERT G. HAYNES, P.E.
