Dear Mr. Cooke:

Your letter of February 24 requested that the fee used for filing Claim to a Water Rights No. 96-4168 be transferred to the application for permit for Ralph Morrow.

This request is denied and your application is returned since that claim was not rejected. The claim was advertised in the Sandpoint Daily Bee and the information is currently being preserved in our files. We, however, still feel that the information is of no value in establishing a water right. You previously were also given the opportunity to exchange the claim document for the application for permit but you strongly objected to that in your September 13, 1976 letter.

Please return the enclosed application along with the required filing fee to our Northern Region Office as soon as possible so that the priority of the right may be established.

Sincerely,

BOB L. FLEENOR
