Dear Mr. Clark:

We acknowledge receipt of your statement of completion of water development and use for the above-referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We do not know at this time when he will be able to conduct the examination, however, the examiner will try to contact you at the time he makes the examination so that you may show him the system. Your permit will remain valid until the examination is made.

If you have any questions concerning the field examination, please contact this office.

Dear Mr. & Mrs. Clark:

It appears from your letter of October 2, 1979, that we can accept proof of beneficial use on Permit No. 96-7459 which covers your well. A field examination will be conducted by our Northern Regional Office in Coeur d'Alene. We cannot tell just when this exam will be made, but our field examiner will contact you.

However, Permit No. 96-7460 covers Rapid Lightning Creek which as yet appears undeveloped (diversion works). In this case an extension of time request needs to be submitted to extend the proof of beneficial use due date. Enclosed is an extension request form to be completed and returned as soon as possible.

If you have any questions, please contact us.

Dear Sir -

Received your letter of 14 Sept 1979, the other day. It was forwarded from Key West. This is to advise you I never received your 29 June 1979 correspondence and form mentioned in your later letter.

I completed the installation in my well in May or June 1979 and have a submerged pump supplying water to my cabin. I have plans to put another pump in Rapid Lightning Creek to supply water for my garden and for emergency use in case of fire. To date I have not done this but plan to do so next spring/summer.

I have two permits. I think the one for the well is 96-7460 but am not sure. Your records should indicate this. All of my records are in Key West and I don't expect to return there until next October 1980.

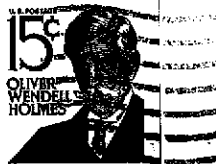

Please advise of any further information required to the above address.

Thank you
