Re: 96-7451

Dear Mr. Ostrow:

When Mr. Edwin Morse sold you the property lying within the NESW, Sec. 10, T55N, R2W, he neglected to assign Water Right No. 96-7451 to you. This permit allowed Mr. Morse to develop a spring for use in the home located on the property. He was allowed until August 1, 1977, to complete the development and show proof of beneficial use. A portion of this proof requires an examination of the system by an agent of this Department.

I have attempted to conduct the required examination, but have been unable to locate the spring. To avoid cancellation of this permit, you must contact this Department to establish an appointment to show the system to me or another agent of this Department.

If you have any questions, please contact me at this office.

Dear Mr. Ostrow:

I have recently learned that you have purchased property within the NESW, Sec 10, T55N, R2W, formerly belonging to Mr. Edwin Morse.

Mr. Morse applied for and was granted a permit to appropriate 0.06 cfs from a spring on this property. He was allowed until August 1, 1987, to prove beneficial use of this water. At his written request, I have attempted to conduct this examination but have not been able to locate the spring.

As present owner of this property, it is in your best interest to have the examination conducted and a license issued for the "perpetual" use of this water. Please contact this office to set a date that the examination may be conducted.

If you have any questions, please contact me at this office.

Dear Mr. Morse:

One of the conditions of approval of your water Permit No. 96-7451 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
