RE: Water Right Permit No. 96-7295

Dear Ms. Doherty,

On April 21 and May 26, 1983 I wrote to you in regards to the above referenced permit.

Today I received the licensing Amendment and filing fee from A. Gene Chantry. Before I can process the amendment and issue a license, I must obtain an Assignment of Permit from you.

In Idaho a Permit is considered personal property and can only be acquired when the permitholder assigns all or part of the permit to another party. Our records show you as the current permitholder.

If you no longer have any interest in the permit, I would recommend that you complete the enclosed assignment which would convey all your right and title in the permit to Mr. Chantry.

If you still have an interest in the permit, I would recommend that you complete the assignment which would convey your right and title in the permit to yourself and/or Mr. Chantry. This way the license could be issued in both names and either could take action on the license at a future date.

If ~~you~~ do not receive one of the assignments within 30 days the permit will be cancelled.

If you have any questions, please contact me at 334-4123.

Sincerely,

Robyn Carlson

RE: Water Right Permit Nos. 96-7034 and 96-7295

Mr. and Mrs. Allan Chantry
P.O. Box 276
Wellington, UT 84542

Dear Mr. and Mrs. Chantry:

In reviewing the above referenced permit, I find the following:

Permit No. 96-7295 - RLC Investment, Inc., is the current permit holder. On April 11, 1983, our office received a letter from RLC Investment, Inc. stating that you are the present owner of the property. As of this date, our office has sent a letter to RLC Investment, Inc. requesting an assignment of permit.

Permit No. 96-7034 - William Greene is the current permit holder. On March 14, 1983, our office sent a letter to William Greene in regards to amending the permit before a license could be issued. On March 21, 1983, the above letter was returned marked "Moved, not forwardable".

In Idaho, a permit is considered personal property and can be acquired when the permit holder assigns all or part of his interest in the permit to another party. In your case, both permits are in someone else's name. I believe RLC Investment, Inc. will assign Permit No. 96-7295 to you. However, a problem arises with Permit No. 96-7034.

I have enclosed an assignment form and suggest that you have it filled out and signed by William Greene for Permit 96-7034. If for some reason William Greene cannot be located, our office can accept a sale contract of the land to you by William Greene whereby the contract states the permit by number. If an assignment cannot be obtained then Permit No. 96-7034 could be cancelled.

If you have any questions, please contact me at 334-4123.

Sincerely,

ROBYN CARLSON

Dear Ms. Doherty:

Thank you for your letter of April 7, 1983, along with the return of the licensing amendment for the above referenced permit. From your letter it is my understanding that the real property for which this permit is for, has been sold to Mr. and Mrs. Chantry. In Idaho, a water right permit is considered personal property and can only be acquired when the permit holder assigns all or part of his interest in the permit to another party.

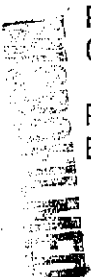

I have enclosed an assignment form for your convenience. Our records show you as the current permit holder. I recommend that you complete the assignment form and return it to our office. After we receive the assignment we will then be able to forward the licensing amendment to Mr. and Mrs. Chantry.
