RE: Permit No. 96-7279

Dear Sirs, Ms :

The above water permit was transferred to my wife and I on Dec 13, 1977. At the time of transfer the permit only had 1½ years to prove up on for approval of water rights.

We have done some work but are far from having the irrigation system complete. I would like to make a request of an extension of time, preferably a 5 year extension from the current due date of June 1, 1979.

We would greatly appreciate your approval of this request.

Please note change of address, Our current address is at top right corner of this letter.

Sincerely

Kenneth Clark

Dear Wateruser:

The enclosed Order removes the measuring device requirement as a condition of approval from your permit.

If you have installed the measuring device, the field examination can be more expediently conducted by the Department's field examiner as well as you will derive benefit from water management information which may be obtained from the installed meter.

If you have questions regarding this matter, please contact this office or our regional offices.

Sincerely,
