Dear Mr. Scheffler:

Enclosed is an application for permit form and instructions for filing. Any diversion of surface water after May 20, 1971, must be preceded by an approved permit from this Department to develop a legal water right.

This approval, however, does not constitute permission to trespass on Forest Service Land. You must obtain an easement from the Forest Service to do so. Please include a copy of your easement when submitting the application for permit to our office.

If you have any questions, or if we may be of any further assistance, feel free to contact us.
