Dear Ms. Hildahl:

We received the proof of beneficial use of water affidavits you submitted to this office for the City's Permit No's. 96-7059, 96-7106, and 96-7331.

The proof submitted on Permit No. 96-7331 is returned since that permit has been completed and a water right license has been issued for the full permitted amount.

Before licenses can be issued on your other two permits, a field examination must be made by a representative of this Department. The resulting licenses should be for the remaining capacity of your system.

A possible solution to the problem of which well is covered by which permit would be to change each permit to include all three wells as points of diversion. This possibility will be considered when the field investigation is made. The examiner will attempt to contact you at the time he makes the examination.

If you have any questions, please let us know.

Sincerely,

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
