Dear Mr. Pohndorf:

Your application for a permit to install a water line was received on March 8, 1979. The drawing you submitted did not include a plan view showing the relation of the proposed pipeline to Lots 14 and 15 in Peaceful Haven subdivision. Your application cannot be processed until the plan view drawing is furnished.

The files of the Department of Water Resources do not include a record of a water license or diversion permit in your favor. We suggest that you contact Department of Water Resources in Coeur d'Alene to obtain the necessary permit for your existing water source, as well as what you propose.

Dear Mr. Poelstra:

One of the conditions of approval of your water Permit No. 96-7070 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
