WATER RIGHT LICENSE

License of Water Right No. 96-7067 Priority August 4, 1971 Amount 0.21 cfs

THIS IS TO CERTIFY, that J. WRIGHT BAYLOR
of Priest River, Idaho, has complied with the terms and conditions of Permit
No. 96-7067 issued pursuant to Application for Permit dated August 4, 1971,
and has submitted proof to the Department of Water Resources on September 24, 1973,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.21 cfs of water from Pend Oreille Lake,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u> from <u>April 15</u> to <u>Oct. 15</u> at <u>0.21</u> cfs and			<u>39 acre feet or</u>
			<u>3.0 af per acre</u>
from _____ to _____ at _____ cfs and			
from _____ to _____ at _____ cfs and			

(both dates inclusive)

Subject, however, to the condition that no more than 0.21 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
39 acre feet per year, said waters to be diverted within ~~the~~ Lot 4 of Sec. 2,
Twp. 55 N, Rge. 4 W, B.M. in the County of Bonner

Description and location of place of use:

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
55 N	4 W	2								13									13
										(lot 4)									

Total number of acres irrigated 13

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 7 day of
January, 19 75.

NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that J. Wright Baylor, Route No. 1, Priest River, Idaho has on July 28, 1971 submitted Application No. 96-7067 for a permit to appropriate 0.25 cubic feet per second of water from Lake Pend Oreille by means of pump and pipeline within Lot 4, Sec. 2, T. 55N, R. 4W, B.M., Bonner County to be used from April 15 to Oct. 15 for the irrigation of 13 acres within Lot 4, Sec. 2, T. 55N, R. 4W, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Administration, Statehouse, Boise, Idaho, 83707, on or before September 13, 1971.

R. KEITH HIGGINSON,
Director.

Mr. Baylor:

A representative of this Department has made an examination of the works covered by your Permit No. 96-7067 and has found the following:

Quantity of water diverted: 0.21 cfs Source: Pond Oreille Lake

Amount of water that can be recognized as beneficially used under Idaho law: 0.21 cfs

The maximum quantity diverted shall not exceed 39 acre feet per year.

Beneficial use: For irrigation of 13 acres within the SE 1/4, Sec. 2, Twp. 55N, Rge. 4W

Point of diversion: Lot 4, Sec. 2, Twp. 55N, Rge. 4W, B.M.

Priority date established: August 4, 1971

If you do not concur with these findings, please advise us within 10 days; otherwise a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

Re: Permit No. 96-7067 & 96-7068

J. Wright Baylor
Route # 1
Priest River, Idaho 83856

Dear Mr. Baylor:

One of the conditions of approval of your water Permit No. 96-7067 & 7068 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Mr. J. Wright Baylor
Route #1
Priest River, Idaho 83856

Dear Mr. Baylor:

We are returning your two applications for permit and personal check #92-311 in the amount of \$35.00. We find in reviewing these two applications that there are several questions that need clarification before we could continue with their processing.

Under item #3 of the first application for irrigation, you have indicated that the point of diversion is in Lot #4, Sec. 2, T. 55N, R. 4W, B.M. In checking our plats, Lot #4 appears to be in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of the same Section, Township and Range. However, this does not agree with your map on page three of the application. We also wish to advise you that item #4 of the application must list a specific quantity of water for your irrigation needs. Under normal conditions, the maximum quantity of water that the Department of Water Administration could approve for appropriation for irrigation, would be one miners inch, or 0.02 cubic feet per second, per irrigated acre. As you have further indicated in the application that you will irrigate only 13 acres, we would probably approve only 0.26 cubic feet per second, instead of the 0.8 or 0.9 cubic feet per second that you have requested. Item #7a should also be completed. We can allow up to five years for you to once again apply the water to a beneficial use.

Application #2 also lists the point of diversion as being in Lot #4. However, you have neglected to list the Section. We would assume this to be Section 22, from further reviewing the application. Under item #4, you have listed a quantity of 0.2 cubic feet per second for irrigational purposes. This would also appear to be somewhat excessive, as you are intending to irrigate only 1 $\frac{1}{2}$ acres.

Please clarify these issues and re-submit the application so that we may begin the processing of these applications. The filing fee for these applications could be determined from page three of the enclosed instructions for filing a permit.

If you should have any further questions in reference to this matter, please do not hesitate to contact this Department.

Very truly yours,

Dorian Clay
Appropriation Examiner

Dear Mr. Baylor:

We are enclosing an application form and set of instructions for your use in appropriating Idaho's public waters. We find that Permit No. 24447 has been cancelled for your failure to comply with the terms and conditions of the permit. Therefore, before you can start re-using water under Idaho's new appropriation system, you must file and secure approval of the Department.

If you have any questions on the matter, please contact us.

Very truly yours,

In haste to clarify points in 9, I checked +
rechecked locations on soil Con. + other aerial maps I have
and feel my original designations correct as for the
sheet I have torn out of SCS booklet to show you -

Re. App I the point noted is clearly in $SE \frac{1}{4}$ of $NW \frac{1}{4}$ - Line comes
up steep bank + under highway + on to pasture marked.

Re App II the point is about on the line as shown so I listed
in $SW \frac{1}{4}$ of $NW \frac{1}{4}$.

as to amount - that I gave seemed high but I talked with an
irrig man by long dist + we came up with this - on double
check was much less. I'm not hep to this so only tried to
get correct picture for you. Just corrections make sense -

You are espec correct on no II since only a small area + only used every
2 or 3 days so not much water used.

~~Just~~ check encl

Thanks sincerely,

B.

Mr. J. Wright Baylor
Route #1
Priest River, Idaho 83856

Dear Mr. Baylor:

We are returning your two applications for permit and personal check #92-311 in the amount of \$35.00. We find in reviewing these two applications that there are several questions that need clarification before we could continue with their processing.

Under item #3 of the first application for irrigation, you have indicated that the point of diversion is in Lot #4, Sec. 2, T. 55N, R. 4W, B.M. In checking our plats, Lot #4 appears to be in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of the same Section, Township and Range. However, this does not agree with your map on page three of the application. We also wish to advise you that item #4 of the application must list a specific quantity of water for your irrigation needs. Under normal conditions, the maximum quantity of water that the Department of Water Administration could approve for appropriation for irrigation, would be one miners inch, or 0.02 cubic feet per second, per irrigated acre. As you have further indicated in the application that you will irrigate only 13 acres, we would probably approve only 0.26 cubic feet per second, instead of the 0.8 or 0.9 cubic feet per second that you have requested. Item #7a should also be completed. We can allow up to five years for you to once again apply the water to a beneficial use.

Application #2 also lists the point of diversion as being in Lot #4. However, you have neglected to list the Section. We would assume this to be Section 22, from further reviewing the application. Under item #4, you have listed a quantity of 0.2 cubic feet per second for irrigational purposes. This would also appear to be somewhat excessive, as you are intending to irrigate only 1 $\frac{1}{2}$ acres.

Please clarify these issues and re-submit the application so that we may begin the processing of these applications. The filing fee for these applications could be determined from page three of the enclosed instructions for filing a permit.

If you should have any further questions in reference to this matter, please do not hesitate to contact this Department.

Very truly yours,

Dorian Clay
