NOTICE OF APPLICATION
FOR WATER
NOTICE IS HEREBY GIVEN
that the Oden Water Association,
Inc., Sandpoint, Idaho, Route No. 1
has on June 24, 1968 applied for
permit to divert 1.0 cubic feet per
second of water from Lake Pend
Oreille, tributary of the Colum-
bia River under application No.
96-7011. Water will be diverted
by a pipe, pump, and filter to a
storage tank within the SE 1/4 SW 1/4
sec. 6, T. 57 N., R. 1 W., B.M., Bon-
ner County and is to be used
from January 1 to December 31
for domestic use in sections 19,
20, 26, 27, 28, 29, 31, 32, 33, 34,
T. 58 N., R. 1 W., B.M. and sec-
tions 1, T. 57 N., R. 2 W., B.M. and
sections 3, 4, 5, 6, and 8, T. 57
N., R. 1 W., B.M.
Any protest against this appli-
cation must be filed with the De-
partment of Reclamation within
ten days from the last date of
publication of this notice.

LICENSE OF WATER RIGHT

License of Water Right No. 96-7011 Priority 6-24-68 Amount .31 cfs

THIS IS TO CERTIFY, that Oden Water Association, Inc.
of Sandpoint, Idaho, has complied with the terms and conditions of Permit
No. 96-7011 issued pursuant to Application for Permit dated June 24, 1968,
and has submitted proof to the Department of Water Administration on September 22, 1969,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of .31 cfs, and that the water has in fact been applied to a
beneficial use; a right to the use of water from Lake Pend Oreille
tributary of Columbia River, is hereby confirmed in the following amounts:

Amount .31 cfs for Domestic from Jan. 1 to Dec. 31 (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Subject, however, to the condition that no more than .31 cfs of water be diverted at
any one time, said waters to be diverted within the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8, T. 57N, R. 1W, B.M.

in the county of Bonner; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 123.2 acre feet per year or _____
_____ acre feet per acre.

Description and location of place of use:

1. Name of applicant ODEN WATER ASSOCIATION, INC.
post office address Sandpoint, Idaho 83864 Route 1
2. Source of water supply Pend Oreille Lake which is a tributary of Columbia River
3. a. Location of point of diversion is SE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 8 Township 57 N
Range 1 W B.M. Bonner County; additional points of diversion if any: _____

b. If water is not consumed, it will be discharged into _____ at a point in _____ $\frac{1}{4}$
of _____ $\frac{1}{4}$ of Section _____ Township _____ Range _____ B.M.
4. Quantity to be appropriated:
a. (One (1)) cubic feet per second and/or
b. _____ acre feet per annum will be stored.
5. Water will be used for the following purposes:
Domestic purpose from (perpetual) to _____ (both dates inclusive)
_____ purpose from Jan 1 to Dec 31 (both dates inclusive)
_____ purpose from _____ to _____ (both dates inclusive)
6. Proposed diverting works:
a. Description of ditches, flumes, pumps, headgates, etc. Pipe, pump and filtering plant.
Water will be pumped from inlet through 4 in. pipe line to the filter
plant and from there in 6 and 8 in. pipe, approximately 1 mile to
100,000 gal. storage tank. Approximately 26 miles of distribution
system by gravity.
b. Height of storage dam _____ feet; active reservoir capacity _____ acre feet; total reservoir
capacity _____ acre feet; materials used in storage dam: _____

c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
7. a. Time required for the completion of the works and application of the water to the proposed beneficial use
is one years.
b. Estimated construction cost is \$ 260,000.00.
8. Description of proposed uses:
a. If water is **not** for irrigation:
(1) Give the place of use of water: _____ $\frac{1}{4}$ of _____ $\frac{1}{4}$ of Section _____ Township _____
Range _____ B.M. Secs. 19, 20, 26, 27, 28, 29, 31, 32, 33, 34, T58
N. R 1WBM; Sec. 1, T57, R2WBM and Sec. 3, 4, 5, 6 & 8,
(2) Amount of power to be generated: _____ hp under _____ feet of head. T57, R 1 WBM.
(3) List number of each kind of livestock to be watered _____

(4) Name of municipality to be served _____, or number of families to be
supplied with domestic water 125.
(5) If water is to be used for other purposes describe: _____

96-7011

b. If water is for irrigation, indicate acreage in each subdivision in the tabulation below:

[illegible]

Total number of acres to be irrigated.

None

c. Describe any other water rights used for the same purposes.

9. a. Who owns the property at the point of diversion Oden Water Assn., by easement to shore line of lake.

b. Who owns the land to be irrigated or place of use.

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the

applicant to make this filing—

10. Remarks	The Oden Water Assn., is organized under Chapter 10, Title 30, Idaho Code for the operation of a domestic water system.
-------------	---

Idaho Code for the operation of a domestic water system.

[illegible]

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

By: Jack Hickey
(Applicant) Jack Hickey, President

96-7011

State Reclamation Engineer

Witness my hand this 23rd day of October 19 68.

2. Denial of said application is for the following reasons:

by the department as part of the diverting works.

c. Other: The applicant shall permanently install a measuring device of a type approved

before November 1, 19 69.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

1. Approval of said application is subject to the following limitations and conditions:

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 96-7011, and said application is hereby APPROVED.

Permit No. 96-7011

This proof is for 1.0 cfs PROOF - .4 cfs

In Water District No. Route 1

1. Name of applicant Oden Water Association, Inc., Sandpoint, Idaho 83864

2. Source of water supply: Pend Oreille Lake

3. Location of point of diversion: Is in the SE 1/4 of Section 8

T. 57 N R. 1 W County of Bonner

4. Describe works as they exist, giving dimensions and capacities of same:

PERMIT - pipe, pump and filtering plant. Water will be pumped from inlet through 4" pipeline to the filter plant and from there in 6 & 8" pipe, approx. 1 mile to 100,000 gallon storage tank. Approx. 26 miles to distribution system by gravity.
PROOF - Water is passed thru filtering plant prior to use. Plant capacity is 155 gpm.

w/5 HP submersible pump and from plant to storage tank w/15 HP centrifugal pump.

Storage is 100,000 gallon concrete tank.

5. Water is used for: domestic (125 families)

6. State whether or not water has been turned into works of diversion:

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Place of use: Secs. 19, 20, 26, 27, 28, 29, 31, 32, 33, 34, T. 58 N, R. 1 W;

Sec. 1, T. 57 N, R. 2 W; and Sec. 3, 4, 5, 6, & 8, T. 57 N, R. 1 W.

(information on front page)

40,150,000 gal/year

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: PERMIT - The Oden Water Assn., is organized under Chap. 10, T. 30, Idaho Code, for the operation of a domestic water system.

PROOF - Actual service to members of the Oden Water Assn began Aug. 1, 1969.

Measured 140 gpm by direct reading from a Rockwell meter which was installed. Pumps from Pend Oreille Lake. P.P. is correct.

$$\frac{140}{450} = .31 \text{ cfs}$$

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Gentlemen:

This is to advise that the meter you have installed as a measuring device on the above referenced permit is accepted by the Department of Reclamation.

We acknowledge receipt of the affidavit submitted as proof of beneficial use for permit 96-7011. However, before a license can be issued a field examination must be made by a representative from this department.

We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than you should be contacted by the examiner, please advise.

Very truly yours,

Donald W. McEldowney

Dear Mr. Allred:

Please refer to your letter of October 17, 1969, in reference to an application permit No. 96-7011 - Oden Water Association.

This is to advise that we have now installed a 4" water meter in the raw intake line for the filter plant on the above-captioned project.

I trust that this will now complete the requirements for approval of our permit as discussed in our various correspondence.

Boise, Idaho 83707

Dear Mr. McEldowney:

Re: Permit No. 96-7011
Oden Water Assn

I have your letter of September 26, 1969, addressed to the Oden Water Association at Sandpoint, Idaho. This letter refers to the requirement for a measuring device to be incorporated in the water diversion equipment for this Association's water system. I am sorry that the requirement for such a measuring equipment had never come to my attention. Installation of a meter in the piping system would now be a rather difficult problem and inasmuch as the system is a closed pipe arrangement, I can see no practical way of providing a weir or flume. However, the flow of water diverted from the lake in this plant can be very easily measured by timing the rate of rise in the 6 foot diameter mixing tank when the raw water pump is operating. The volume of this tank is 17.6 gallons per inch of depth. I hope that this will be a sufficient means of measurement for the water being used.

At any time you would wish to make an inspection of this plant, I would be happy to accompany your inspector and help in any way possible to make the necessary tests.

In reference to the descriptions for the point of diversion, the proof form should list the same description as that on the permit, namely, the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8.

I hope this will serve to answer any questions of requirements in order that this permit may now be completed.

Very truly yours,

K. A. Durtschi

Re: Permit No. 96-7011

Oden Water Association, Inc.
Route 1
Sandpoint, Idaho 83864

Gentlemen:

This office is in receipt of your affidavit setting forth proof of application of water to beneficial use under Permit No. 96-7011. You have stated that you have not installed a measuring device as required under your permit. As you may be aware, before we can issue a license, we are required by law to conduct an inspection to determine the amount of beneficial use that has been made under the permit. To accomplish this, we would require the use of the measuring device set forth under the terms of your permit.

In the event that we were to make the inspection and the measuring device was not installed, our probable course would be to deny the proof of application of water to beneficial use and the permit would lapse.

I would appreciate hearing from you as soon as possible as to your intentions regarding the installation of a measuring device. Please indicate what type and when you intend to install that device.

Also, there seems to be a discrepancy between the proof affidavit and the permit. The point of diversion is listed on the permit as being within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 8, whereas the proof form lists the point of diversion within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 8. If the proof form is indeed correct, you will be required to submit an application for amendment. Please advise of the correct location of the point of diversion.

If you have any questions regarding the above, please advise.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Re: Permit No. 96-7011

Oden Water Association, Inc.
Route # 1
Sandpoint, Idaho 83864

Gentlemen:

One of the conditions of the approval of your permit no. 96-7011 was that proof of application of the water to beneficial use be submitted to this office on or before November 1, 1969.

Enclosed is an affidavit form which must be used to submit this proof. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code Amended.

Either the proof or a request for extension of time must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

State Reclamation Engineer

Re: Project 81-67
Oden Water Association

Dear Mr. McEldowney:

I have your letter of September 23, 1968 to the Oden Water Association at Sandpoint, Idaho. This was in reference to additional information required to justify the request for water rights. This is a new domestic water system being constructed to serve farm and other rural residences in an area approximately three miles square to the north and east of Sandpoint. The anticipated initial service load would be 110 to 120 connections for domestic use including household, livestock and garden and lawn irrigation. It is anticipated that the demand on this system will increase to the design capacity of 165 members in the very near future.

There will be several standpipes located about the project for use in filling of fire trucks.

This will serve, with domestic water, many people who have lived in this area for quite a long period and who have been without an adequate water supply until this time.

I hope this will provide the information required.

Very truly yours,

K. A. Durtschi

Re: Application for Permit No. 96-7011

Oden Water Association
Route #1
Sandpoint, Idaho 83864

Gentlemen:

Before final action is taken on your application we will require some additional information. The Department needs some justification' as to the quantity of water you are requesting. This justification could be in the form of a resume of your system's existing demands and requirements, your projected demands and requirements, fire protection demands and requirements, number of taps served for domestic purposes, industrial needs, other beneficial uses, projected increase for connections, and a capacity description of your complete system at this time and the proposed system. Any other information which you may have regarding this matter would be beneficial.

Your prompt reply to this inquiry is appreciated.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Sanpoint News-Bulletin
Sandpoint, Idaho

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.

Signature of claimant

Very truly yours,

Re: Oden Water Assn., Inc.

Dear Mr. Higginson:

Enclosed herewith find Application to Appropriate Water from Pend Oreille Lake, by the Oden Water Association, which is signed by Mr. Hickey as president. Enclosed with the Application is an outline map of the project showing the point of diversion, tank, filter bed and pipe lines. If a more detailed map and specifications are necessary, these can be furnished by our engineer on request.

Our check in the sum of \$20.00 is also enclosed herewith.

Very truly yours,
