RECEIVED

NOV 16 1983

Mr. William R. Gruner
1121 E. Rawhide
Gilbert, Az. 85234

Department of Water Resources

Dear Mr. Gruner:

I am returning your Check No. 91-1 in the amount of \$30.00 and your Claim to a Water Right for a variety of reasons.

Most importantly, you have mentioned several proposed uses. The purpose of a Claim is to make a record only of the use of the surface water prior to May 20, 1971, or the use of groundwater (that water which did not come to the surface prior to excavation of a well) prior to March 25, 1963. You have mentioned several proposed uses of the water in Item No. 6b, one of which is listed in Item No. 3. For the claim to be of any value to you, be certain that you only identify those uses which commenced on or before the date you place in Item No. 1. I am enclosing some extra claim forms, in case you need to file on springs and groundwater.

I am uncertain what sources of water you mean by the statement "2 wells and springs". If the wells are independent of the springs, they must be filed on a separate claim. If the wells are the method used to develop the springs, please erase the portion of the statement which refers to the wells, and describe the method used to appropriate the water in Item No. 5b., i.e., "Well (36" x 20') and Well (36" x 10') with two 3/4 h.p. pumps and 1" PVC pipe to...".

In Item No. 3, you have indicated 4 AF/Ann for irrigation. AF/Ann is used only for storage, so you must indicate the diversion rate for irrigation in GPM or CFS. If you and your predecessor have been storing water since 1941, then you must also list a diversion rate in GPM or CFS for storage. I am enclosing an "example format" that deals intirely with how to record stored water. The format was intended for use on an Application for Permit, so the numbers do not match, but the information would be the same.

Item No. 4 must indicate the total appropriation and therefore cannot exceed the amounts listed in Item No. 3.

The legal descriptions you provided in your letter are different than the legal description you have listed in Item Nos. 5a, 6a and shown on the map. I have taken the liberty of outlining in pencil on the map,

MICROFILMED

Mr. William R. Gruner
Page Two

the legal descriptions from your letter. As you can see, the point of diversion and places of use listed on the claim all fall outside the property described in your letter. You have also mentioned a total of 10 irrigated acres in Section 15, but you did not show within which 40-acre tract they are located.

Please remove all information relating to proposed projects in Item No. 6b and elsewhere on the claim, and list the number of stock historically watered. There is a space for this purpose under Item No. 6b.

When you are prepared to appropriate and use water which has not been used on or prior to the date in Item No. 1, you must file an Application for Permit.

If you have any questions, please contact me at this office.

Sincerely,

TOM D. KING
Senior Water Resource Agent
