Dear Mr. Cuff:

We are in receipt of the correspondence concerning ownership of the above referenced water rights claims.

In Idaho, a claimed water right is considered real property and is acquired when the property to which it is appurtenant is purchased. Proof of owning the land is proof of owning the water right claim, if the previous land owner did not exclude the water right from the sale. Therefore, we will place your correspondence in the files for future reference only and no further action will be taken.

If you have any questions, please let us know.

Sincerely,

Sharla Curtis
