Mr. William R. Brees
Route 1, Box 65-C
Priest River, ID 83856

Dear Mr. Brees:

As was discussed with your wife on May 17, 1974, we are returning the Claim to a Water Right for notarization, and to quantify the water used from Crystal Creek. We are also enclosing another Application for Permit form so that you may establish a new water right from Crystal Creek for irrigation purposes.

The Application for Permit for irrigation from Hoodoo Creek is in correct form, and we have begun its processing.

In reviewing the water rights for your land, we find that Water License No. 96-2214 in the name of Lloyd Bennett applies to 40 acres in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$, and 26 acres in the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$. If you have sold the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ with water rights, then you would have retained 26/66 or 39 per cent of the water right for the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$. This would be approximately 0.11 cubic feet per second of water or 50 gallons per minute with a 1952 priority. The new application will have a date of priority of 1974.

We hope this answers any questions you may have concerning the water rights. We will begin processing your Claim as soon as we receive it. If you have any questions, feel free to contact our office.

Very truly yours,

FRED EISENBARTH
Northern District Manager
