Mrs. W. C. Stansbury

Spokane, WA 99206

Dear Mrs. Stansbury:

An Application for Permit must be filed to develop a legal water right on any water diverted from a ground water source after March 25, 1963 (excepting a well drilled for a single household). Any surface water diverted after May 20, 1971, must also be preceded by an approved permit from this Department. The above includes proposed new systems and enlargements of existing systems for development of larger quantities of water (Section 42-201 through Section 42-229, Idaho Code).

Existing water rights developed through diversion and application of water to a beneficial use prior to the above dates, may be recorded by filing a Claim to a Water Right with our Department; however, it is not mandatory to do so (Section 42-225b, Idaho Code).

We have enclosed an Application for Permit form and also a Claim to a Water Right form for your use. Please complete the necessary form and return it to our office along with the required filing fee.

Feel free to contact this office if we may be of any further assistance.

Very truly yours,

Fred Eisenbarth
