Section 42-225a, Idaho Code

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. **The filing of this claim does not confirm the water right but will serve for information purposes only.** It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that John W. &/or June Whipple
(name of claimant)
of 13328, Terrance Dr., East Wenatchee, Wash., claims a right to the diversion and beneficial use of

Mr. & Mrs. J. W. Whipple
1328 Terrace Drive
East Wenatchee, WA 98801

Dear Mr. & Mrs. Whipple:

An Application for Permit must be filed to develop a legal water right on any water diverted from a ground water source after March 25, 1963 (excepting a well drilled for a single household). Any surface water diverted after May 20, 1971, must also be preceded by an approved permit from this Department. The above includes proposed new systems and enlargements of existing systems for development of larger quantities of water (Section 42-201 through Section 42-229, Idaho Code).

Existing water rights developed through diversion and application of water to a beneficial use prior to the above dates, may be recorded by filing a Claim to a Water Right with our Department; however, it is not mandatory to do so (Section 42-225b, Idaho Code).

We have enclosed an Application for Permit form and also a Claim to a Water Right form for your use. Please complete the necessary form and return it to our office along with the required filing fee.

If we may be of any further assistance, feel free to contact this office.

Very truly yours,

Fred Eisenbarth
Northern District Manager
