

Name of Applicant Austin Corbin 2nd

Permit No. 13498

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF ~~IDAH~~ ^{Washington}County of SpokaneAustin Corbin 2nd
Austin Corbin, 2nd,

} ss.

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 13498, and that his postoffice address is Spokane
State of Washington

Second: That the name of the stream from which said water is to be diverted is Prickett

Springs Prickett Springs

Third: That the point of diversion of said water is South 20 42' East 1605 ft.
distance from the NW corner Sec. 3 T. 52 N. R. 3 W. B. M. ✓

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by April 11, 1919 ✓

Fifth: That the use for which said water is intended is domestic and irrigation ✓

Sixth: That prior to the date on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Dam and Pipe

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: _____

(a) Height of dam 4½ feet, length of dam at top 35 feet, length of dam at bottom 30 feet. Material used in construction Reinforced-Concrete

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir See Par. 9 acre feet.

(c) Size of headgate: Width 8-in. Gate Valve feet, height _____ feet.

(d) Conduit Pipe width at bottom _____ feet, width at water line _____ feet, depth of water _____ feet; diameter of pipe 8 inches; average grade per mile is One hundred feet. Length of conduit is One miles.

Seventh: That said works are capable of conducting to the place of intended use _____
Two second feet of water.

Eighth: That water appropriated under said permit is available for 197 acres of land described as follows: In Sec. 33, Twp. 53 N., R. 3 W. : All of S.E. ¼ of S.W. ¼ and all of South ½ of S.E. ¼.
In Sec. 4, Twp. 52 N., R. 3 W. : 12 Ac. of N.E. ¼ of N.E. ¼, 25 Ac. of N.W. ¼ of N.E. ¼ and all of N.E. ¼ of N.W. ¼.

Ninth: Remarks: That the Dam Consists essentially of a Gore-Wall built almost entirely below the ground surface and does not impound any appreciable amount of water.

Austin Corbin 2nd

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

95-2057

Application No. 19214.
Permit No. 13498.
District No. 94.

1. Name of Applicant: Austin Corbin, 2nd.,

Postoffice address: Spokane

County: Spokane

State: Washington.

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 2 cubic feet per second.

3. Source of water supply: Springs which is a tributary of

4. Location of point of diversion: S. 20° 42' E. 1605 feet distant from the NW corner of Section 3, T. 52N., R. 3 W., B. M., and is in the SW $\frac{1}{4}$ NW $\frac{1}{4}$, of Section 3, T. 52 N., R. 3 W., B. M., County of Kootenai.

5. Water is to be used for: domestic purposes, furnishing water for families, stock & irrigation.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 3000.00 Ditches and flumes will be used only for the distribution of water in the field.

8. Kind of works: Dam, ditch, flume and pipe.

9. Height of dam 4 feet; length of dam at top 10 feet; length of dam at bottom 6 feet; material used in dam Lumber.

10. Size of headgate: Width one feet; height one feet.

11. Ditch: Width at bottom No ditches feet; width at water line feet; depth of water feet; dimensions of flume No flumes (See par. 8)

Diameter of pipe 8 inches; length of conduit 1 $\frac{1}{2}$ miles.

Average grade per mile one hundred feet.

12. The time required for the completion of such work is one years.

13. The time required for the complete application of the water to the proposed use is one additional years.

14. The land to be irrigated is described in the following tabulation: See Remarks.

13498

15. (a) Is reservoir to be used? No. If so, fill in (b) and (c) below.
 (b) Name of reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Austin Corbin, 2nd. Applicant.

By Agent.

Date of first receipt at office of State Engineer 9:00 A. M. April 4, 1918.

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 13498.

Recorded in Book 47 Page 13498 Approved April 11, 1918.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before June 10, 1918 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before October 11, 1918.

The whole of said work to be completed on or before April 11, 1919.

Beneficial use of water appropriated in accordance herewith, to be made on or before April 11, 1920.

Witness my hand this 11th day of April, 1918.

Fred A. Wilkie, State Engineer.

Remarks:

14 Twp	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼

Department of Water Resources

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

RE: PERMIT NO. 13498.

Mr. Austin Corbin 2nd,
P. O. Box 2174,
Spokane, Washington.

Dear Sir:-

Referring to your letter of the 29th ult. would say that, in going through the file of the above permit we find that the certificate of completion of works and water license had been placed in the file instead of returning same to you after the corrections were made. We are, therefore, mailing them to you herewith.

Very truly yours,
GEO. N. CARTER
Commissioner of Reclamation.

October 29th, 1929

The State Engineer of Idaho
Boise, Idaho

Dear Sir:

The copies of the correspondence that
I am herewith enclosing I think are self explanatory.

I will ask you the following questions:

1. Are the papers in question in your office?
2. If so, are they in shape to return to me?
3. And if they are returned to me, is my water
right complete and in good order?

Thanking you for the information that
you may give me,

Yours very truly,

Mr. Austin Corbin Second
P.O. Box 2174, Spokane, Wash.

My dear Mr. Corbin:-

Yours with my letter of Feb. 5th, 1919 enclosed,
received. At the present time I have no recollection of this
matter and all I could say would be what is shown in the letter
itself.

From the letter it appears that the papers were
returned to the State Engineer for some purpose and he decided
to hold them pending further information. I have no recollection
of what was done further but as we did not take steps to have the
papers returned unquestionably they are still with the State
Engineer.

I return you herewith the letter I wrote you.

Yours truly,

Ezra R. Whitla

Mr. Ezra R. Whitla
Coeur d'Alene, Idaho

My dear Mr. Whitla:

Referring to your original letter of February 5, 1919,
herewith enclosed.

This is ancient history but lately I had occasion to
look through my files on this subject and was unable to locate the
final papers showing my ownership in this water right. I suppose
these final papers are "The certificate and license" -- have these
been sent me and I mislaid them or are they still in the possession
of the State Engineer?

Are you able to enlighten me?

Please return your letter herewith enclosed.

Thanking you for the trouble to which I am putting you,

Yours very truly,

Mr. Austin Corbin 2nd,
Spokane, Wash.

My dear Mr. Corbin:

I have received the following letter from the State Engineer, which explains itself:-

"Re Permit No. 13498- Austin Corbin 2nd.

"Ezra R. Whitla, Attorney
Coeur d'Alene, Idaho

Dear Sir:-

"Replying to your letter of January 30th, in which you return certificate and license issued under the above permit, would say that the license was issued for the land shown to be under cultivation and irrigation by the report of Neal S. Coventry, Examining Engineer. If other lands than those shown in the report were under cultivation and irrigation at the time proof was made, the holder of the permit should ask for a supplemental report by Mr. Coventry showing the additional acreage under cultivation. The license will then be corrected in this particular.

"The statement that Certificate of Completion of Works with a carrying capacity of 0.2second feet of water is a clerical error and has been corrected as the certificate shows a capacity of 2 second feet.

"The certificate and license will be held here pending further information from the Engineer.

Yours very truly,
Fred A. Wilkie,
State Engineer,
By C. Brown."

Kindly advise me what you desire to do in the matter.

Yours very truly,

13498
Ezra R. Whitla

February 1, 1919.

Re Permit No. 13498-Austin Corbin, 2nd.

Ezra R. Whittle, Attorney,
Coeur d' Alene, Idaho.

Dear Sir:

Replying to your letter of January 30th, in which you return certificate and license issued under the above permit, would say that the license was issued for the land shown to be under cultivation and irrigation by the report of Neal S. Coventry, Examining Engineer. If other lands than those shown in the report were under cultivation and irrigation at the time proof was made, the holder of the permit should ask for a supplemental report by Mr. Coventry showing the additional acreage under cultivation. The license will then be corrected in this particular.

The statement that Certificate of Completion of works with a carrying capacity of 0.2 second feet of water is a clerical error and has been corrected, as the certificate shows a capacity of 2 second feet.

The certificate and license will be held here pending further information from the engineer.

Very truly yours,

FRED A. WILKIE,

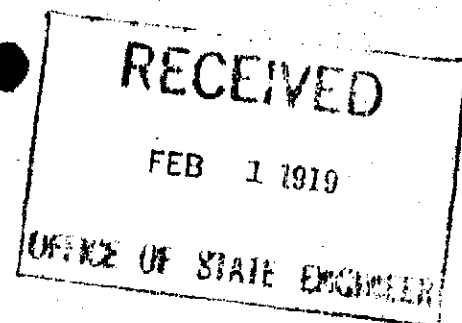

State Engineer.

CB*NC

13498

EZRA R. WHITLA
ATTORNEY AT LAW
COEUR D'ALENE, IDAHO

January 30, 1919.

State Engineer,

Boise, Idaho.

Dear Sir:-

Mr. Austin Corbin, 2nd filed application and received permit No. 13498 to appropriate the waters of this state and apply the same upon the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ and the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$, and the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$, and the SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Sec. 33, Twp. 52, North, Range 3, W. B. M. and twelve acres in the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ and twenty-five acres of the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ and the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of section four, same township and range. Thereafter he made application to make proof of completion of works and to prove up on said water right showing that two cu. ft. per second had been applied and that ~~whereas~~ the works were capable of handling that amount. The testimony of the Engineer who made the investigation showed that the works were capable of handling two cu. ft. Some days ago I received the certificate of completion of works and also the license certificate of water right thereon but notice in the certificate of completion of works that it limits the amount of water to one second ft. instead of two as the works provided for. In the license and certificate of water right it reads: That certificate of completion of works with a carrying capacity of 0.2 second ft. was issued thereon, December 21, 1918. It seems to me that this is simply a typographical error and that it should be two second ft. of water all the way through instead of 0.2 ft in one place and 0.1 ft in another.

Also I notice in the license and certificate of water right that all of the land upon which it is expected to use this water is not mentioned. The water was not actually used on all of the land during the past year as it was in process of being cleared and as the rotation of crops will be put in from year to year it will be used on part of the land one year and perhaps not on the same piece the next year so I think the license certificate of water right should cover all of the tracts described in the certificate of completion of works.

I am returning you herewith the papers and wish you would advise me if that changes I mentioned should not be made and if so, kindly correct the certificate of proof of completion of works and the license certificate of water right, and return to me at your early convenience.

Yours very truly,

Ezra R. Whitla

Dear Sir:- Re Permit No. 13498.

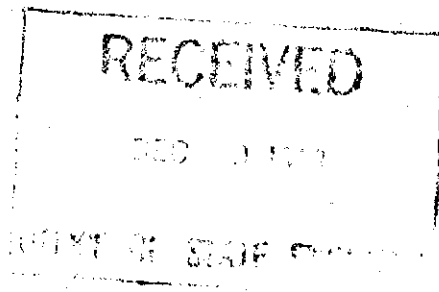

In the above matter the last letter I received from you stated you would approve the application and issue the permit as soon as the fee of Five Dollars was sent to you which I proceeded to do at once, but have not received any notice about the granting of the permit or anything further thereon.

Will you kindly advise me if the same has been granted so that I can close the same up.

Yours very truly,

Ezra R. Whitia

Re Permit No. 13498- Austin Corbin, 2nd.

Mr. Ezra Whitla,
Attorney at law,
Coeur d'Alene, Idaho.

Dear Sir:--

Am in receipt of your letter of the 26th inst., enclosing check for \$5.00, fee for proof of completion of works under the above permit. This is the only check we have received for proof under this permit. No fees are charged by this office on the proof of beneficial use of the water where the expense of the examination is paid by the holder of the permit.

The certificate and license will be issued just as soon as we can get to them.

Very truly yours,

FRED A. WILKIE,

State Engineer.

NOTICE FOR PUBLICATION.

Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that at 10
a. m. on the 12th day of October,
1918, at Coeur d'Alene, County of
Kootenai, State of Idaho, before Rog-
er G. Wearne, Notary Public, proof
will be submitted of the application to
beneficial use of two (2) cubic feet
per second of the waters of Prickett
Springs in accordance with the terms
and conditions of Permit No. 13498
heretofore issued by the State En-
gineer of the State of Idaho.

1. The name and postoffice address
of the person or corporation holding
said permit are Austin Corbin, 2nd
Spokane, Washington.

2. The use to which said water has
been applied is irrigation and do-
mestic.

3. The amount applied to bene-
ficial use is two (2) cu. ft. per second.

4. The place where said water is
used (if for irrigation, give full and
accurate description of the lands ir-
rigated) SW 1-4SW 1-4, SE 1-4 SW
1-4, SW 1-4 SE1-4, and SE 1-4 SE1-4,
Sec. 33, T. 53 N., R. 3 W. B. M.;
NE1-4NE1-4, NW1-4NE1-4 and NE
1-4NW1-4, Sec. 4, T. 52 N., R. 3 W.,
B. M.

5. The date of the priority which
said user is prepared to establish is
April 4th, 1918.

FRED A. WILKIE,
State Engineer.

Sept. 10 Oct. 1.

PERMIT No. _____

Proof of Application of Water to Beneficial Use**DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. *Austin Corbett^{2d} - 415 1/2 W. 7th Ave. S. P. House Wash.*
Kearns - P.O. B. 163 P. House - Wash.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. *acting for myself*

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. *13498 - 9 A.M. April 4-18.*

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. *Spring - S. 10° 40' E. 1605 feet distant from the N.W. cor*
of Sec. 3 T. 52 N. R. 3 W. 20. M. - in S.W. 1/4, N.W. 1/4, 3-57-3 Kentwai Co.
Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. *Dam - Ditches - Flumes & Pipe Line. Ditches & Flumes*
used only for distribution of water in the fields.
Dam - High 4' - length top 10' - length bottom 6' -
Pipe Line - wire wound wooden - 8" - 6" & 4"
new ft. per second

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. *Irrigation & Domestic S.E. 1/4, S.E. 1/4 33-53-3 + N.E. 1/4 4-52-3*
N.E. 1/4 N.W. 1/4 4-52-3 - actually irrigated about 40 acres
laying very irregularly in all above described pieces
Cultivated land.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. *only domestic for people and stock in addition*
to irrigation

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. *2 cubic feet per second.*

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. *issued to me originally*

134498

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. *This summer - domestic irrigation - from a second foot to practically none - using all the water the springs would furnish, which will be more during early spring.*

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. *None -*

(Sign)

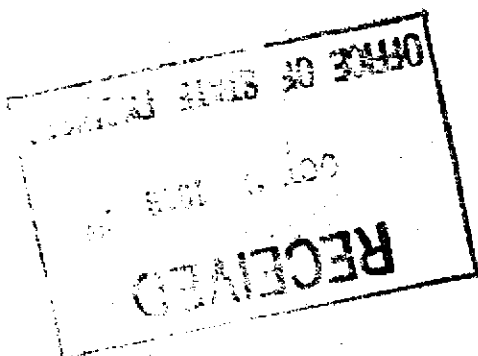

Austin Collier 2^d

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in *Spokane*, County of *Spokane*, State of *Washington*, on this *19th* day of *October*

State of Idaho,

County of Kootenai,

SS

W.R.Oldham, being first duly sworn, deposes and says:

Q. Are you acquainted with the holder of the above permit and if so give his name and Postoffice address?

A. Austin Corbin, Second, Spokane, Washington.

Q. When did he first start to appropriate the waters from this spring if you know?

A. About June 20th, 1918, is when we actually began to use the water through this system.

Q. State the use to which this water is applied?

A. Irrigating about 35 acres of alfalfa and domestic use.

Q. Give the legal descriptions of the land on which it is used by forty acre tracts?

A. SW $\frac{1}{4}$ of SW $\frac{1}{4}$, SE $\frac{1}{4}$ of SW $\frac{1}{4}$, SW $\frac{1}{4}$ of SE $\frac{1}{4}$, and SE $\frac{1}{4}$ of SE $\frac{1}{4}$, Sec. 33, Tp. 53N. R. 3, W. B. M. and NE $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 4, Tp. 52N. R. 3, W. B. M.

Q. The water will be used on all of these subdivisions from time to time as it is needed for irrigating on them?

A. Yes.

Q. State the amount of water actually used and which can be used through this system as installed?

A. Two second feet.

Q. The place from which the water is taken is Prickett Springs but the works have no particular name have they?

A. Yes, that is right.

Q. The water was appropriated and is used by Mr. Corbin under Permit number 13498?

A. Yes sir.

Q. Who owns the land on which the springs and all of the works are situated?

A. Austin Corbin, Second.

Q. Are you in his employ, and if so state in what capacity and how long you have been so employed?

13498

A.About twelve years in his employ and about ten years on this ranch as foreman and manager.

Q.Do you know the date from which he claims priority on this water?

A.9 A.M. on April 4th,1918,the date of filing this application for permit.

W P Oldham

Subscribed and sworn to before me this 13th day of October,1918.

RE WATER PERMIT NO.13498.

State of Idaho, |
County of Kootenai, |SS

Neil S.Coventry,being first duly sworn,deposes and says:

Q.Mr.Coverntry did you examine the completed work by Mr. Corbin from Prickett Springs?

A.Yes sir.

Q.DO you have a map showing that works?

A.Yes sir.

Q.Does this map which you attach to your affidavit show correctly the pipe line in cluding the size of pipe used in that work?

A.Yes Sir.(Map marked "Exhibit A" and attached to the affidavit)

Q.How much land was being irrigated by that water,and give description of it?

A.About 35 acres,part of same being in Lots one and two, Section Four,Township Fifty-two North,Range Three West,and part in South half of the Southeast Quarter Section Thirty-three,Township Fifty-three North,Range Three West.From the terminal of the six inch pipe there is a four inch pipe extending to the barns for domestic purposes.

Q.What is the capacity of that pipe line,as to how much water it will carry?

A.With the fall it has at full capacity it would carry two secondx feet.

Q.The works have been completed so that the water is now piped on the land capable of using all of the water appropriated for irrigation and domestic purposes?

A.Yes sir.

Q.The result of this work will be to irrigate the lands described in the application and furnish domestic water for the barns and houses on this place?

A.Yes sir.

13498

Q.You have made an examination of this work for the State Engineer and prepared a report for him?

A.Yes Sir.

Q.The works are all now completed and the water on the land and being used for irrigation and domestic purposes?

A.Yes sir.

Neil S. Coventry

13428

REPORT OF ENGINEER

This proof is for _____

In Water District No. _____

1. State name of applicant and number of permit: Austin Corbin, 2nd, 134982. State source of water supply: Prickett Springs3. Location of point of diversion: SW $\frac{1}{4}$ - NW $\frac{1}{4}$ - Sec 3, T. 52 N R. 3 W B.M.

4. Describe works as they exist, giving dimensions and capacities of same: Concrete intake near springs, then 5-33 feet 8" wooden pipe to point near section line, thence 6" pipe approximately parallel to section line (north) for 1470 ft, thence westerly with 6" pipe for 2347 ft, thence continue west with 4" pipe for 636 ft.

One 4" lateral pipe near section corner, 2-4" taps and 5-3" taps on pipe line. Capacity full flow 2 second feet

5. State whether or not water has been turned into works of diversion: It has.

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):

Sec. 4
Lots 1 and 2, T. 52 N R. 3 W, S $\frac{1}{2}$ - SE $\frac{1}{4}$, Sec. 33, T. 53 N. R. 3 W. B.M.

Lot 1 Sec. 4, 8 A., Lot 2 Sec. 4, 23 A.

SE $\frac{1}{4}$ - SE $\frac{1}{4}$ Sec. 33, 15 A., SW $\frac{1}{4}$ - SE $\frac{1}{4}$ Sec. 33, 25 A.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? One9. Give names and amount of each right: Austin Corbin 2nd, 2 Second feet10. What large stream would the water here appropriated finally reach? Water sinks, Spokane Valley

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream:

Various 3 in. valves to let water to fields, one 4" lateral pipe near section corner

Remarks: Not enough water to run to capacity in this dry spell

This examination was made on the 4th day of October 1918.

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at _____ a. m. on the _____ day of _____, 1918,
 at Coeur d'Alene, _____, County of Kootenai, State of Idaho,
 before Roger G. Wearne, _____, a Notary Public, proof will be submitted
 of the application to beneficial use of 2 cu. ft. cubic feet per second of the
 waters of Prickett Springs in accordance with the terms and conditions of
 Permit No. 13498 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Austin Cor-

bin, 1234 5th Ave., Washington.

2. The use to which said water has been applied is domestic and irrigation

3. The amount applied to beneficial use is 2 cu. ft.

4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ and the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$, and the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ the SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Sec. 33, and 22 acres in NE $\frac{1}{4}$ of NE $\frac{1}{4}$ and 25 acres in ~~NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of sec. 34~~ ^{40 acres} NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of sec. 34, in T $\frac{1}{2}$ 52, N. R. 3, W. B. M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is unimproved

6. The right to take water from such works is based upon Permit No. 13498.

7. The source of supply from which such water is diverted is Prickett Springs
located in SW $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 3, T. 52 N. R. 3, W. B. M.

8. The date of the priority which said user is prepared to establish is March 8, 1918.

Mr. Fred A. Wilkie
State Engineer,
Boise, Idaho.

Dear Sir:-

Re-application for Water Right permit No. 19298 to
permit No. 31298 to Austin Corbin, Second, in S. 3, T. 52,
N. R. 3, W. B. M.

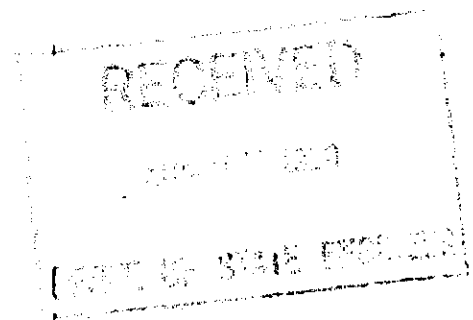

In this matter Mr. Corbin informs me that he has
completed the work provided for in the application for
permit and has now put the water into the beneficial use
therein provided for. He desired to make his final proof
and wishes you would send me the necessary papers for him to
sign. Also kindly advise what further you will desire done
in making the proof.

The notice of the intention to make final proof can
be published in the Journal in Coeur d'Alene if satisfactory
to you as this is the paper which is most likely to give
notice to all parties concerned.

Yours very truly,

Ezra R. Whitla

April 2, 1918.

State Engineer,
Boise, Idaho.

Dear Sir:-

Herewith application of Austin Corbin, 2nd.,
for permit to take water from springs in section ~~3523~~ W.
which application has been amended per your request of
March 8th. I am also inclosing you the two maps as
requested together with my check for filing fees of \$1.50
and think that in all things the application as it now
is conforms to your requirements and wish you would advise
of your acceptance and approval thereof.

Yours very truly,

Ezra R. Whitla

P. S. Kindly send me some more blank applications as
I expect to use some more in the near future.

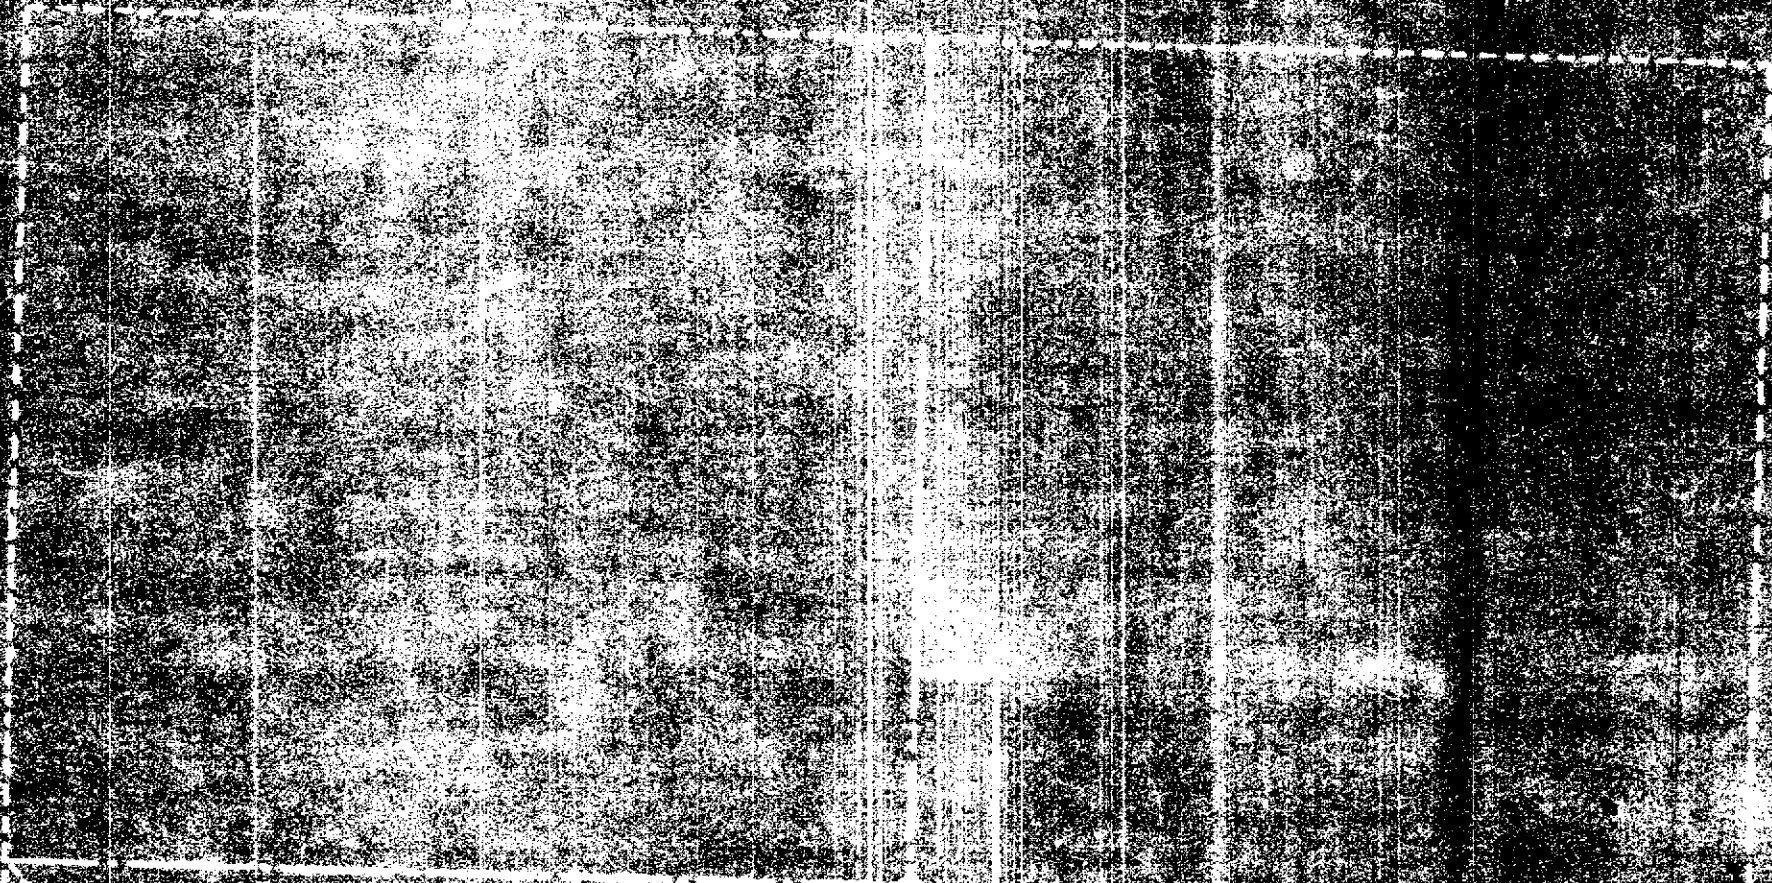

E. R. W.
