Dear Mr. Overland:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. 30803. The proofs are to be made at 10:00 o'clock A.M., on the 15th day of November, 1965, before Dorothy Norton, Federal Judge, Sandpoint, Idaho Notary Public.

As of this date, we have mailed the Notice to the Sandpoint News Bulletin Sandpoint, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Mrs. Overland:

Receipt is acknowledged of your notice of proof and application of water to beneficial use as well as the affidavit of completion of works.

Inasmuch as you are advertising both completion of works and beneficial use for the above referenced permit, we will not require the affidavit for completion of works as it will be taken care of when the proofs are taken. Therefore, we are returning your check and the affidavit. The fees will be charged when the license is issued and will save you \$5.00.

RE: Permit No. 30803

Orren E. Overland
Rt 1
Sagle, Idaho

Dear Mr. Overland:

Under the terms of your Permit No. 30803 you are required to complete your diversion works on or before November 16, 1965. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

State Reclamation Engineer
