STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 30225This proof is for Completion of Works & Beneficial Use In Water District No. _____1. Name of applicant U. S. Forest Service2. Source of water supply: Un-named spring3. Location of point of diversion: Is in the _____ SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36T. 56 N. R. 2 E.B.M. County of Bonner

4. Describe works as they exist, giving dimensions and capacities of same: Spring box with 230'x4" GIP to a 15,000 gallon concrete storage tank. Then 2065'x4" GIP from storage tank to lowest fire hydrant. then tied into existing water system to Residences and Office + Bank house Bldgs.

5. Water is used for: domestic purposes6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

PLACE OF USE: NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 1, Twp. 55 N., Rge. 2 E.B.M.

The land spring is located on was purchased by Forest Service for spring only.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? ?Remarks: Gordon Cordes, Forester, along

Spring water does not reach Mosquito Creek. Permit #19155 is from Mosquito Cr. This water is contaminated. Has been discontinued for Domestic Use. It is still used for Irrigation + Fire Protection. This new permit is for a spring as ground purchased for the spring itself for Domestic purpose only. This is a new pipeline to the residence + Office Building from the spring.

This examination was made on the 12th day of September, 1963(Signed) Loyd Johnson Examiner.

Postoffice address: Sandpoint

County: Bonner

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bond to be issued:
- (d) Other resources:

2. Quantity of water claimed: 0.10

cubic feet per second.

3. Source of water supply: Un-named Spring

which is a tributary of Mosquito Creek

4. Location of point of diversion: N 44° 23' E, 902.09

feet distant from the Quarter

between

corner of Section 1, T. 55 N, R. 2 E., B.M., and Section 36, T. 56 N., R. 2 E., and is in the SW 1/4

of section 36, T. 56 N, R. 2 E, B. M., County of Bonner

5. Water is to be used for domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the 1/4 of Section of , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the of Section , T. , R. , B.M.

7. Estimated cost of works: \$8,000.00

8. Kind of works: Spring box discharging into storage tank discharging into 4" I.D. pipe terminating at Clark Fork Ranger Station Fire hydrant.

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom fee; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe 4 inches; length of conduit 0.44 miles.

Average grade per mile 367 feet.

12. The time required for the completion of such work is 1 years.

13. The time required for the complete application of the water to the proposed use is 0 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: Lic. 19155-19156 for 1915-1916

16. (a) Is reservoir to be used? **no** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

RE: Permit No. 30225

Millard C. Evenson
Forest Supervisor's Office
Sandpoint, Idaho

Dear Mr. Evenson:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. 30225 shows the storage tank and pipe line are capable of conveying 5 miner's inches, or 0.1 c.f.s. of water for domestic use.

Upon receipt of the statutory fees totaling \$10.00, completion of works fee \$5.00, and license and certificate of water right fee \$5.00, we will issue the Certificate of Completion of Works and License and Certificate of Water Right, confirming the right, with priority of September 29, 1961, to the use of 0.1 second foot of surface water with the point of diversion in the SW¹/₄SE¹/₄, Sec. 36, T. 56 N., R. 2 E., B.M. from an unnamed spring for domestic use in the NE¹/₄NW¹/₄, Sec. 1, T. 55 N., R. 2 E., B.M.

Notary Public for Idaho,
Residing at Sandpoint, Idaho.

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

NOTICE is hereby given that at 2:00 P.M., on the 27th day of September, 1962, at Sandpoint, County of Bonner, State of Idaho, before Gordon W. Cordes, Notary Public at Supervisor's Office, Kaniksu National Forest, proof will be submitted of the completion of works for the diversion of 0.10 cubic feet per second of the waters of an un-named spring, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 30225, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: U. S. Forest Service, Sandpoint, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 0.10 cubic feet per second.

3. The use to which said water has been applied is domestic purposes, and the amount applied to beneficial use is 0.10 cubic feet per second.

4. The point of diversion of said water is N44 degrees 23' E, 902.09 feet distance from the south $\frac{1}{4}$ corner of section 36, T56N, R2E, B.M., in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 36, T56N, R. 2 EBM.

5. The place where said water is used is the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 1, T55N, R2E, B.M., Total 10 acres.

6. The date of priority which said user is prepared to establish is Sept. 29, 1961.

GEO. N. CARTER,
State Reclamation Engineer

Department of Reclamation

Permit No. 30225

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Millard C. Evenson, 631 Lakeview Blvd., occupation is Forester, post office address is Forest Supervisor's Office, Sandpoint, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. United States of America, through U. S. Forest Service, Sandpoint, Idaho. The title of my position is Forester. I am making this deposition as Acting Forest Supervisor.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 30225, 10-6-1961. Date of priority is 9-29-61.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source is an un-named spring which is tributary to Mosquito Creek. Point of diversion is N44°23'E, 902.09 feet distant from the south $\frac{1}{4}$ corner of Section 36, T56N, R2E, B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. A spring box discharging into a storage tank which discharges into a 4-inch pipe terminating at Clark Fork Ranger Station. The works are capable of carrying 0.10 cubic feet per second. The pipe is 0.44 miles long and the grade per mile is 367 feet.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic purposes at the Clark Fork Ranger Station in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 1, T55N, R2E, B.M.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Not a ground water permit.

30225

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Water is used for domestic purposes. It is piped to the Ranger Station and related dwellings.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.10 cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Permit was originally issued to the present holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water has been used since early 1962 for domestic purposes. The amount necessary to supply four dwellings and the Ranger Station is used 365 days a year.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Permit No. 19155 was issued on November 3, 1961. The works were completed October 4, 1941 and Proof of Beneficial Use made on November 21, 1941. The amount appropriated under permit is 0.25. This was the sole source of water at the Clark Fork Station between 1941 and 1961. Water is still used from these works for other than drinking purposes.

(Sign)

Millard C. Evenson

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Sandpoint, County of Bonner, State of Idaho, on this 27th day of September, A. D. 1962.

Department of Reclamation

PERMIT NO. 30225

**Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Don H. Kramer, 27 years old, residing at 327 St. Claire, employed as an
Administrative Assistant, Sandpoint, Idaho.

Ques. 2. Are you acquainted with the United States c/o Forest Service, the holder of Permit No. 30225? How long have you known him and where does he reside?

Ans. I have been acquainted with the Forest Service and Millard Evenson for six
years. Mr. Evenson resides at 631 Lakeview Boulevard, Sandpoint, Idaho.

Ques. 3. Have you read or heard read said Permit No. 30225, and are you familiar with its provisions and conditions?

Ans. I have read the permit and am familiar with it.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. A spring tributary to Mosquito Creek is the source. Diversion is made in
the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 36, T56N, R2E, B.M. Water flows from a spring box into a tank and
through a four-inch pipe to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I believe the works will carry 0.10 second feet and have seen the works operating at
full capacity.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Purpose of use is domestic. The water is used at the Clark Fork Ranger
Station located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 1, T55N, R2E, B.M.

30225

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water is used for domestic purposes.

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen water being used during stops at the Clark Fork Ranger Station.
I have seen water being used from taps in the buildings and observed lawns being sprinkled.

(Signed)

Don H. Kramer

Re: Permit No. 30225
Your No. 5650

Mr. John D. Beebe, Forest Supervisor,
U. S. Department of Agriculture,
Kaniksu National Forest,
Sandpoint, Idaho.

Dear Mr. Beebe:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 30225. The proofs are to be made at 2:00 o'clock P.M., on the 27th day of September, 1962, before Gordon W. Cordes, Supervisor's Office, Kaniksu Nat'l. Forest, Sandpoint, Notary Public.

As of this date we have mailed the Notice to the Sandpoint News Bulletin, Sandpoint, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

Re: Permit No. 30225

Date:

Aug. 1, 1962

U. S. Forest Supervisor
Kariakou National Forest
Sandpoint, Idaho

Dear Sir:

Under the terms of your Permit No. 30225 you are required to make proofs of completion of works and application of water to beneficial use on or before Oct. 6, 1962.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-A in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point of points of diversion and the location of use or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-A.

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

George N. Carter
State Reclamation Engineer
Idaho Department of Reclamation
Boise, Idaho

Dear Mr. Carter:

Attached is an Application for Permit, two maps, and a purchase order covering the \$5.00 filing fee. This Application for Permit is one we previously submitted in connection with an application for amendment to the point of diversion under Permit No. 19155. This amendment was not approved and we are now making application for a new permit covering this spring.

In your letter of August 25, 1961, you asked if we would divert water from the spring and also Mosquito Creek, or from the spring only. We will divert water from both. The spring will provide a source of uncontaminated water for human consumption but we do not feel we can depend on it for all our needs. We still desire a Water License on Permit No. 19155.

You may retain the blue copy of the purchase order for your records. The other signed copy should be returned to us for processing this payment.

Very truly yours,

JOHN D. BEEBE
Forest Supervisor

NOTICE OF PROOF OF COMPLETION OF WORKS

APPLICATION FOR WATER TO BENEFICIAL USE

NOTICE is hereby given that at 2:00 P.M., on the 27th day of September, 1962, at Sandpoint, County of Bonner, State of Idaho, before Gordon W. Cordes, Notary Public at Supervisor's Office, Kaniksu National Forest, proof will be submitted of the completion of works for the diversion of 0.10 cubic feet per second of the waters of an un-named spring, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 30225, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation

holding said permit is: U. S. Forest Service, Sandpoint, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 0.10 cubic feet per second.

3. The use to which said water has been applied is domestic purposes, and the amount applied to beneficial use is 0.10 cubic feet per second.

4. The point of diversion of said water is N44 degrees 23' E, 902.09 feet distance from the south $\frac{1}{4}$ corner of section 36, T56N, R2E, B.M., in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 36, T.56N., R. 2 EBM.

5. The place where said water is used is the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 1, T55N, R2E, B.M., Total 10 acres.

6. The date of priority which said user is prepared to establish is Sept. 29, 1961.

GEO. N. CARTER,

State Reclamation Engineer
