REMARKS: This water right is not on one clearly defined spring. The source is a seep which covers an area 100' x 360' between the dam and Trail #134. A center line of this seep is on a bearing of 95° from the dam, and the seep converges to a single stream a few feet above the dam. The dam and pipe line was installed and in operation in August 1957.

Gentlemen:

This acknowledges the Notice of Proof of ~~Completion of Work~~ Application of Water to Beneficial Use under Permit No. 29415. The proofs are to be made at 2:00 o'clock P.M., on the 16th day of August, 1961, ~~1959~~ before Ward R. Tifft, 211 Cedar St., Sandpoint,, Notary Public.

As of this date we have mailed the Notice to the Sandpoint News Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Dear Mr. Beebe:

Enclosed are two Forms 36A and Form 11 with instructions. Use of these forms now will complete the necessary proofs before the license can be issued. Also enclosed is Form 6 with instructions. Use of this form will complete the proof of completion of works and later it will be necessary to advertise for proof of beneficial use of the water.

Your request was for form to make proof of completion of works in your letter of March 15. The extra forms are included as you stated that the work was completed in 1957. Probably the water is being used at this time and use of Form 36A will eliminate one step in the proofs.
