ATTENTION: Joseph P. Delay

Dear Mr. Delay:

In response to your letter of April 20, 1971, please be advised that we do not have a procedure for changing the name of the permit holder under a licensed water right.

We have been advised by the Attorney Generals' office that once the water license is issued, any real property characteristics of the license becomes appurtenant to the real property described thereon. Therefore, after the license is issued, this vested water right can only be controlled by the present property owner.

Although we cannot officially process an assignment of a license, you could supply the Department with a letter stating the name and address of the correct property owner and this letter would be placed in the file for whatever purpose it may serve.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor
