Re: Application for Permit

Albert E. Welch

Sandpoint, Idaho

Dear Mr. Welch:

Returned herewith is the application for permit, you submitted to this office, for further information, fee and signature.

Kindly show the name of the town as part of your address. We have shown the amount of water as 0.92 cubic feet per second as that is the maximum amount allowable for 46 acres irrigated. The name of the source has been changed to what appears to be the correct spelling which is a tributary of the Columbia River. The kind of works appears to be a pump and sprinkler system and is so shown. You didn't answer Question 15 at the bottom of page 2, which we have answered "none". You completed one map. If you want a map returned, stamped approved, complete the second sheet.

Check over the changes, show the town which we hope is Sandpoint, sign the application on page 3, and return with the \$5.00 filing fee.

Very truly yours,

GEO. N. CARTER

Dear Mr. Welch:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the SANDPOINT NEWS-BULLETIN, all submitted in proof of completion of works and beneficial use on Permit No 28561.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

Dear Mr. Welch:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. 28561. The proofs are to be made at 10:00 o'clock A.M., on the 27th day of August, 19 64, before Dale Lee, 407 N. 2nd Ave., Sandpoint, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Sandpoint News Bulletin Sandpoint, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Mr. Walsh:

Returned herewith is the application for permit, you submitted to this office, for further information, fee and signature.

Kindly show the name of the town as part of your address. We have shown the amount of water as 0.92 cubic feet per second as that is the maximum amount allowable for 46 acres irrigated. The name of the source has been changed to what appears to be the correct spelling which is a tributary of the Columbia River. The kind of works appears to be a pump and sprinkler system and is so shown. You didn't answer Question 15 at the bottom of page 2, which we have answered "none". You completed one map. If you want a map returned, stamped approved, complete the second sheet.

Check over the changes, show the town which we hope is Sandpoint, sign the application on page 3, and return with the \$5.00 filing fee.
