Dear Mr. and Mrs. Boyle:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. 28006. The proofs are to be made at 4:00 o'clock P.M., on the 18 day of March, 1965, before R.A. Pepper, 109 1/2 N. 1st., Sandpoint, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Sandpoint News-Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Dear Mr. and Mrs. Boyle:

Under the terms of your Permit No. 28006 you are required to make proofs of completion of works and application of water to beneficial use on or before March 31, 1965.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-A in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-A

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.

Dear Mr. Boyle:

Enclosed are Forms 4-A, 28 and 29.

The proofs of completion of works and beneficial use of the water were due June 26, 1964. Your proof of completion of works must be supported by the depositions of two disinterested witnesses. You may apply for an extension of time to make beneficial use proof up to March 31, 1965 so that you will not lose priority under the permit.

We can probably accept a photo copy or a certified copy of the deed as an assignment of the permit. There is a fee of \$.50 for recording an assignment.

Be sure you and your witnesses read each of the questions on Forms 28 and 29 carefully and give full answers to each question.

Complete the forms and copy of deed and remit to this office at your earliest convenience with \$5.00 for the Certificate of Completion of Works. Form 4-A, application for extension of time must be in this office on or before July 24 or it cannot be approved.

I'm writing to inform you in regards to water permit no 28006 (Ray D. Alexander). I have purchased the property from Mr. Alexander and have completed the required work for the permit.

I wish to prove up on permit and have it recorded. I have been unable to contact Mr. Alexander or his wife since purchasing the property, therefore unable to have the assignment affidavit signed. I understand they have since gone separate ways.

It is written in the contract and deed that he relinquished all water rights to me. Could a photo copy serve the same purpose?

Please inform me of next procedure.

I am writing in regards to a water rights permit no. 28006, which was issued to Roy D. Alexander, on June 26, 1959. In December of 1959, I purchased the property of which the water rights permit is for, from Mr. Alexander. I am completing the work specified in the permit as I wish to retain the water rights. Of the six (6) acres designated I have water to 3 of them, which is more than the 1/5 of work to be done by Dec 26, 1961.

Dear Mr. Alexander:

Enclosed is your application for permit to appropriate 0.2 cubic feet per second of water from an un-named stream, a tributary of Johnson Creek, with attached check for \$5.00 filing fee.

You claimed 0.2 cubic feet per second of water to irrigate three acres of land and for domestic use. The maximum amount generally approved is 0.02 cubic feet per second for one acre of ground or for domestic use. You show three acres irrigated and domestic use, making a total of 0.08 c.f.s. allowable. You could show more land to be irrigated.

State Statutes require two sketch maps with each application whereas you sent only one.

The application must be signed on page three by the applicant or his agent.

The time for proof of completion of works has been increased to 5 years. You may make your proofs at any previous time. Forms will be sent to you on request.
