Dear Mr. Tenney:

Returned herewith is your check for \$12.00 which you remitted in response to our letter of September 25, 1963; also enclosed are Forms 10 and 11, with instructions.

The Attorney General has since ruled that proofs can only be accepted according to information in the legal notice.

The legal notice under your permit noted above shows the place of use as SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 21, T. 56 N., R. 2 W. The examiners report shows you have irrigated 3 acres in that subdivision, 32 acres in NW $\frac{1}{4}$ NW $\frac{1}{4}$ and 5 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$, said Section 21. Your deposition shows irrigation of 40 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 21.

We can issue you a Certificate of Completion of Works showing 0.5 cubic feet per second, for irrigation of SW $\frac{1}{4}$ NW $\frac{1}{4}$, said Sec. 21, upon receipt of the \$5.00 fee and and Certificate and License of Water Right for 3 acres upon receipt of a \$2.00 fee. We can record the amendment to the land list you submitted which shows irrigation of NE $\frac{1}{4}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ NW $\frac{1}{4}$, said Section 21, upon receipt of the \$1.00 fee, which you included in the check returned herewith. Total of above fees if \$8.00.

You can complete Form 10, for irrigation of N $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 21, T. 56 N., R. 2 W. and make late proof of beneficial use of the water on that land. The priority of the water right will be advanced the length of time the proofs are late.

Dear Mr. Tenney:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-27180 shows the well is (are) capable of conveying 25 miner's inches, or 0.50 c.f.s. of water for the irrigation of 40 acres.

Upon receipt of the statutory fees, totaling \$ 11.00, which consists of a Completion of Works fee of \$ 5.00 and License and Certificate of Water Right fee of \$ 6.00 - based at the rate of \$2.00 for each 40-acre subdivision - we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of December 23, 1957 to the use of 0.50 second feet of subterranean water with the point of diversion in the SW 1/4, Sec. 21 for irrigation of 40 acres in the NE 1/4, W 1/4, Sec. 21, T. 56 N., R. 2 W., B.M.
