RE: Permit No. 26533

Mr. Andrew W. Holmes
Star Route
Sandpoint, Idaho

Dear Mr. Holmes:

From your letter of January 9, there seems to be some misunderstanding in regard to the \$5.00 Money Order mailed in by you on July 20, 1957 and received in this Department July 23.

On the date of July 23, 1957, we acknowledged receipt of your letter with the \$5.00 Money Order enclosed and one week later we received a note from you requesting a Form for filing on a Spring and that same day we mailed the Form and in the letter we stated, "We are holding your Money Order in the amount of \$5.00 for filing fee."

On August 29, 1956, the Application for Permit was received in this Department and was approved September 24, 1956, and departmental receipt No. 26163 was issued for the \$5.00 filing fee. On October 10, 1956, Permit No. 26533 and also the departmental receipt were mailed to you.

Two Proofs are required to complete each filing, namely - Completion of Works Proof and Beneficial Use Proof. According to the terms of your Permit both of these Proofs were due September 24, 1957.

There is a statutory fee of \$5.00 for the Certificate of Completion of Works on a Permit of one (1) c.f.s. which should accompany the Proof of Completion of Works (Form 6) and this is the fee requested in our letter of December 30, 1957.

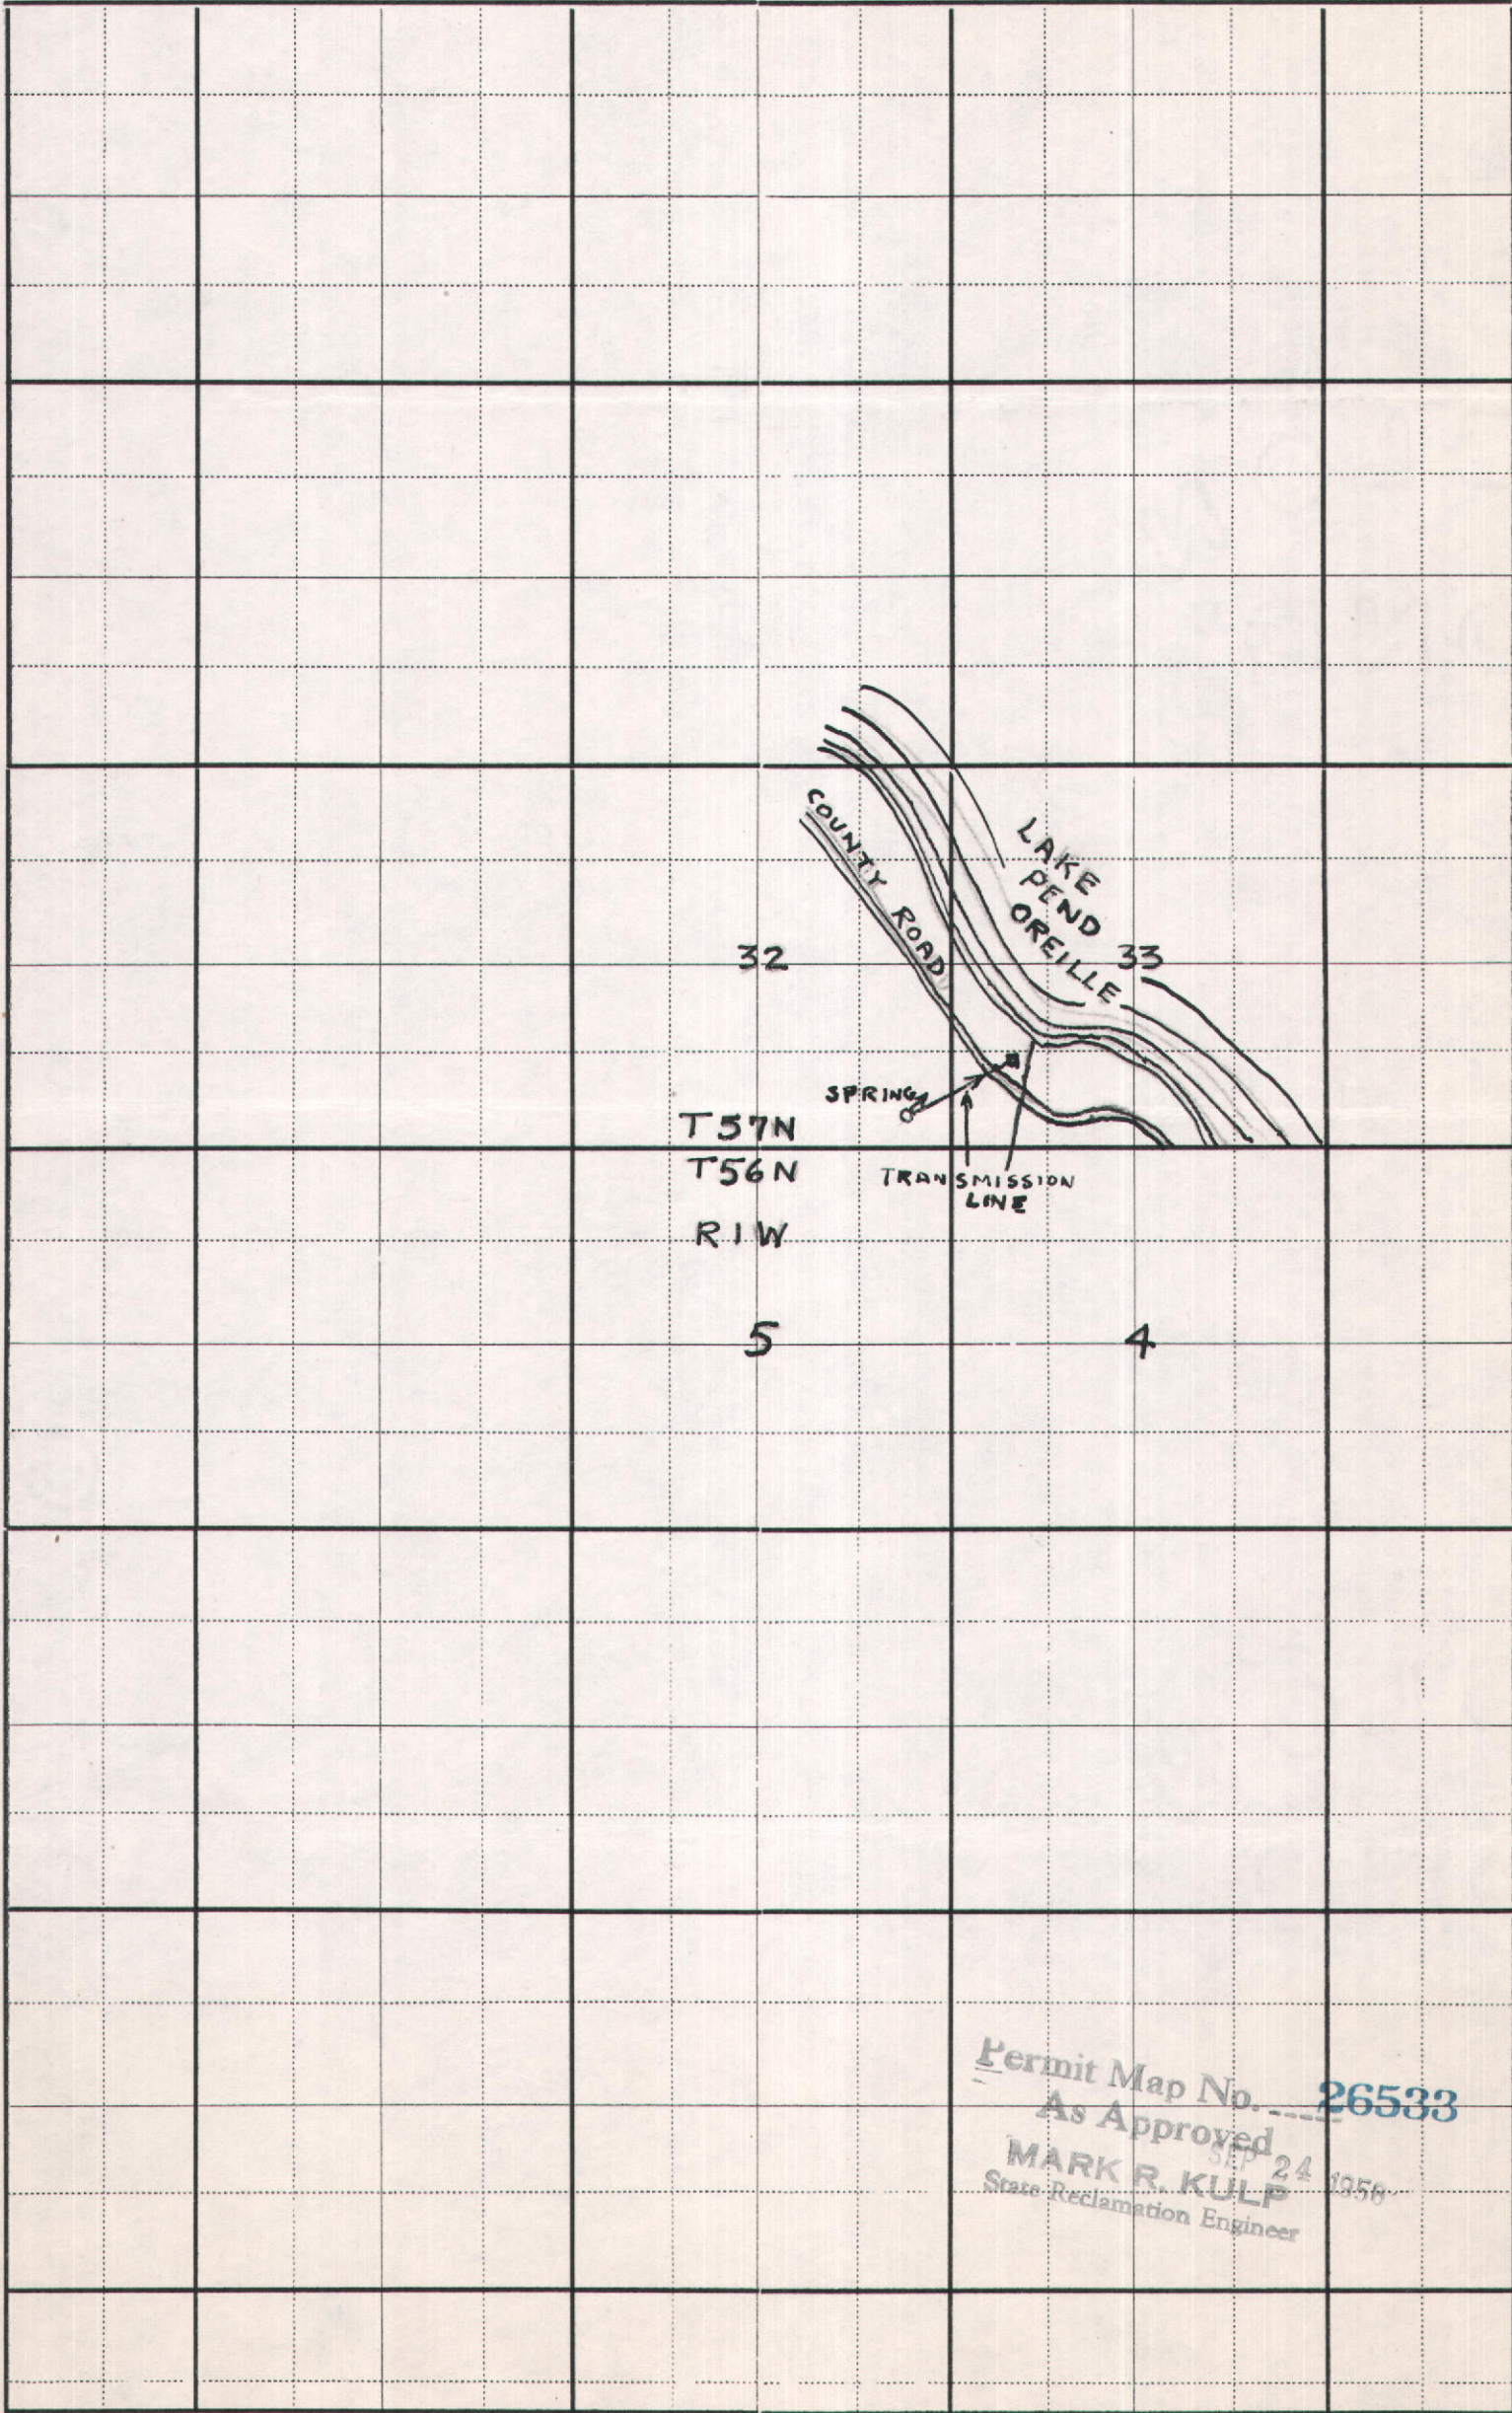

We trust this letter will clarify the request for the additional \$5.00 fee and that it will be forthcoming.

Very truly yours,

Dear Mr. Holmes:

Statutes requires a field inspection in connection with the proofs on Permit # 26533 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Wednesday, May 28th,

After noon.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Dear Mr. Holmes:

We wish to refer you to our office letter of January 17, 1958, of which we have had no reply. The January 17th letter states as follows, -

" We wish to acknowledge receipt of the Proof of Completion of Works on the above numbered permit. This completes your proofs on said permit, however, in both proofs you state that the location of the spring is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 33. On the original permit the point of diversion was given and substantiated by sketch-maps showing that the spring was located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 32, Township 57 North, Range 1 West.

Providing the spring is located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 33, your permit will need an amendment which we are enclosing herewith, partially filled out. Kindly complete same and return to this department.

On the original permit it was stated that the water was to be used for domestic purposes only, however you state in your Completion of Works Proof that the water is appropriated and available for 40 acres of land described as the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 33, Township 57 North, Range 1 West.

From what you say on the original application, we do not think that there is water available for irrigation purposes, however, if there is water available for irrigation purposes, we wish that you would let us know and we will send you the proper amendment in order to amend your permit for irrigation purposes.

We would appreciate hearing from you in the near future."

Until we hear from you, we cannot record the Proof of Completion of Works or make a Certificate of Completion of Works.

RE: Permit No. 26533

Mr. Andrew W. Holmes
Star Route
Sandpoint, Idaho

Dear Mr. Holmes:

We acknowledge receipt of the Deposition of the Holder and two witnesses, also affidavit of publication in The Sandpoint News-Bulletin, all submitted in proof of beneficial use on Permit No. 26533.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

In checking the file of Permit No. 26533 we find that the proof of completion of works has been overlooked and we refer you to our letter of July 1, 1957.

We are enclosing a Form 6 for that purpose and request you to answer all of the questions and under the ninth question or "Remarks" please state that the works were fully completed on or before September 24, 1957.

Upon receipt of this proof of completion of works and the statutory fee of \$5.00 a Certificate of Completion of Works can, therefore, be issued.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Holmes:

We wish to refer you to our office letter of September 30, 1957 - "We are returning your depositions in regard to Proof of Completion of Works and Application of Water to Beneficial Use in connection with the above stated permit."

We also requested by said letter, 'to furnish this department with an affidavit from Mr. Cogswell, the Notary who notarized the depositions, stating the reasons why your deposition and those of the two witnesses were not taken and notarized on the date set in the publication notice. This affidavit should also state that Mr. Cogswell's office was open on the date set as shown in the publication notice and that no one appeared on or before said date and made any protest against the proofs.'

In order to protect your permit, we wish that you would return these depositions along with the requested affidavit as soon as possible.

Dear Mr. Holmes:

We are returning herewith your proof of application of water to beneficial use relative to the above captioned permit for the reason that we thought that you may need same in verifying the following.

The publication notice attached hereto states that at 10:00 A. M. on the 21st day of September, 1957, at Sandpoint, Idaho, of Bonner County, State of Idaho, before Dar Cogswell, Notary, proofs will be taken. We observe that your own proof, that of holder, was notarized before Mr. Cogswell on the 19th day of September 1957, and that of your two witnesses, their depositions were notarized on the 25th day of September, 1957.

For the reason that the enclosed depositions were not taken and notarized on the date set in the publication notice, it will be necessary that you furnish this department with an affidavit from Mr. Cogswell, the Notary, stating that his office was open on the 21st day of September and that no one appeared or issued any protest in regard to the proofs advertised in the enclosed publication notice.

So it will be necessary for you, as holder of said permit, to furnish this department with an affidavit stating why the affidavits were not sworn to as of the day that the publication notice signifies. It will also be necessary to show in your affidavit why the witnesses did not appear and sign their depositions on the date as set out in the notice of publication.

Please furnish the two affidavits requested and return to this department.

Dear Sir:

Under the terms of your permit No. 26533 you are required to complete your diversion works and make proof of beneficial use on or before September 24, 1957.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is September 24, 1957, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Dear Mr. Holmes:

In reply to your request we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the Application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 in the application.

We are still holding your money order in the amount of \$5.00 for the filing fee. However, as you will note from the pamphlet, the filing fee is at the rate of \$5.00 for the first second foot and 25¢ for each additional second foot or fraction thereof. Therefore, if you intend to file on more than one second foot, please enclose any additional fee that will be required.

Very truly yours,
MARK R. KULP

Dear Mr. Holmes:

We acknowledge receipt of your letter with the
\$ 5.00 Money Order enclosed.

We infer from your letter that you wish to make
an application for Permit to Appropriate the Public Waters
of the State of Idaho, but you do not say whether it is
for surface or underground water.

It will be necessary for us to have that inform-
ation since a different Form is required for each.

Please answer giving the necessary information
and the Application for Permit will be sent to you at
once.

Very truly yours,
