

State of Idaho

License and Certificate of Water Right

Water License No. 22952

Amount 0.86 c.f.s.

Water District No.

Priority August 5, 1952

THIS IS TO CERTIFY that RAY C. STEVENS
of Kootenai, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated August 5, 1952; that Permit No. 22952
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.2 second feet, was issued thereunder on October 7, 1957, showing that said works
were completed on the 17th day of September, 1957; and that on the 15th
day of August, 1963,

RAY C. STEVENS

of Kootenai, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of
Johnson Creek, a tributary of Pack River, for the purpose of Irrigation
, under Use Permit No. 22952 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
12 of Licenses at page 7753, on the 16 day of October, 1963;

The right hereby confirmed dates from August 5, 1952;

The Point of Diversion is located

in the NW 1/4 NE 1/4, Sec. 16, Tp. 58N, R. 1E, B. M. County Bonner

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.86 cubic feet per second.

Description and location of use:

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 22952

RECEIVED
OCT 1 6 1957
Department of Reclamation

Comes now RAY C. STEVENS and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. 22952.

That the point of diversion is described in said permit as being located
From Johnson Creek in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 58 North, Range 1 East, B.M.

That he now requests that the point of diversion be changed to a point
located From Johnson Creek in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 58 N, Range 1 EBM

That his reasons for desiring to make such change are as follows:

We made a mistake in filling out the previous forms

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Signed at Kootenai Idaho, this 14 day of October, 1957

Ray C. Stevens

Date of receipt at Department of Reclamation October 15, 1957

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby
approve the above and foregoing application for amendment to Permit to appropriate
the Public Waters of the State of Idaho, No. 22952. This approval constitutes
a new permit and is issued as an amendment to the original permit, to which it re-
fers and of which it becomes a part, and said application is approved only insofar
as the rights of others will not be adversely affected thereby.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 30696
PERMIT No. 22952
DISTRICT No.

1. Name of Applicant: RAY C. STEVENS

Postoffice address: Kootenai

County: Bonner

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(b) Treasury stock:

(d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

(2.2 Amendment)

2. Quantity of water claimed: 9.6

cubic feet per second.

3. Source of water supply: Rapid Lightning Creek and / tributaries- Johnson Creek and Flume Creek
which is a tributary of Pack River

4. Location of point of diversion: See Remarks

feet distant from the

corner of Section , T. , R. , B. M., and is in the

of Section , T. 58 N. , R. 1 E. , B. M., County of Bonner

5. Water is to be used for Sprinkler irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 5,000.00

8. Kind of works: Pump, pipe and sprinkler system

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is Six (6) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None known

16. (a) Is reservoir to be used? None If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

RAY C. STEVENS : Applicant.

By _____ Agent.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans.

Permit No. 22952 August 5, 1958

Ques. 4. State source of water supply and give exact location of point of diversion. Johnson Creek.

Ans.

The point of diversion of said water is Johnson Creek NW 1/4 - NE 1/4, Sec 16,
Twp 58 N. Range 1 E.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans.

Pump (centrifugal) 5 inch discharge, 54 heads, 1/2 mi mainline
1/4 mi lateral each side. 22 cubic ft. stated by the dealer that set
the system in - 1 in. risers (one), 1 inch heads. 85 pounds. Pumped
direct from Johnson Creek

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans.

Cultivated hay land water 79 acres. acres in subdivisions
24-17-39 All land was in raw. has been cleared
and cultivated.
NE 1/4, NE 1/4 NW 1/4, SE 1/4 NW 1/4, Sec 16, T. 58 N - R. 1 E. B.M.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans.

no

22952

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Home use - pump for lawn and orchard -
Home 1 1/2" inlet and outlet 1/2 hp motor 1" and 1" out 1/4 hp motor

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 60 gallons per minute 40 gallons per minute

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. original

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. home - stock - lawn and orchard
home & stock continuous - lawn and orchard during summer months

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. no others

(Sign) Ray C. Stevens

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Sandpoint, County of Banner, State of Idaho, on this 15th day of August, A. STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 22 952

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Bert Higley 59 West Northside School Rapid
Lightning Creek Road. Farmer Ste. H. Sandpoint, Idaho

Ques. 2. Are you acquainted with Ray C. Stevens, the holder of Permit No. 22952? How long have you known him and where does he reside?

Ans. I came here 10 years ago and have known him since then.
He lives up the road up Lightning Creek in Bonner County, Idaho

Ques. 3. Have you read or heard read said Permit No. 22952, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Part of Section 16, Twp 58N Range 1 E diversion at
Johnson Creek, used for cultivated Hayland irrigation

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2.2 cubic feet I have seen all the system in operation and
it has 54 heads.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This is cultivated land all cleared by applicant and
is in Section 16. There are three subdivisions and
they are 24-17-29 acres. Originally was timber and
has been cleared and cultivated

22952

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Uses it for Household purposes - orchard and lawn has two pumps one has a 1-horse motor the other a 3/4-horse motor

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Was timber land that had been partially logged off. He needs the 2.2 cubic feet of water.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have known him and seen his operations there 10 years, have marked some on the property.

(Signed) Bert H. Gley

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Sandpoint, County of Banner, State of Idaho, on this 15th day of August, A. Re: Permit No. 22952

Mr. Ray C. Stevens,
Kootenai, Idaho.

Dear Mr. Stevens:

This acknowledges the Notice of Proof of ~~Application of Water to Beneficial Use~~ Application of Water to Beneficial Use under Permit No. 22952. The proofs are to be made at 10:00 'clock A.M., on the 15th day of August, 1963, before Wilma McArthur, Sandpoint, Idaho, Notary Public.

As of this date we have mailed the Notice to the Sandpoint News Bulletin Sandpoint, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Sandpoint News-Bulletin of Sandpoint, Idaho published in

the county in which the works are situated.

Bonner Co. ✓

Raye Stevens

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

22952

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M. on the 15 day of August, 1953,
at Sandpoint, County of Bonner, State of Idaho, before
Wilma McArthur, proof will be submitted of the
application to beneficial use of 2.2 cubic feet per second of the waters of
Johnson Creek in accordance with the terms and conditions of
Permit No. 22952 heretofore issued by the Department of Reclamation of the State of
Idaho.

The name and post office address of the person or corporation holding said permit _____

Ray C Stevens - Kootenai Idaho

The use to which said water has been applied is irrigation

The amount applied to beneficial use is 2.2 cubic feet

The point of diversion of said water is _____

Johnson Creek - NW 1/4 NE 1/4 Section 16, T58N, R1E

The place where said water is used (LEGAL DESCRIPTION) _____

NE 1/4, NE 1/4 NW 1/4 and SE 1/4 NW 1/4, Section 16, T58N
R1E

The date of priority which said user is prepared to establish is Aug 5 June 1953

CARL E. TAPPAN, Acting
State Reclamation Engineer

22952

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Re: Permit No. 22952

Date:

June 3, 1963

Ray C. Stevens
Kootenai, Idaho

Dear Mr. Stevens:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 22952 is due not later than August 15, 1963. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated - by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Very truly yours,

CARL E. TAPPAN, Assistant
State Reclamation Engineer

Subject: Ray C. Stevens
Kootenai, Idaho

Dear Sir:

We are unable to tell from our records if FHA borrower Ray C. Stevens of Kootenai, Idaho has completed the necessary requirements to secure the water right applied for under application Permit No. 22952 dated August 15, 1952. Mr. Stevens cannot locate in his records the actual license or correspondence relative to securing the license.

Since we hold a real estate mortgage on the land he proposed to irrigate, we would appreciate knowing the status of the water right.

Thanks for your cooperation.

Sincerely yours,

Dale R. Sanner
County Supervisor

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 22952

RECEIVED
OCT 16 1957
Department of Reclamation

Comes now RAY C. STEVENS and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. 22952.

That the point of diversion is described in said permit as being located
From Johnson Creek in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 58 North, Range 1 East, B.M.

That he now requests that the point of diversion be changed to a point
located From Johnson Creek in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 16, Township 58 N. Range 1 EBM

That his reasons for desiring to make such change are as follows:

We made a mistake in filling out the previous forms

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Signed at Kootenai Idaho, this 4 day of October, 1957

RE : Permit No. 22952

Mr. Ray C. Stevens
Kootenai, Idaho

Dear Mr. Stevens:

On July 30th, 1957, we wrote you acknowledging a Notice for publication on proof of completion of works on your permit No. 22952, which was to prove up on only 2.2 cubic feet per second of the waters of Johnson Creek and that on your Permit you had asked for 9.6 cubic feet per second. We therefore mailed you an amendment changing the quantity of water to 2.2 cubic feet and also your lands to be irrigated. We acknowledged receipt of the amendment by our letter of August 12, 1957.

The completion of works on this permit was due August 15th, 1957. If you will complete the enclosed Affidavit of Holder, sworn to by you before a Notary and returned to this department, without delay, accompanied by the statutory fee of \$5.00, a Certificate of Completion of Works can be issued you.

Very truly yours,

To Permit to appropriate the Public Waters
of the State of Idaho, No. 22952

U U AUG 6 1957 L
Department of Reclamation

Comes now Ray C. Stevens, and represents to the State
Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of
Idaho, No. 22952, and requests that the list of lands to be irrigated, as described in said
permit, be changed to read as follows:

NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 16, Twp. 58.N., Range 2.E.

Please amend my permit to read amount filed on in permit 9.6
cubic feet per second, to 2.2 cubic feet per second.

making a total of 110 acres.

That an additional amount of water is not asked for, and that the rights of others will not be ad-
versely affected by such change.

Signed at Kootenai Idaho this 3rd day of August, 1957.
Ray C. Stevens

Date of receipt at office of Department of Reclamation August 6, 1957

APPROVAL OF STATE RECLAMATION ENGINEER

I, MARK R. KULP, State Reclamation Engineer of the State of Idaho, hereby approve
the above and foregoing application for amendment to Permit to appropriate the Public Waters of
the State of Idaho, No. 22952. This approval constitutes a new permit and is issued as an
amendment to the original permit, to which it refers, and of which it becomes a part, and said appli-
cation is approved only insofar as the rights of others will not be adversely affected thereby.

Mark R. Kulp 22952
State Reclamation Engineer

July 30, 1957

Re: Permit No. 22952

Mr. Ray C. Stevens
Kootenai, Idaho

Dear Mr. Stevens:

This will acknowledge receipt of Notice of Publication to be published in the Sandpoint News Bulletin for the Completion of Works on the above captioned permit.

In connection with the publication notice, we see that you are only proving up on 2.2 cubic feet per second or 110 miners inches from the waters of Johnson Creek and not proving up on the balance of 9.6 cubic feet per second which includes waters from Rapid Lightening Creek.

For the reason that you are not proving up at this time on the 9.6 cubic feet per second as filed on under the permit and to avoid the cost to you of publication in the paper, we are enclosing herewith an application for amendment to Permit No. 22952 changing the place of use to the NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ and the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 16, Township 58 North, Range 8 East. Also to amend said permit from the amount filed on of 9.6 cubic feet per second to 2.2 cubic feet per second.

This amendment will save you the cost of publishing the notice sent to this department in regard to making proofs on 2.2 cubic feet per second from Johnson Creek. Please sign and return to this department. We also wish to stat that we will be unable to give you any further extension of time in which to prove up on the remainder of said permit for the reason that we gave you the maximum time of five years for making proofs in the original permit. It will therefore be necessary for you to make a new filing on the balance of your water right when ever you think the time is necessary.

Very truly yours,

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the Sandpoint News Bulletin of Sandpoint Idaho published in the county in which the works are situated.

Ray C. Stevens
By Ray C. Stevens

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer

22932

Notice for Publication

Notice is hereby given that at 10:00 am M., on the 27th day of September
 19 57, at Sandpoint, County of Bonner, State of Idaho,
 before F.G. Harrell Agency, 300 $\frac{1}{2}$ N. First Ave. proof will be submitted of the completion of works
 for the diversion of 2.2 cubic feet per second of the waters of Johnson Creek

in accordance with the terms and conditions of a
 certain permit heretofore issued by the Reclamation Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is Ray C. Stevens

2. The postoffice address of such person or principal place of business of such corporation is
Box 173, Kootenai, County of Bonner, State of Idaho.

3. The number of such permit is 22952, and the date set for the completion of such work is
August 15, 1957

4. Said water is to be used for Irrigation purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water
 which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying
 the application for such permit, is 2.2 cubic feet per second.

6. The amount of lands for which said water is available is 110 acres, particularly described as follows:
Parts of NE $\frac{1}{4}$ and part of NE $\frac{1}{4}$ NW $\frac{1}{4}$ and part of SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 16, Township 58 North,
and Range 2 east.

Commissioner of Reclamation.

RE: Permit No. 22952

June 1, 1957

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Ray C. Stevens
Kootenai, Idaho

Boise, Idaho,

Dear Sir:—

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 22952.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before August 15, 1957. Upon receipt of the blank properly filled out, notice of publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

August 6, 1952

Re: Application No. 30696

Mr. Ray C. Stevens
Kootenai, Idaho

Dear Mr. Stevens:

We acknowledge receipt of your letter of August 4th, enclosing application for permit to appropriate 9.6 second feet of water from Rapid Lightning Creek, Johnson Creek and Flume Creek, accompanied by your check for the \$7.25 filing fee.

We return the application for the following corrections.

Please indicate, under Remarks, how much water is applied for from each separate stream, and upon which tract of land it is to be used.

We also note that you describe the point of diversion from Rapid Lightning Creek as in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 16, but sketch map seems to show it in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ -- Which location is correct?

Also the application states that the point of diversion from Flume Creek is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and each 40 acre tract in the S $\frac{1}{2}$ N $\frac{1}{2}$ Section 14. Does that mean that you are using a portable pump, which can be moved from one place to another?

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Department of Reclamation

Dear Sir:

The water we ask for is
as near the point of diversion
as we can get it without
actual measurement. We
also have more land where
we can use water for pasture
at a later date.

Sincerely

Ray P. Stevens

22952

July 31, 1952

Mr. Ray C. Stephens
Kootenai
Idaho

Dear Mr. Stephens:

In reply to your letter of July 28, 1952, we enclose a form of application for permit to appropriate the public waters of the State of Idaho together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A.M. on the day of August, 1963, at Sandpoint, County of Bonner, State of Idaho, before William McArthur, proof will be submitted of the application to beneficial use of 2.2 cubic feet per second of the waters of Johnson Creek in accordance with the terms and conditions of Permit No. 22952 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and post office address of the person or corporation holding said permit, Ray C. Stevens, Kootenai, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 2.2 cubic feet.

The point of diversion of said water is Johnson Creek, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 18, T58N, R1E.

The place where said water is used (LEGAL DESCRIPTION) NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 18, T58N, R1E.

The date of priority which said user is prepared to establish is Aug. 5, 1953.

CARL E. TAPPAN, Acting
State Reclamation Engineer
