PROOF DUE NOTICE

RE: PERMIT NO. 98-07611

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager

Dear Mr. and Mrs. Blank:

Re: Permit No. 98-7611

Returned is the Proof of Beneficial Use postcard submitted to this office on February 23, 1987.

New legislation affecting proof submittal caused the department to change the form and request a fee with each proof submittal. Enclosed is the new proof form along with instructions which indicate how much a fee will be based on the amount diverted.

Please review the information. If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

RITA I. FLECK
