Dear Ms. Fleck:

In reference to your letter of August 24 I do not have a well driller's report and the person who drilled the well is no longer in the business. However, I was able to contact him. His name is Ed Minden, and according to his records the well was drilled in September of 1980 but we don't know the exact day.

I hope that this information is sufficient for your needs. Please feel free to contact me if you have any more questions.

Sincerely,

PROOF DUE NOTICE

RE: Permit No. 98-7580

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1988. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this Department on or before the above described proof due date, or the permit will no longer be of any force nor effect.

Sincerely,

RITA FLECK
