Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

RECEIVED
JAN 11 1988

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

As per our phone conversation today regarding the Oates water right #98-07726 and the Albright/Dancer ammendment to water appropriation #98-07477 our contractor has pushed back our starting date until sometime in the fall due to the extensive flooding in Boundary County this year. We are in a holding pattern until he notifies us work can begin.

Dear Mr. and Mrs. Douthit:

Re: Permit Nos. 98-7476 and 98-7477✓

I received your letter of May 20, 1988. Hopefully, the following will provide a clear explanation of why a fee is required on Permit No. 98-7476.

As you know, I received proof of beneficial use forms for each of the permits on April 22, 1988. After reviewing the forms and files, I discovered that a fee is required for each proof submitted. Permit No. 98-7476 is for the diversion of water for domestic, stockwater and three acres of irrigation for a total diversion rate of 0.08 cfs. If the uses of water had been for domestic and stock only, no fee would have been required; but with the addition of irrigation, then the fee is based on the total rate of diversion. The total fee for Permit No. 98-7476 is \$50.

Consequently, that left no fee for Permit No. 98-7477 which is why I returned it. Since this permit is for irrigation with a diversion rate greater than 0.04 cfs, a fee is necessary. Enclosed is the proof form to be returned with the fee.

If I haven't explained this to your satisfaction or if you still have questions, please feel free to contact me again.

Sincerely,

Re: Permit No. 98-7476

Returned is the proof of beneficial use form submitted to this office on April 22, 1988. Also enclosed is an instruction sheet/fee schedule.

I know you submitted a proof form for permit No. 98-7477 with a \$50 filing fee. It is also necessary to submit a \$50 filing fee for the department to conduct the field inspection for this permit. The extent of use and rate of diversion is greater than those falling under the "no fee" requirement.

If you have any questions concerning this matter, please feel free to contact this office.

PROOF DUE NOTICE

RE: Permit No. 98-7477

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1988. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this Department on or before the above described proof due date, or the permit will no longer be of any force nor effect.

Sincerely,

RITA FLECK
Secretary/Records Manager
