Dear Mr. Irving:

We are returning your Check No. 92-9 (Money Order No. 680307) in the amount of \$20.00 and your Application for Permit.

In the interest of clarity, we have re-typed your Application with the following changes:

1. Item No. 4 - The amount of water listed is excessive for the uses for which it is intended. We have, therefore, given you the maximum amounts of water for 1 household and irrigation of 1.5 acres. (0.04 cfs equals approximately 18 gallons per minute.) If you can justify the use of more water than this, please advise.
2. Item No. 5.a. - The changing of Item No. 4 above, reflects a change in the total quantity of water to be appropriated.
3. Item No. 8.a.1. - The map indicates that the place of use is in the SWSW and the SESW.
4. Item No. 9.a. - We have indicated Clair E. Agar as the person owning the land at the point of diversion (well). If this is not correct, please change.

Please check the typed copy against the original Application, which is also enclosed, for any other corrections.

If everything is in order, please sign the Application and return it to our office with your \$20.00 money order.
