IN THE MATTER OF PERMIT NO. 98-7214	)	
	)	
IN THE NAME OF ELIGIUS WOLODKIEWITSCH	)	ORDER OF REINSTATEMENT
	)	
&/OR THERESE PARYS	)	

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 98-7214 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 98-7214 to appropriate the public waters of the State of Idaho with a proposed priority of JULY 29, 1977.

2. On APRIL 30, 1986 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on JUNE 29, 1986.

3. The license examination fee was not paid within one year of the date, and the permit lapsed for failure to pay the license examination fee.

RECEIVED

OCT 07 1991

4. The license examination fee was received on
OCTOBER 26, 1987, 484 day(s) late.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 98-7214 should be advanced 484 day(s).

ORDER

IT IS HEREBY ORDERED that Permit to Appropriate Water No. 98-7214 is reinstated.

IT IS FURTHER ORDERED that the date of priority of Permit No. 98-7214 is advanced to NOVEMBER 25, 1978.

Dated this 27th day of August, 1991.

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on June 30, 1987, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on April 30, 1986.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before August 28, 1987, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

A two feet high by six feet wide dam creates a small pond on Dobson Creek to draw water from. Two, 2" pvc pipes with a wire cage filter are inserted into the pond. Water gravity-flows to a total of 19 risers, one on one line and 18 on the other, which has one "T". The risers each have a drip line with a total of 330, 1/2 gallon per hour drippers ~~per line, totaling drippers in it~~

RE: Permit to Appropriate Water No. 98-7214

The Department mailed the original of the enclosed letter in an attempt to inform him that he was required to pay an examination fee on the above referenced permit. The letter was returned to the Department as undeliverable mail. Research of the records of the County Assessor reveals that you own property which may have been listed as the place of use in the permit.

Please read the enclosed letter. It may be necessary that you file an examination fee with the Department to prevent loss of a developed water right. Should we not hear from an interested party within sixty (60) days of the date of this letter, action will be initiated to remove the permit from the Department files.

Respectfully,

GARY SPACKMAN, Supervisor

Dear Permit Holder:

LAPSE NOTICE License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on June 30, 1987, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on April 30, 1986.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before August 28, 1987, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

Sincerely,

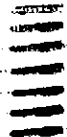

L. Glen Saxton

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

In the Matter of Protest Against Approval }
of Application for Permit No. 98-7214 }
in the name of Eliguis Wolodkewitsch &/or }
Therese Parys. }

NOTICE OF CONFERENCE
AND/OR HEARING

On July 29, 1977, Eliguis Wolodkewitsch &/or Therese Parys filed with the Department of Water Resources an application to appropriate the public waters of the State of Idaho. The Department received protest against approval of said application on August 31, 1977, from Laurence and Betty Holdeman.

The Department has set the matter of protest for conference and/or hearing for Wednesday, February 22, 1978, at 2:30 pm in the Commissioners Room in the Boundary County Courthouse, Bonners Ferry, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or the protestant may allow the Department without prejudice to dismiss the protest or the application. Any and all cost incurred be reason of such non-appearance may be assessed against such non-appearing parties.

Dated this 30 day of January, 1978.

State of Idaho Dept. of Water Resources,
Mr. Robert L. Haynes,
Dear Sir,

In the Herald, a paper published in Bonanza
County we see a notice of Application for water
permit that Eligius Holodkevitch & Theresse Poye
are applying to use water from Dobson Creek.
We have irrigation rights on Dobson Creek &
live upstream from where these people do.
About a month ago this man came to our
house & used very bad language because
the creek was not flowing as far as where
they live & we were irrigating our land
here like our water right permits us to.
To us this would show there is insufficient
water for the purposes intended.

If they ~~were~~ were content to use what
water came down there for them after
we used what we needed it's alright
with us. We don't want them to be angry
at us for using water. ~~perhaps~~ they understand
how it is & not think if they have a water
right we would have to not irrigate so
they could have water.

When Ray Gibbons lived here on this place
sometimes their irrigation pump shut off because
the water in the creek was too low & once down
the same thing so we don't believe there is
enough water for more water rights to be
given on this creek.

Sincerely

Lynne & Beth Holdeman

Dear Mr & Mrs Holderman,

Your protest against the approval of the above referenced application has been received and a copy has been sent to the applicant. The Department suggests you contact the applicant directly in an effort to determine what is proposed by the application and to attempt to resolve the protest.

If you do not advise us within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculation?
4. Has the applicant sufficient financial resources with which to complete the project?

If this office can be of any further assistance, please contact us.

Sincerely,
