Box 48

Gentlemen:

We are in receipt of an Assignment of the above referenced water rights.

In my review of the files, I find that licenses have been issued on permit Nos. 98-7089 & 98-7212. Also, right 98-4079 is a claim to a water right and not a permit.

I have enclosed a copy of each right for your records. Since in Idaho a licensed right and a claim to a water right are considered real property, the water rights were acquired when the property was purchased unless the sale specifically excluded the rights.

I have changed the department records to show you as the current owners of the rights. If we can be of any further assistance, please feel free to contact us.

Sincerely,
