Permit is for 1.0 AFA so this is in excess of permitted Amount.

H. REMARKS AND OVERLAP REVIEW ANALYSIS

Pond Actually provides wildlife water and nesting habitat for waterfowl. This permit allows for fish propagation, domestic & irrigation, but these uses have not been developed. PD & P.U are actually in SE SW rather than SWSE

Dear Sirs:

I am returning our application
for water Permit.

Just as I thought there are a few
things Roy has added that I didn't
think about.

(1) He not only wants the Pond for our
own Fish Pond. but also to irrigate 10
acres, which would be our garden &
orchard. in the future, if need be.

(2) There will be another home
Put on this same 40 or the one on
the West of our home by our son, Dan
Dunning, so have put in that we
will have two families possible
using this water.
Hope this is satisfactory
Sincerely yours
