Dear Mr. & Mrs. Hittle:

One of the conditions of approval of your water Permit No. 98-7146 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1976. Dear Mr. Hittle:

We are returning the two Applications for Permit you submitted for the appropriation of water from Ruby Creek and from the well.

We have taken the opportunity of typing the applications and have attached a copy of a map of the area. Please indicate on these maps where the well and house will be located. Also locate the point where water is to be diverted from Ruby Creek. It is possible that the source is Deep Creek rather than Ruby Creek.

On the application to divert water from Ruby Creek, we need to know how much water in gallons per minute you intend to divert, and also the number of acres you intend to irrigate.

After completing the above items, please sign and return both forms to our office along with the \$20 filing fee, and we shall begin their processing. Your assistance in this matter is appreciated.
