I have recently attempted to conduct an examination of your water system, but I have been unable to locate the pump and have only located one house.

Before a license for a water right can be issued, an examination must be made by a representative of this department. In view of this, I would appreciate an appointment with you for a specific time, at your convenience, to conduct the required examination.

If we may be of any further assistance, please do not hesitate to contact us.

Dear Mr. Wanner:

One of the conditions of approval of your water Permit No. 98-7115 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

John J. Wanner
Box 856
Bonners Ferry,, Idaho 83805

Dear Mr. Wanner:

One of the conditions of approval of your water Permit No. 98-7115 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
